

FIND YOUR RING SIZE

Print this page without scaling.

To verify that you printed it correctly, use a ruler to measure the scale here below. It should measure 1 cm.

————— This should measure 1 cm

To find your ring size, choose a ring you already own which fits the same finger on the same hand where you intend to wear your new Celine Roelens ring and place it on the circles below.

For proper fit make sure that the black circle is visible within your ring. That will be your ring size. To double-check, place your ring on the next larger size and you should not see the entire black circle.

A ring that has stones or a different shape may result in an inaccurate measurement.
