**Decision**
1. The System Council amends its 23 November 2016 decision on the approval of the 2017 System work plans and budgets (Decision reference SC/M3/DP4) in respect of the IIA’s 2017 work plan by placing on hold until further decision of the System Council, the following planned evaluations and/or activities:
   a. The external independent evaluation of IIA
   b. Preparation for a CGIAR System-wide evaluation

2. In addition, the scope of the IIA’s evaluation of CGIAR’s ISPC is reduced to facilitate the presentation of recommendations by the end of September 2017 to be considered for the redesign of the terms of ISPC; the reduced scope of the evaluation thus resulting in a reduction in the overall cost of the evaluation by US$ 120,000 (down from originally US$ 250,000 to 130,000).

3. The System Council delegates special authority to the SIMEC to discuss and agree with the Head of IIA and thereafter report to the System Council on the appropriate timing to launch work on the multi-year evaluation planning.
