The System Council:
1. Took note of the materials presented for deliberation at SC14 regarding the move to ensuring financial support for the new CGIAR Portfolio of Initiatives and Platforms under agenda item 6, and the discussion during the meeting on potential interlinkages with those materials and the agreements giving rise to the international organization status that Mexico grants to CIMMYT.  
2. Decided to:
   a. approve the proposed amendments to the CGIAR Glossary as set forth in Appendix 1 of document SC14-06 effective 1 January 2022, taking note that the amended CGIAR Glossary will not apply to the agreements entered into between the System Organization and those Centers and organizations that have not adopted One CGIAR unified governance; and  
   b. approve the proposed amendments to the CGIAR System Framework as set forth in Appendix 2 (revised) of document SC14-06 effective 1 January 2022, with that decision being to retain the definition of ‘Center’ as agreed from 1 July 2016 until the System Council otherwise may agree  
3. Recognized in respect of item 3.a that further amendments to the funding agreements between the System Organization and the Centers may be needed to better reflect the evolving operational modalities of One CGIAR, and that any such amendments will be carried out under the purview of the System Board.  
4. Requested that the Secretary of the System Council bring back to the System Council by not later than 1 February 2022, a proposal for approval by the System Council to update the definition of a CGIAR Center after further consultation with Mexico.  
5. Further noted that the System Organization has been requested by the System Board to make conforming changes to the Charter of the CGIAR System Organization to reflect the agreed amendments to the CGIAR System Framework, for presentation of the amended Charter for System Council electronic approval as soon as possible.

Pursuant to Articles 6.1 s) and u) of the CGIAR System Framework, the System Council:
   a. Approved the 2022-2024 CGIAR Portfolio and Designated Financing Plan ("2022-2024 FINPLAN"); and  
   b. Noted that an updated 2022-2024 FinPlan will be developed and presented in Q1 2022 based on a revised budgeting exercise and to reflect additional data points gained.

The System Council approved the appointment of the following membership of the Strategic Impact, Monitoring and Evaluation Committee to 30 June 2022, unless earlier determined by the System Council:
   a. Dougou Keita (African Development Bank)  
   b. Bethany Davies (Australia)  
   c. Ruben Echeverria (Bill & Melinda Gates Foundation)  
   d. Raphael Nawrotsky (Germany & Belgium)  
   e. Philip Chiverton (Sweden)  
   f. Alan Tollervey (United Kingdom of Great Britain & Northern Ireland)

The System Council approved the extension of the following persons as members of the System Council Intellectual Property Group with effect until 31 October 2022, noting that such persons serve in a personal capacity and not as a representative of any of the System Council’s constituencies:
   a. Aline Flower, Member (Associate General Counsel, Global Development, Bill and Melinda Gates Foundation) originally nominated by Bill and Melinda Gates Foundation; and  
   b. Bram De Jonge, Member (Seed Policy Advisor OXFAM/Wageningen University) originally nominated by EIAR.

The System Council appointed Sebastian Lesch, representative from Germany and Christophe Larose, representative of the European Commission as the non-voting Co-Chairs for the meeting, pursuant to Article 5.2 of the CGIAR System Framework.

The System Council adopted the Agenda as issued on 7 March 2022 (document SC15-01, Revision 2).

Whereas:
1. The 2022-2024 Investment Prospectus was approved by the System Council at its 13th meeting in June 2021;
2. The 2022-2024 CGIAR Portfolio and Designated Financing Plan ('2022-2024 FINPLAN') was approved by the System Council at its 14th meeting in December 2021, with the System Council noting at that time that an updated 2022-2024 FINPLAN would be developed and presented in Q1 2022 based on a revised budgeting exercise and to reflect additional data points gained;
3. A subset of 19 CGIAR Initiative proposals, and the indicative funding amounts for the full 2022-2024 Investment Prospectus (as set out in the initial 2022-2024 FINPLAN) were approved by the System Council at its 14th meeting in December 2021;
4. At the time of approval of the 19 CGIAR Initiatives proposals, it was agreed that: (a) the EMT would document how the observations and learnings from the ISDC moderated external review of the 19 Initiatives have been or shall be taken up over which timetable, as relevant, whilst continuing to ensure an overall coherent and cohesive CGIAR Portfolio for 2022-2024; and (b) an updated FINPLAN would be presented based on Funder designations for the full Prospectus.

The System Council:
5. Approved, pursuant to Article 6.1 q) of the CGIAR System Framework, the proposals for 12 CGIAR Initiatives to commence from 1 April 2022;
6. Acknowledged the critical need for designations of pooled funding for CGIAR to be provided by 18 March 2022 and for bilateral forecasting to be completed by the end of March. This is in order that a revised 2022-2024 FINPLAN can be developed, with decision-making by the System Board and the System Council to be completed by end-April 2022; and
7. Requested that revised ‘Initiative Briefs’ (to replace Initiative proposal documents) be prepared following the 6-month ‘inception phase’ of all CGIAR Initiatives, that build on strengthening undertaken in response to the advice of the Independent Science for Development Council.

The System Council:
1. Confirmed that the CGIAR 2030 Research and Innovation Strategy, together with its companion document the CGIAR Results Framework, is the successor to the CGIAR Strategy and Results Framework, with the latter being retired with retroactive effect from 31 December 2021, the end date of the former CGIAR Research Programs.
2. Requested that, as a transitional measure to future reporting on CGIAR’s contribution to the Collective Global 2030 Targets, the Executive Management Team present by mid-2023 aggregated data on the aspirational intermediate 2022 targets included in that earlier Strategy and Results Framework.

The System Council approved the content of the CGIAR Evaluation Framework and Policy, pursuant to Article 6.1 k) of the CGIAR System Framework.

The System Council endorsed the Evaluation of the CGIAR Platform for Big Data in Agriculture, taking into account the Management Response, pursuant to Article 6.1 ff) of the CGIAR System Framework.

The System Council approved, subject to the subsequent agreement by the World Bank as Trustee, the extension of the End Disbursement Date of the CGIAR Trust Fund under the CGIAR Trustee Agreement to 31 December 2030.
