CESeasy app

The CESeasy app is available for Android and iPhone. Simply scan the QR code to load down the app.

 The QR code is able to detect whether you are using an Android phone or iPhone, and refers you to the correct app.

CESeasy app "access"

If the scan does not work, please open the following link on your smartphone. The link is also able to detect whether you are using an Android phone or iPhone, and refers you to the correct app.

<https://ces.qr1.at/CESeasyApp>
