Substance Use within the LGBTQ+ Community: A Toolkit for Primary Care Providers (Focus on PrEP)

Thurs, October 23, 2025

12:00 - 1:00 PM

Register here!

LEARNING OBJECTIVES

1. Recognize the difference between substance use, at risk substance use, and substance use disorders.
2. Identify common complications associated with substance use within the LGBTQ+ community, including HIV prevention or progression of HIV infection.
3. Review harm reduction methods and counseling techniques for patients who drink alcohol or use cocaine or methamphetamine.
4. Describe treatment options for alcohol use disorder and stimulant use disorders that can be provided within the primary care setting.

Eric Kutscher, MD, MSc
Assistant Professor,
Icahn School of Medicine at
Mount Sinai

CME Accreditation/Certification:

The University of Rochester School of Medicine and Dentistry is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.
