Or Attend Virtually

Advancing HIV Care — Together

The American Conference for the Treatment of HIV® (ACTHIV®) is the nation's leading conference focused exclusively on strengthening frontline HIV care teams. Join us to access the **latest research, practical treatment strategies, and real-world tools** that elevate care for people living with or at risk for HIV.

To Register, visit: www.ACTHIV.org

Why Attend ACTHIV®?

- ✓ Hear from **leading clinical experts** in HIV care
- ✓ Gain **actionable insights** you can use immediately in your practice and with your team
- ✓ **Connect with peers** who share your commitment to improving health outcomes

Driven by Passion. Powered by You.

ACTHIV® Institute is fueled by volunteers — from our Advisory Board and Planning Committee to our Conference Faculty. Your registration and support keep this work going. *Thank you for helping us advance HIV education nationwide.*

ACTHIV® 2026: In-Person Learning with Real Impact

Our Planning Committee is committed to delivering an **exceptional onsite experience**. Participate in interactive sessions, hands-on learning, and professional networking designed to build knowledge and confidence.

Onsite highlights include:

- **Poster session** showcasing emerging research
- **Exhibit hall** with cutting-edge solutions
- **Satellite symposia** deep-dives
- **New Providers Track** — tailored for professionals newer to HIV care*
- Daily networking over **breakfasts, breaks, and lunches**
- **Welcome Reception** connecting attendees nationwide
- **CE Credit** available

**Note: The New Providers Track is available for in-person attendees in Atlanta only.*

Can't Travel? We've Got You Covered.

We recognize the demands facing today's healthcare workforce. If travel isn't feasible, you can **participate virtually** and still benefit from live education and expert-led learning.
