

REQUEST FOR ARTISTS PROPOSAL (RFP)

PUBLIC ART PROJECT IN CENTURY CITY

AUGUST 2020

OVERVIEW

The Century City Arts Foundation (CCAF) seeks proposals for a site specific original and durable public work of art. Artists are invited to submit a proposal for this exciting opportunity to provide an appropriately sized outdoor art piece to be displayed on an unused bridge base footing as part of the Century City Art Trail. Located in the middle of the Grand Canal opposite Canal Walk Shopping Centre, this permanent outdoor installation will be highly visible to the many pedestrians (residents, office workers, shoppers, walkers and joggers) in the area.

The CCAF, which has Public Benefit Organisation status, was formed with the aim of making Century City a destination for art. It aims to preserve, foster and communicate the arts in Century City by providing facilities, opportunities, a platform and a forum for both established and aspirant artists across all art genres.

As part of its initiative to enrich the urban environment of Century City for both visitors and residents, the CCAF, in conjunction with the Century City Property Owners' Association and the Rabie Property Group, has embarked on a multi-faceted programme of outdoor art works and educational exhibits.

The Century City Art Trail at this stage comprises 27 different art exhibits, predominantly outdoor. Some of these exhibits have been commissioned by various corporate citizens of Century City and executed by community-based and other artists. It also includes a number of scientific and technological exhibits. Pedestrian level information plaques have been erected to explain each piece.

Additional exhibits and partnerships are being sought so we can continually add to the excitement and experience of the Century City Art Trail.

GOAL

- To create a piece of original public art that recognizes and embraces the location's unique outdoor environment including the proximity to and interaction with water.
- To beautify and enhance the area for the benefit of all who pass by.
- To offer an interesting and exciting addition to the Century City Art Trail.

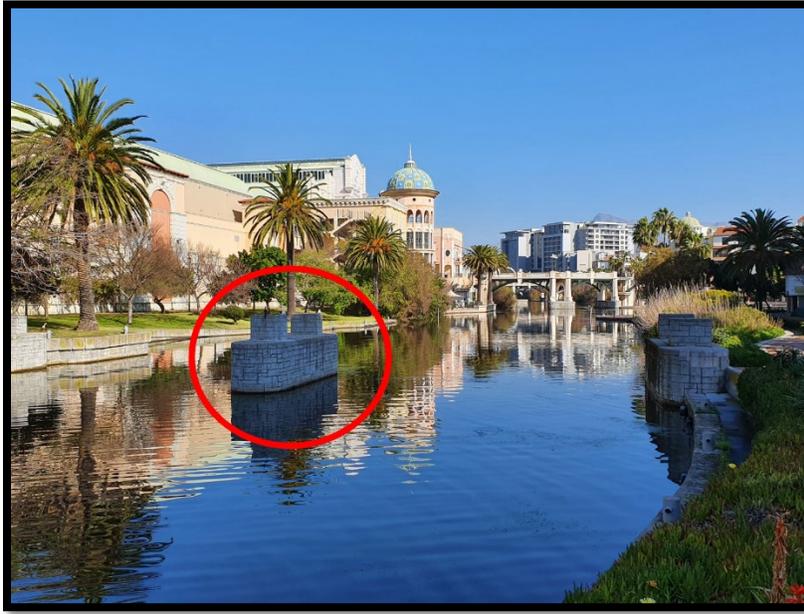

ARTIST ELIGIBILITY

The RFP is open to all artists or teams of artists interested in creating the public artwork, for completion preferably in the second half of 2020 or later by agreement.

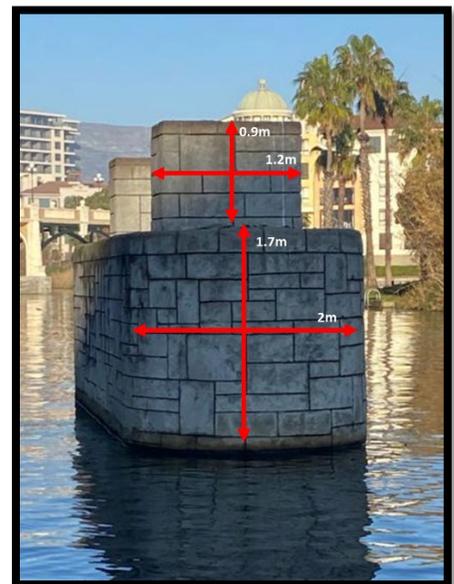

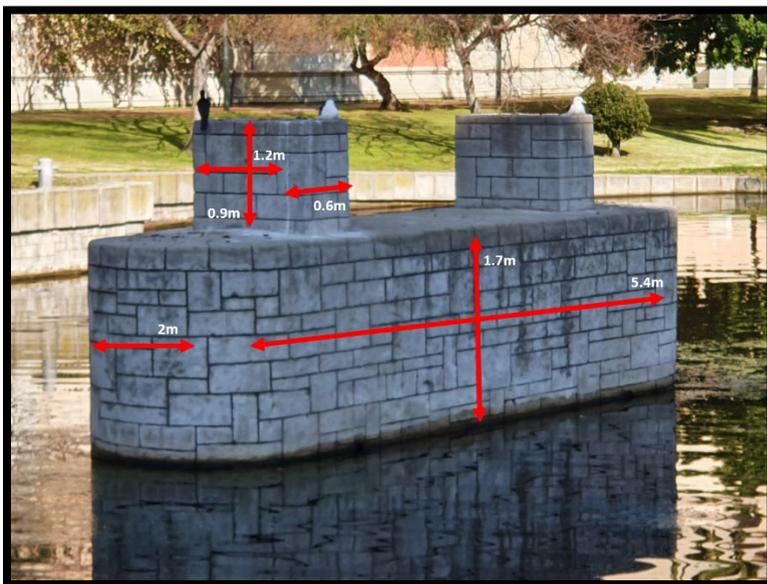

Artists with public art experience and reviewable portfolios are eligible. Community groups, youth and student artists can work with an eligible artist on the project.

SITE LOCATION AND SPECIFICATION

The space designated for the piece of urban art is the unused pedestrian bridge base footing rising out of the water in the middle of the Grand Canal between Canal Walk Shopping Centre and The Island Club/Manhattan residential developments. The work of art can be displayed on top and/or on the sides of the base footing and could include the base footing itself.

The dimensions of the bridge base footing are approximately as depicted in the images below. The concrete plinth is a very solid structure designed to hold the weight of a concrete pedestrian bridge. The side surface is plastered tiles over a concrete plinth and, if used, will require appropriate surface preparation.

The CCAF will make available a skiff utility boat to access the site. In addition, it will appoint, at its cost, a scaffolding contractor to erect an appropriate platform in the canal adjacent to the abutment for the use of the artist, if required.

PROJECT CONSIDERATIONS

- Develop a distinctive outdoor work of art that communicates and promotes the uniqueness of the site and the proximity to and interaction with water through the use of design, spaces, colour and subject matter for public viewing of all ages.
- Generate a work that is artistically engaging and sufficiently stimulating to ignite conversation, foster interaction and evoke appreciation by the general public.
- Design a work that fits within the context of the site (i.e. location, scale and theme).
- Take into account the activity on the water including passing small boats, canoes and SUP's as well as the impact of bird life in the area.
- Use materials of the highest quality, designed and fabricated for durability of at least 10 years, as well as for low maintenance. All materials and work methods need to be approved by the CCAF prior to commencement of work.
- Complete the project within an agreed period of time and within budget.
- Given the expected attention that this project will attract, artist agrees to participate in any press/media related opportunities as they arise including, but not limited to, print, radio/televised interviews and discussions/presentations, as deemed necessary by the CCAF.
- Artist will retain the ownership of design ideas submitted for consideration until a selection has been made and a contract signed between the artist and the CCAF. At that time, 100% of the ownership of the artwork produced, in whatever stage of completion, shall become the property of CCAF.

Additional Considerations:

- Artist will not be responsible for the general maintenance of the artwork.
- As part of the agreement, artist agrees to be available within 12 months after completion of services for consultation, if the need arises.
- Upon completion, the CCAF will retain all rights of ownership to the artwork, including the right to alter, repair or remove the work as needed. A good faith effort will be made to consult the artist about repairs, if needed, but the CCAF is not obligated to work with the artist to make repairs.

BUDGET

No specific budget is proposed, however, the artist's proposed budget will be a significant consideration in the final selection process. This RFP seeks proposals inclusive of all costs associated with the artwork, including, but not limited to, artist design fee, all materials, site preparation, installation labour, travel to and from the site, per diem expenses, project documentation, contingency to cover unexpected expenses and any other costs related to the artwork.

SELECTION PROCESS/CRITERIA

The trustees of the CCAF will comprise the selection committee for this project. The selection committee will review all completed proposals and may invite shortlisted artists for an interview. One artist may be selected for the commission.

The following criteria will be used in the selection process:

- Submission of all requirements as outlined in the RFP
- Proven ability to create distinctive artwork as exhibited by past work
- Quality/durability of product as exhibited by past work
- Originality, creativity and uniqueness of proposed artwork
- Experience working in public settings and public process
- Experience fabricating and installing permanent artwork suitable for the outdoor environment
- References provided as part of this application may be contacted prior to final selection
- Artist's proven track record/ability to complete the work on time and within budget
