Legal Agreements related to CGIAR Trust Fund

A. Purpose

This document presents the agreements and other legal documents that relate to the administration of the CGIAR Trust Fund (“Trust Fund”) and the administration and use of funding from the Trust Fund by the CGIAR System Organization (“System Organization”) and the Centers.

These documents were developed by a Legal Working Group\(^1\) consisting of Center representatives, Funder representatives and a representative from the System Organization and the Trustee, in consultation with System Council members and Centers.

They were approved by the System Council\(^2\) and/or the then titled System Management Board\(^3\).

B. Summary of the documents

1. Template Funding Agreement or Arrangement

The Funding Agreement or Arrangement is entered into between each Funder making contributions through the Trust Fund and the System Organization. It sets out the rights and obligations of the Funder and the System Organization with respect to the funding provided to the System Organization and Centers. In particular, it sets out requirements for the System Organization to ensure that the funding is used for its intended purposes.

The Funding Agreement or Arrangement consists of the following parts:

a. Template Funding Agreement or Arrangement Cover Pages\(^4\) (Appendix 1.1): setting out general terms applicable to the System Organization and the Funder. The Template Cover Pages can be modified as necessary to address specific Funder requirements, as long as the modifications do not conflict with the terms of the Standard Provisions (Appendix 1.3 as discussed below) and do not create additional obligations with respect to the use of the Funds.

---

\(^1\) The Legal Working Group was set up at the final transition meeting between Funders and Centers in Washington, D.C. in the week of 6 June 2016.

\(^2\) Decisions by the System Council on 17 February 2017 (SC/M3/EDP4)

\(^3\) Decisions by the then titled System Management Board on 22 February 2017 (SMB/M4/EDP2)

\(^4\) Submitted to the then titled System Management Board for information and approved by the System Council.
b. **Annex 1 – CGIAR Glossary** (Appendix 1.2): containing the defined terms used throughout all of the agreements. This CGIAR Glossary amends and fully restates the CGIAR Glossary approved by the former Fund Council on 5 April 2011 and the former Consortium Board on 5 May 2011, and subsequently endorsed by the System Council on 12 July 2016 and by the then titled System Management Board on 13 July 2016.

c. **Annex 2 – Template Standard Provisions** (Appendix 1.3): containing those terms that are applicable to the use of the funding provided through the Trust Fund. They set out requirements for, among others, the use and oversight of funds, reporting on funds, and prohibited uses.

In order to ensure consistency with respect to the administration and use of funds between the requirements set out in the Funding Agreements and the requirements set out in the downstream Financial Framework Agreements, the System Council and the then titled System Management Board approved one set of Template Standard Provisions. The template Standard Provisions are adjusted as set out in section 4 below depending on whether the Standard Provisions are attached to a Funding Agreement or a Financial Framework Agreement. In order to maintain consistency in the contracts with Funders and therefore consistency with respect to the requirements applicable to the funding, these Template Standard Provisions cannot be amended by individual donors. Any amendments would be made to the template document and would need to be approved by the System Council after consultation with the then titled System Management Board.

**The Form of the Window 3 Side Agreement or Arrangement** (Appendix 1.4), set forth in Schedule 1 of the Template Standard Provisions, serves as a required template for Funders wishing to provide funding to Window 3 of the Trust Fund and enter into agreements with Centers on the use of such funding. The Standard Provisions are incorporated into such Window 3 Side Agreements or Arrangements to ensure that all funding provided through the Trust Fund is subject to certain of the same terms and conditions. Funders are also able to incorporate their own terms as long as these are not inconsistent with the Standard Provisions. The purpose for a standardized document is to promote consistency across the System with respect to the terms that apply to the implementation of CGIAR Research with funding from the Trust Fund.

---

1 Approved by the then titled System Management Board and by the System Council, the glossary was subsequently updated pursuant to decision SC/M14/DP5 of the System Council taken on 16 December 2021.

2 Submitted to the then titled System Management Board for information and approved by the System Council.
2. **Template Contribution Agreement or Arrangement** (Appendix 1.5)
This is the template for the agreement or arrangement entered into between each Funder providing financial contributions through the Trust Fund and the World Bank as Trustee, and sets out the amounts and timing of the Funder’s financial contributions to the Trust Fund. It includes a Template of an Amendment/Modification for a Supplemental Contribution, and is similar to the documents entered into previously by Funders for the former CGIAR Fund.

3. **Trustee Agreement** (Appendix 1.6)
This is the agreement entered into between the World Bank, as Trustee, and the System Organization, which provides the terms and conditions for the administration of the Trust Fund.

4. **Examples versions of the Template Standard Provisions**

   Appendix 2.1 contains the Standard Provisions adjusted for attaching to a Funding Agreement as an example of how the Standard Provisions would look as part of the Funding Agreement between each Funder and the System Organization; and Appendix 2.2 contains the Standard Provisions adjusted for attaching to a Financial Framework Agreement as an example of how the Standard Provisions would look as part of the Financial Framework Agreement between the System Organization and each Center.

5. **Template Financial Framework Agreement**
This is the template for the agreement entered into between the System Organization and each Center and the one entity that will lead a platform as ‘Lead Center’ and which is not a CGIAR Research Center, namely the Global Crop Diversity Trust.

   The agreement sets out the terms and conditions for the use of the funding provided by Funders through the Trust Fund. It consists of the following parts:

   a. **Financial Framework Agreement Cover Pages** (Appendix 2.3): General terms applicable to the System Organization and the Center (or other Lead Center which is not a CGIAR Research Center).

   b. **Annex 1 – CGIAR Glossary**: as described above in section 1b.

   c. **Annex 2 – Template Standard Provisions**: as described above in section 1c.

   d. **Annex 3 – Form of the Decision Letter** (Appendix 2.4): This annex provides the template for the communication between the System Organization and the Centers informing the Centers of an approved CRP or Platform and the Indicative Funding and Annual Allocations for the approved CRPs and Platforms. The Decision Letters will be a part of the agreement between the System Organization and the Centers once issued.

Annex 3 CGIAR System Framework
Appendix 1.1

THIS FUNDING [AGREEMENT] [ARRANGEMENT] 1,2 (which consists of these Cover Pages the “Cover Pages”, and together with the CGIAR Glossary, Standard Provisions and CGIAR System Framework, the “Funding Agreement”) is entered into between:

(1) The CGIAR System Organization (the “System Organization”), an international organization with its headquarters in Montpellier, France; and

(2) [Insert name of Funder] (the “Funder”)

(each, a “[Party] [Participant]” and, together, with the System Organization, the “([Parties] [Participants]”).

INTRODUCTION:

(A) Centers, in close collaboration with CGIAR System Partners, and with funding provided by Funders through the Trust Fund or with Bilateral Funding, carry out CGIAR Research in support of the CGIAR Strategy and Results Framework.

(B) The System Organization facilitates and oversees implementation of the CGIAR Strategy and Results Framework.

(C) The System Organization entered into an agreement with the World Bank on the terms and conditions for the establishment and administration of the Trust Fund.

(D) Funders may enter into one or more Contribution Agreements to provide Contributions to the Trust Fund in support of the activities of the System Organization and for CGIAR Research through three alternative mechanisms: (a) Unrestricted Funding or Window 1; (b) research-program specific funding or Window 2; and/or (c) Center-specific funding or Window 3; or if no window is specified, the funding will be placed in the Provisional Account until a determination is made by the Funder at a later date.

(E) The [Parties] [Participants] wish to set out in this Funding [Agreement] [Arrangement] the terms governing the use and administration of the funding disbursed from the Trust Fund in support of the activities of the System Organization and for CGIAR Research.

1This Cover Page may be revised in the case of donors that require “arrangement” language to reflect appropriate terminology for making Funding Arrangements.

2 Specific Funder terms may also be added to this Cover Page as long as such terms do not affect the portions of the Contributions provided to Lead Centers and Program Participants and are acceptable to the System Organization and consistent with the CGIAR Framework, CGIAR Charter and Standard Provisions.
NOW THEREFORE, the [Parties] [Participants] [agree] [decide] as follows:

1. **Definitions**
   
   Capitalized terms not defined in this Funding [Agreement][Arrangement] have the meanings given to them in the CGIAR Glossary (Annex 1) as updated from time to time.

2. **Financial Contribution of the Funder**
   
   1.1 The Funder has entered or intends to enter into a Contribution [Agreement] [Arrangement] which will set forth the Funder’s Contribution to the Trust Fund.
   
   1.2 The purpose of the Contribution is to make funding available, on a coordinated basis, along with other Funders, to support the activities of the System Organization (including the System Costs) and for CGIAR Research carried out by Centers and CGIAR System Partners in support of the CGIAR Strategy and Results Framework.
   
   1.3 The System Organization will administer the funding from the Contribution in accordance with the terms specified in this Funding [Agreement] [Arrangement].

3. **Notices**

In addition, any information provided by the System Organization to the Funder under this Funding [Agreement] [Arrangement] relating to CGIAR Research, activities of the System Organization and other activities funded by the Contribution may be disclosed in accordance with the respective [Parties] [Participants]’ policies, procedures [insert where applicable] and/or applicable legislation on public disclosure of information].

5. **No Waiver of Privileges and Immunities**
   
   Nothing in or relating to this Funding [Agreement] [Arrangement] will be deemed to be a waiver of any privileges and immunities of the System Organization [insert where
6. **No Employee or Agency Relationship**

This Funding [Agreement] [Arrangement] is neither a contract for services nor a contract of service or employment. No provision in this Funding [Agreement] [Arrangement] creates or may create a joint venture, an association, or a partnership, employment or agency relationship, between the Funder, the System Organization, a Lead Center or any Program Participant.

7. **Suspension of Payment by Funder**

1.4 The Funder may at any time suspend payments to the CGIAR Trust Fund, wholly or in part, if funds from the Trust Fund are not used in accordance with any applicable Fund Use Agreement.

1.5 Before taking such action, the Funder will consult with the System Organization and the [Parties] [Participants] will endeavor to identify ways and means to manage the suspension, thereby mitigating impact on implementation of CGIAR Research until such time that the suspension may be lifted. Following such consultation, should the Funder wish to suspend payments to the CGIAR Trust Fund, it will notify the System Organization in writing, with a copy to the Trustee, of such decision to suspend such payments until such time that the Funder notifies the System Organization in writing, with a copy to the Trustee, to resume any such payments.

8. **Termination**

1.6 The System Organization or the Funder may terminate this Funding [Agreement] [Arrangement] upon 90 calendar days’ written notice.

In case of such request from such Funder, the System Organization will request the Trustee to calculate Funder’s pro rata share of the refunds made in the same manner that the Trustee calculates Funder’s Share as set out in the Trustee Agreement based on the Window identified by the System Organization as pertaining to the refunds.

9.1. **Reallocation of Returned Funds.** The System Organization will reallocate any portion of the Window 1, 2 and 3 Funds refunded to Window 1 of the Trust Fund which is not returned to Funders. STANDARD PROVISIONS

(Annex 2 of the Funding Agreement or Annex 2 of the Financial Framework Agreement)

Interpretation note:

These Standard Provisions will be adjusted accordingly depending on whether they are to be attached to an agreement between:

(i) The CGIAR System Organization (‘System Organization’) and a Funder (‘Funding Agreement’); or

(ii) An agreement between the System Organization and the Centers (‘Financial Framework Agreement’).

As the document is reviewed:

- **Green highlighted sections** are applicable to both agreements listed above;

- **Yellow highlighted sections** are applicable to the Funding Agreement (‘upstream’ agreement); and

- **Non-highlighted sections** are applicable to the Financial Framework Agreements (‘downstream’ agreement).

Therefore, reading the yellow and green sections together adapts the Standard Provisions for the Funding Agreement and reading the non-highlighted sections and the green sections together adapts the Standard Provisions for the Financial Framework Agreements.
STANDARD PROVISIONS

The following Standard Provisions set out the terms governing the use and administration of the portions of the Contributions transferred from the Trust Fund to support the activities of the System Organization and for CGIAR Research.¹

1. Responsibilities over the Window 1, 2 and 3 Funds

1.1. Window 1 and Window 2 Funds:

1.1.1. [Funding from Window 1 and 2 of the Trust Fund will be disbursed from time to time for the activities of the System Organization (including the System Costs) and for CGIAR Research.] [Funding from Window 1 and 2 of the Trust Fund will be disbursed from time to time for the activities of an approved CRP or Platform. The Lead Centers receiving such Window 1 and Window 2 Funds will make further disbursements of such funds to Program Participants for such CRP or Platform. Program Participants receiving such funds may also make further disbursements.]

1.1.2. [The System Organization will have fiduciary responsibility] [Lead Centers are responsible to the System Organization] for the use of Window 1 and Window 2 Funds [they receive] and will therefore:

a. ensure that the Window 1 and Window 2 Funds are used exclusively for their intended purposes;

b. ensure that the Window 1 and Window 2 Funds are administered, used and expended in accordance with the [CGIAR System Charter, the CGIAR System Framework and [the applicable Fund Use Agreements entered into by it] [this Agreement], including by taking corrective action with respect to Window 1 and Window 2 Funds not used in accordance with [the relevant Fund Use] [this] Agreement [or applicable Subagreement];

c. monitor, evaluate, and provide quality assurance and financial and performance reporting for activities funded by Window 1 and Window 2 Funds in accordance with these Standard Provisions.

1.1.3. [Participating Centers receiving Window 1 and Window 2 Funds from a Lead Center have the same responsibilities as set out above in paragraph 1.1.2 towards the Lead Center with respect to such funds.]

¹ As noted in the CGIAR Glossary, for the purpose of these Standard Provisions only, the term “Center” will also include any Lead Center that is not also a CGIAR Research Center.
1.2. Window 3 Funds.

1.2.1. Window 3 Funds are directed by Funders to individual Centers. Funders may designate specific amounts to specific Centers for use by the Centers; provided such funds are used to implement aspects of the SRF and provided further that such funds are used in accordance with CGIAR Policies. Designations of Window 3 Funds by Funders to Centers are not subject to review, allocation or approval by the System Organization [or the Lead Center of any CRP or Platform in which the Center receiving such Window 3 Funds is participating]. [Each Center will be responsible for the use of Window 3 Funds it receives.]

1.2.2. [A Center receiving Window 3 Funds is responsible for the use of such funds and will:

a. ensure that Window 3 Funds are used exclusively for their intended purposes;

b. ensure that Window 3 Funds are administered, used and expended in accordance with the applicable Fund Use Agreements to which it is a party, including by taking corrective action with respect to those funds not used in accordance with such documents;

c. monitor, evaluate as applicable, and provide quality assurance and financial and performance reporting for activities funded by Window 3 Funds in accordance these Standard Provisions Applicable to Centers.

d. should the Window 3 Funds be mapped to a CRP or Platform, continuously inform the Lead Center and the project management unit of such CRP or Platform of the receipt of any Window 3 funds and their use.]

1.2.3. The System Organization will not have fiduciary or programmatic responsibility over, or responsibility to supervise or monitor, Window 3 Funds.

1.2.4. The System Organization may, however:

a. upon request of a Funder providing Window 3 Funds and acting through the System Council, take corrective action vis-à-vis a Center in the event such Window 3 Funds are not used in accordance with the applicable Fund Use Agreements entered into by such Center; and

b. in consultation with the relevant Funder providing Window 3 Funds and the System Council, take corrective action vis-à-vis a Center in the event such Window 3 Funds are not used in accordance with the applicable Financial Framework Agreement entered into by such Center.

1.2.5. Nothing in the Funding Agreements or Arrangements is intended to preclude Funders and Centers from entering into Window 3 Side Agreements or Arrangements in regard to the terms governing the administration and use of Window 3 Funds. Should a Funder require

1 Lead Centers that are not Centers do not receive Window 3 Funds.
additional terms to govern the administration and use of Window 3 Funds other than those set out in these Standard Provisions, such Funder will enter into a Window 3 Side Agreement with the relevant Center. Any Window 3 Side Agreement or Arrangement will be consistent with these Standard Provisions and substantially in the form of Schedule 1 (Form of Window 3 Side Agreement / Arrangement) attached to these Standard Provisions, as may be amended through these Standard Provisions from time to time.

1.3 [General Provisions in Respect of the Contributions.

The Contributions, including the funds, assets and receipts thereof, held in the Trust Fund will be administered in accordance with the terms of the CGIAR Trustee Agreement and Contribution Agreements and Arrangements.]

2. [Financial Framework agreements] [Subagreements]

2.1. Application of Terms to Downstream Agreements. [The System Organization will require that all relevant terms and requirements set forth in the Funding Agreements are reflected in the Financial Framework Agreements. The System Organization will require the Centers to ensure that such terms and requirements are reflected in all Subagreements entered into with respect to the Window 1, 2 and 3 Funds. [Each Center will ensure that all relevant terms and requirements set forth in the applicable Fund Use Agreements entered into by it are reflected in any Subagreements it enters into with respect to the Window 1, 2 and 3 Funds.]

2.2. [Due Diligence. Each Center will conduct due diligence and review of the CGIAR System Partners to which it is disbursing funding from the Window 1, 2 and 3 Funds to the extent deemed necessary or appropriate by such Center.]

2.3. Cooperation. [The Financial Framework Agreements will specify that Centers are required to cooperate with the System Organization to ensure that the System Organization is able to fulfil its obligations under the applicable Fund Use Agreements entered into by the System Organization and will require that such term is reflected in all Subagreements entered into with respect to Window 1, 2 and 3 Funds.] [Program Participants are required to cooperate with the applicable Lead Centers and the System Organization as relevant to ensure that each Lead Center and/or the System Organization, as the case may be, is able to fulfil its obligations under the relevant Fund Use Agreements. Lead Centers are required to cooperate with the System Organization with respect to the same.]

15.3. [A Lead Center may, on its own without instructions from the System Organization, suspend transfers of Window 1 and Window 2 Funds to a specific Participating Center, wholly or in part, if there is a credible concern the Window 1, 2 and 3 Funds are not used in accordance with the applicable Fund Use Agreements or Subagreements entered into by such Participating Center.]

13. It is understood that the Window 3 Funds provided by the Funder to the Trust Fund and designated for the Center in the Contribution [Agreement][Arrangement] are consideration for this Window 3 Side Agreement.

14. between

CGIAR SYSTEM ORGANIZATION

and

INTERNATIONAL BANK FOR RECONSTRUCTION AND DEVELOPMENT,
AS TRUSTEE OF THE CGIAR TRUST FUND
Appendix 1.6

This AGREEMENT on the Terms and Conditions for the Administration of the CGIAR Trust Fund (the “CGIAR Trustee Agreement”) is dated effective as of _____________, 2016 and made between the CGIAR SYSTEM ORGANIZATION (the “System Organization”) and the INTERNATIONAL BANK FOR RECONSTRUCTION AND DEVELOPMENT (the “World Bank”), as trustee of the CGIAR Trust Fund (MTO No. 069033) (the “Trust Fund”) (the “Trustee”) (together with the System Organization, the “Parties”, and each, a “Party”).

WHEREAS:

(A) The System Organization is the international organization, governed by the Charter of the CGIAR System Organization (the “CGIAR System Charter”), with its organs being the System Management Board (the “System Management Board”) and the System Management Office (the “System Management Office”);

(B) The System Council is established under the CGIAR System Framework, as the strategic decision-making body, which keeps under review the strategy, mission, impact and continuous relevancy of the CGIAR System (as such term is defined in the System Framework), and the purpose of the CGIAR System is to advance agri-food science and innovation to enable poor people, especially women, to better nourish their families, and improve productivity and resilience so they can share in economic growth and manage natural resources in the face of climate change and other challenges;

(C) Those independent research organizations that are recognized as CGIAR Research Centers contributing knowledge, technical expertise and resources in support of the CGIAR Strategy and Results Framework under the CGIAR System Charter and the CGIAR System Framework (each such organization, a “Center”) recognize the benefits of collaboration in CGIAR Research (as such term is defined in the CGIAR System Framework) in general, and working jointly within, and as members of, the System Organization to achieve the goals of the CGIAR Strategy and Results Framework facilitated by the System Management Board;

(D) The System Organization will work with the System Council in accordance with the CGIAR System Charter and the CGIAR System Framework;

(E) The System Organization has requested the World Bank to establish a trust fund at the World Bank, as trustee, to receive contributions from Funders (as defined below) to provide funding for the activities of the System Organization and for CGIAR Research, and to administer such trust fund in accordance with this CGIAR Trustee Agreement; and

(F) The World Bank agrees to establish and administer the Trust Fund pursuant to the terms of this CGIAR Trustee Agreement and Contribution Agreements (as defined below).

NOW THEREFORE, the Parties hereto agree as follows:

1. Interpretation
1.1. All annexe(s) hereto constitute an integral part of this CGIAR Trustee Agreement, whose terms taken together shall constitute the entire agreement and understanding between the System Organization and the Trustee.

1.2. Unless the context otherwise requires, the several terms defined in the Preamble to this CGIAR Trustee Agreement shall have the respective meanings therein set forth when used in this CGIAR Trustee Agreement.

2. Establishment of the Trust Fund

2.1. The Trustee shall establish and administer the Trust Fund to receive financial contributions (each, a “Contribution”) from the Funders, and shall hold in trust, as a holder of the legal title, and administer the funds, assets and receipts that constitute the Trust Fund to provide funding for the activities of the System Organization (including administrative costs of the CGIAR System) and for CGIAR Research, in accordance with the terms of this CGIAR Trustee Agreement.

2.2. For the purpose of receipts of Contributions and transfers of Trust Fund funds, which shall be made in accordance with the provisions of this CGIAR Trustee Agreement and contribution agreements or contribution arrangements entered into between the Trustee and the Funders with respect to the Trust Fund (each, a “Contribution Agreement”), the Trustee shall maintain in the Trust Fund: (a) a window for Contributions that are not designated by Funders for any specific Center or research program (“Unrestricted Funding”) (the “Window 1”), (b) a window for Contributions for research program-specific funding (“Research Program-Specific Funding”)(the “Window 2”), (c) a window for Contributions for Center-specific funding (the “Window 3”, and together with the Window 1 and the Window 2, collectively “Windows” and each a “Window”), and (d) an account for any Contribution for which a Funder has not specified which window the funding will be designated (the “Provisional Account”).

2.3. The Trustee shall be responsible only for performing those functions specifically set forth in this CGIAR Trustee Agreement and Contribution Agreements and shall not be subject to any other duties or responsibilities to the System Organization, Funders or any other CGIAR participant, including, without limitation, any duties or obligations that might otherwise apply to a fiduciary or trustee under general principles of trust or fiduciary law. Nothing in this CGIAR Trustee Agreement shall be considered a waiver of any privileges or immunities of: (a) the World Bank under its Articles of Agreement or any applicable law, all of which are expressly reserved, or (b) the System Organization under any applicable law and agreements, all of which are expressly reserved.

2.4. The Trustee shall perform its functions under this CGIAR Trustee Agreement in accordance with the applicable provisions of the World Bank’s policies and procedures, as the same may be amended from time to time.

2.5. Unless otherwise specified in this CGIAR Trustee Agreement, any instruction, confirmation, information, or agreement permitted or required to be provided by, or to, the System Organization under this CGIAR Trustee Agreement shall be made through the System Management Office.
2.6. The Trustee may rely in good faith on any instruction, confirmation and information provided under this CGIAR Trustee Agreement in writing by the System Management Office, including the System Management Office acting for the System Management Board or the System Council, as the case may be, without further inquiry or investigation on its part, and will have no liability for relying in good faith on any such instruction or otherwise for any actions taken, or omitted to be taken, in good faith. In providing such instruction to the Trustee, the System Organization shall be deemed to represent and warrant to the Trustee that the System Management Office has all necessary approvals by the System Management Board and/or the System Council, to the extent applicable, to provide such instructions. The Trustee shall have no responsibility for any decision or determination made by the System Management Board, the System Council or the System Management Office under or in connection with this CGIAR Trustee Agreement.

2.7. The Trustee shall be fully indemnified, out of the Trust Fund resources, and held harmless by the System Organization, against any liabilities, claims, losses, costs and expenses, including attorneys’ fees and expenses, incurred by the Trustee in connection with or arising out of the performance of its role and responsibilities under this CGIAR Trustee Agreement. Such indemnity shall not include any liabilities, claims, losses, costs or expenses incurred by the Trustee as a direct result of its own gross negligence or willful misconduct.

2.8. If any proposed decision of the System Council or System Management Board is likely to affect the functions of the Trustee under this CGIAR Trustee Agreement, the System Management Office shall consult with the Trustee in advance, and the Trustee shall be invited to attend the relevant meeting of the System Council or the System Management Board, as applicable. For the avoidance of doubt, if any decision would modify the scope or manner of activities undertaken by the Trustee under and in accordance with this CGIAR Trustee Agreement, in no event shall the Trustee be automatically required to implement such decision unless it specifically agrees to do so.

3. Contributions and Contribution Agreements

3.1. The Trustee may receive Contributions to the Trust Fund from an entity that enters into a Contribution Agreement with the Trustee (each, a “Funder”) consistent with this CGIAR Trustee Agreement and the Trustee’s policies and procedures; provided that the Trustee reserves the right to reject a proposed Contribution to the Trust Fund, if receipt of such Contributions is not consistent with the World Bank’s policies and procedures. The Trustee shall inform the System Organization of any proposed Contributions to the Trust Fund which have been rejected by the Trustee.

3.2. Contribution Agreements shall be substantially in a form agreed with the System Management Office from time to time (following System Management Office’s consultation with the System Council and the System Management Board as appropriate), consistent with the terms of this CGIAR Trustee Agreement, and shall provide, among other things, that the Contributions from the Funders shall be administered by the Trustee in accordance with the terms of this CGIAR Trustee Agreement. The Trustee shall provide the System Organization with a copy of the executed Contribution Agreements.
3.3. Payments of Contributions by Funders may be made in any Holding Currency (as defined below) or in another freely convertible currency acceptable to the Trustee (such currency of payment, a “Contribution Currency”).

3.4. In the case of deposits of Contribution received in a Contribution Currency other than any Holding Currency, promptly upon the receipt of such amounts in cash (including cash received from encashment of promissory notes) and the accompanying deposit instructions, as required under the relevant Contribution Agreement, the Trustee shall convert such amount into the Holding Currency at the exchange rate obtained by the Trustee on the date of the currency conversion. If more than one Holding Currency is added to the Trust Fund, the System Organization and the Trustee shall agree to the procedures for determining which Holding Currency the deposits of Contribution will be converted to. Where deposits prove to be insufficient to complete activities as a result of exchange rate fluctuations, the Trustee will not be responsible for providing any additional financing.

3.5. Payments of Contributions by Funders may be made in cash, or if so agreed with the Trustee, by the delivery to the Trustee of a promissory note (or similar obligations) payable on demand, in a form acceptable to the Trustee (such mode of payment, a “Payment Method”). In the case of payment in cash, unless otherwise agreed with the Trustee and so specified in the Contribution Agreement, such payment shall be made by deposit in cash through a bank transfer into such account with such bank designated by the Trustee.

3.6. Contributions may be paid in one lump sum or in installments on terms acceptable to the Trustee (such payment schedule, a “Payment Schedule”).

3.7. Subject to Section 5 below, any amount of Contributions to the Trust Fund may be made to the Window 1, any research program-specific designation to the Window 2, any Center-specific designation to the Window 3 or the Provisional Account (such designation, a “Window Designation”).

3.8. If so approved by the System Council, the System Organization may send a written instruction to the Trustee, notifying that a certain sum (whether based on a percentage, fixed amount or otherwise) shall be retained from the amounts of Contributions deposited in Window 2 and/or Window 3, for transfer to the Window 1 for the purpose of cost-sharing of administrative costs of the System Organization (a “Cost-Sharing Portion”). If any such instruction is provided to it, the Trustee shall ensure to include the relevant amount of funds as Cost-Sharing Portion in the relevant Contribution Agreement in accordance with paragraph 3.9 below, and according to which the Trustee shall transfer the relevant sum to the Window 1.

3.9. Contribution Currency, Payment Method, Payment Schedule, Window Designation, Cost Sharing Portion shall be specified in the respective Contribution Agreement. The Trustee shall confirm those terms of Contribution with the System Organization before entering into a Contribution Agreement with a Funder.

4. Commingling, Exchange and Investment of the Contributions

4.1. The funds deposited in the Trust Fund shall be accounted for as a single trust fund and shall be kept separate and apart from the funds of the World Bank. The funds deposited in the Trust Fund may be commingled with other trust fund assets maintained
by the World Bank. The World Bank, in its capacity as Trustee, has legal title to the funds deposited in the Trust Fund.

4.2. The Trust Fund shall be maintained by the Trustee in the currency(-ies) set forth in Annex I (Holding Currency) attached hereto (a “Holding Currency”), as the same may be amended from time to time in accordance with paragraph 10.2 below.

4.3. The funds deposited in the Trust Fund may be freely exchanged by the Trustee into other currencies as may facilitate their administration as provided herein, at the exchange rate obtained by the Trustee on the date of the conversion.

4.4. The Trustee shall invest and reinvest the funds in the Trust Fund pending their transfer in accordance with the World Bank’s applicable policies and procedures for the investment of trust funds administered by the World Bank. The Trustee shall credit all income from such investment to the Window 1 of the Trust Fund to be used for any purposes provided for the Window 1 under this CGIAR Trustee Agreement.

5. Trust Fund and its Windows

5.1. Following receipt and identification of any deposits of Contributions, the Trustee shall, pursuant to this Section 5, assign and credit any amount of Contribution to the Window 1, Window 2, Window 3 or Provisional Account, according to the Window Designation(s) for the Contribution specified in the relevant Contribution Agreement.

5.2. With respect to the Window 1, the Trustee shall assign and credit to the Window 1:

(a) the amounts of Contributions, which are designated for the Window 1 under paragraph 5.1;

(b) the amounts retained from the relevant Contributions as the Cost-Sharing Portion for transfers to the Window 1 under paragraph 3.8 above;

(c) the amounts transferred from the System Organization, as the Cost-Sharing Portion collected for bilateral funding provided directly from Funders to Centers in support of CGIAR Research (“Bilateral Funding”), as set out in paragraph 5.10 below;

(d) all income from the investment of the funds in the Trust Fund as set out in paragraph 4.4 above;

(e) the amounts of Window 2 funds instructed by the System Organization for transfers to the Window 1 under paragraph 5.8 below; and

(f) the funds received by the Trustee and confirmed by the System Organization to be returned to the Window 1 under paragraph 6.7 below.

5.3. Any Window Designation to the Window 2 shall be based on CGIAR Research that has been approved by the System Council as eligible to receive Window 2 funding, and subject to the Trustee’s establishment of such CGIAR Research as an eligible designation in the Window 2. The System Organization shall provide the Trustee with
information of such CGIAR Research as necessary for the Trustee to establish such an eligible designation in the Window 2.

5.4. The Trustee shall maintain a list of eligible designations in Window 2 and provide information to the System Organization with respect to the resources available in each of the designations.

5.5. Any Window Designation to the Window 3 will be based on Centers, and in the case of a Center that is newly admitted under the CGIAR System Charter, subject to the Trustee’s establishment of a new designation in the Window 3 for such Center. The System Organization shall provide the Trustee with information of such a Center as necessary for the Trustee to establish such an eligible designation in the Window 3.

5.6. If the Funders wish to contribute funds to the Trust Fund prior to specifically designating those funds to any Window, the funds may be directed to the Provisional Account. The Trustee holds such funds without assigning to any Window until such time as a Funder requests that the amount it contributed to the Provisional Account be assigned to one or more Windows. Funds in the Provisional Account shall not be available for allocation by the System Council or transfer to any recipients.

5.7. Without prejudice to the Funders’ rights under paragraph 10.7 below, once any amount of Contributions has been designated by the Funder and assigned by the Trustee to the Window 1, research program-specific designation in the Window 2 or Center-specific designation in the Window 3, as the case may be, that Window Designation may not be changed by the individual Funder; provided always that in the case of a Window Designation to the Window 2, the amount assigned may be re-designated as set out in paragraph 5.8 below.

5.8. With respect to Window Designations to the Window 2, if the System Organization determines that the funds contributed to a specific Window 2 designation are no longer necessary for the relevant CGIAR Research, the System Organization may send a written instruction to the Trustee to transfer those excess funds into the Window 1 or the Provisional Account (as chosen, and notified to the System Organization, by the relevant Funder), on a pro rata basis for each Funder that has contributed funds to that research program-specific designation. The Trustee shall make such transfer only in accordance with the written instruction of the System Organization.

5.9. If any amount deposited by a Funder in the Window 3 or the Provisional Account remains in such window or account without any transfer to the relevant entity or any Window, as applicable, for longer than eighteen (18) months, the Trustee shall consult with the System Organization and the concerned Funder with a view to resolving the situation. If the situation fails to be resolved despite such consultation, the Trustee may, after consultation with the System Organization, return such amount (net of the Cost-Sharing Portion retained under paragraph 3.8 above, if applicable, and without any investment income thereon) to the relevant Funder.

5.10. The System Organization may transfer to the Trustee, and the Trustee may receive from the System Organization, the amount collected as the Cost-Sharing Portion for the Bilateral Funding. The System Organization shall notify the Trustee in writing of any such amount to be transferred under this paragraph. Upon receipt of such written notification and the amount of funds from the System Organization, the
Trustee shall credit the amount to the Window 1 of the Trust Fund to be used for any purposes provided for the Window 1 under this CGIAR Trustee Agreement.

6. Transfer of Trust Fund Resources

6.1. With regard to transfer by the Trustee of Trust Fund funds from the Window 1 and the Window 2, the following provisions shall apply:

(a) The System Organization may send a written instruction (together with a copy of a relevant decision of the System Council, as applicable), in the manner and pursuant to the procedures agreed under paragraph 6.3 below, to request the Trustee to transfer Trust Fund funds to Centers or other entity assigned by the System Organization, with approval of the System Council, to coordinate the implementation of activities for a CGIAR Research program or platform (“Lead Centers”), the System Organization, and relevant entity hosting the System Council advisory bodies or other functions.

(b) The System Organization represents to the Trustee that any written instruction under paragraph 6.1.(a) above is provided: (i) for the activities of the System Organization and/or for CGIAR Research following and in accordance with the relevant decision of the System Council, (ii) with respect to transfer of funds for CGIAR Research, in accordance with relevant instruction from the Lead Center or other relevant Center, and (iii) with respect to transfer of funds from a research program-specific designation in the Window 2, only for specific CGIAR Research for which the concerned designation is established.

(c) Subject to the availability of funds held in the Window 1 or, as the case may be, in the relevant research program-specific designation of the Window 2, as determined by the Trustee, and to other terms of this CGIAR Trustee Agreement, the Trustee shall transfer Trust Fund funds from the Window 1 or relevant Window 2 research program-specific designation, as applicable, only at, and in accordance with, a written instruction provided by the System Organization to the Trustee; and in the manner and pursuant to the procedures agreed under paragraph 6.3 below. Unless otherwise agreed between the System Organization and the Trustee, the Trustee shall initiate any such transfer of funds within ten (10) Business Days of receipt of the relevant written instruction from the System Organization, where a Business Day means any day (other than a Saturday or Sunday) when: (x) banks are generally open for business in Washington, D.C., U.S.A., and (y) the World Bank is generally open for business in Washington, D.C., U.S.A.

6.2. With regard to transfer by the Trustee of Trust Fund funds from the Window 3, following receipt of the relevant funds in the Trust Fund and assignment and credit of such amount to the Window 3 under paragraph 5.1 above, the Trustee shall transfer the funds from the Window 3 to relevant Centers in accordance with the terms of the relevant Contribution Agreements; provided that such transfer shall be made in the manner agreed with the Trustee, to such account with such bank specified for the relevant Center in the standing instruction letter provided by the Center to, and agreed upon by, the Trustee from time to time. The Trustee shall notify the relevant Center of such transfer in the manner as agreed in the standing instruction letter. The standing instruction letter shall be substantially in a form agreed with the System Management Office (following the System Management Office’s consultation with the System Council, as appropriate).
6.3. The System Organization and the Trustee shall agree on the manner and the procedures, respectively, pursuant to which: (a) the System Organization will send a written instruction for funds transfer under paragraph 6.1, (b) the Trustee shall transfer Trust Fund funds under paragraph 6.1, and (c) the System Organization shall provide the Trustee with information on projected cash requirements of transfer of Trust Fund funds for the coming period, if necessary. The System Organization shall provide the Trustee with: (i) the information (including timely updates thereon) on an account of each of the Centers and other relevant entities with a depository bank, to which Trust Fund funds shall be transferred under paragraph 6.1. above, and (ii) such other necessary information for the Trustee to effect any transfer of Trust Fund funds under paragraph 6.1. above, including a list of staff in the System Organization authorized to sign such funds transfer instructions.

6.4. No transfer by the Trustee of Trust Fund funds from the Window 1 or the Window 2 under paragraph 6.1 above shall be made together with any amount of Trust Fund funds to be transferred from the Window 3 under paragraph 6.2 above, in the same transfer.

6.5. Following the transfer of Trust Fund funds by the Trustee under paragraphs 6.1. or 6.2. above, the Trustee shall have no responsibility for the use of the Trust Fund funds and activities carried out therewith. In addition, the Trustee shall neither be responsible nor liable towards any third parties (including any person or third party engaged by the System Organization) including any claims, debts, demands, damage or loss, as a result of implementation of any activities funded with the Trust Fund funds transferred by the Trustee.

6.6. Without prejudice to the manner and the procedures that may be agreed for transfer of funds under paragraph 6.3 above, the Trustee may not transfer Trust Fund funds under this CGIAR Trustee Agreement, if a resolution, action or decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations prohibits or restricts, in Trustee’s determination, a member State of the United Nations to make such a transfer. For the avoidance of doubt, this provision does not create any obligation of the Trustee under the anti-terrorist financing and asset control laws, regulations rules and executive orders of an individual member country that may apply to a Funder.

6.7. Subject to paragraph 6.9 below, the Trustee may receive and credit Trust Fund funds that have been returned from Centers and other relevant entities subsequent to Trustee’s transfer thereof under paragraph 6.1 or 6.2 above (such as, but not limited to, refunds of unused funds or investment income earned on the funds transferred, if applicable), upon written confirmation from the System Organization of such return of funds:

(a) in the case of return of Window 1 and/or Window 2 funding, into the Window 1 (unless otherwise agreed in writing between the System Organization and the Trustee or instructed in writing by the System Organization under paragraph 6.8 below), or

(b) in the case of return of Window 3 funding, into either the Window 1, a research program-specific designation in the Window 2, or a Center-specific designation in the Window 3 (unless otherwise instructed in writing by the System Organization under paragraph 6.8 below).
In the case of Window 3 funding, any such written confirmation from the System Organization shall always include a copy of written instruction from the relevant Funder with respect to such Window Designation for the amount of funds returned. The Trustee and the System Organization shall agree to the procedures, according to which any such written confirmation by the System Organization, and receipt and credit by the Trustee of returned funds to the Trust Fund shall be made.

6.8. If the System Organization sends a written instruction (together with a copy of a relevant decision of the System Council, as applicable) to request the Trustee to refund to the Funders the funds returned to the Trust Fund under paragraph 6.7 above, the Trustee shall transfer such Trust Fund funds to the Funder(s) so named and in the amount(s) so instructed (or, as the case may be, the amount(s) calculated by the Trustee in accordance with the formula provided by the System Organization) in such written instruction by the System Organization, in accordance with the procedures agreed under paragraph 6.7 above.

6.9. The Trustee shall not be involved in any action seeking to enforce the return of any Trust Fund resources, including any misused funds or reflow of funds, from any entities in receipt of the Trust Fund resources transferred under this CGIAR Trustee Agreement.

7. Responsibilities of the System Organization to the Funders

7.1. In respect of the Window 1 and the Window 2, the System Organization shall be responsible for ensuring that the Trust Fund funds transferred by the Trustee are used for the purposes for which they are provided in accordance with the CGIAR System Framework and the agreements or arrangements entered into between the System Organization and the Funders with respect to their Contributions (the "Funding Agreements"). In respect of the Window 3, it is acknowledged that except as specifically provided in the relevant Funding Agreements, the System Organization will have no responsibility to the Funders to oversee the use of Window 3 funds transferred by the Trustee, and the relevant Center will be responsible to the respective Funders providing Window 3 funding for the use of funds it receives.

7.2. The System Organization may agree with the Funders in the Funding Agreement for review or evaluation of activities financed with Window 1, Window 2 and Window 3 funds transferred by the Trustee under this CGIAR Trustee Agreement. If any such review or evaluation requires any information from the Trustee, the System Organization and the Trustee shall agree on the scope and manner in which information is requested, and the Trustee shall provide all relevant information within the limits of the Trustee’s applicable policies and procedures; provided that any costs incurred by the Trustee shall be borne by the Window 1 (if requested by the System Council) or the requesting Funder (if requested by the Funder). It is understood that any such review or evaluation will not constitute a financial, compliance or other audit of the Trust Fund, and that except as specifically provided herein, the Trustee is not responsible for any such review or evaluation.

7.3. The System Organization shall ensure that nothing in the Funding Agreements conflict with the provisions of this CGIAR Trustee Agreement.

8. Compensation
8.1. The Trustee shall be paid for costs, expenses and fees incurred by it in connection with performing its functions as Trustee under this CGIAR Trustee Agreement (including any costs, expenses and fees incurred prior to the effectiveness of this CGIAR Trustee Agreement) on a full cost recovery basis. For that purpose, unless otherwise agreed between the System Council and the Trustee, the Trustee shall submit annually (or such other frequency as may be agreed between the System Council and the Trustee) to the System Council for approval, its proposed work program and estimated budget for allocation of funds to the Trustee for the upcoming budget period.

8.2. Following approval of allocation of funds by the System Council, the Trustee shall deduct and transfer the amount of allocation to its own account from the resources in the Window 1 of the Trust Fund; provided that the amount of the funds transferred may be subject to an end of budget period adjustment on the basis of full cost recovery for the services provided during the budget period, as such arrangement may be agreed between the System Council and the Trustee in connection with the aforementioned proposal.

9. Accounting and Financial Reporting

9.1. The Trustee shall maintain separate records and ledger accounts in respect of the funds deposited in the Trust Fund account and transfers made therefrom.

9.2. Unless otherwise agreed between the Trustee and the System Management Office (following the System Management Office’s consultation with the System Council and the System Management Board, as appropriate), the Trustee shall provide a quarterly report to the System Management Office and the Funders on the receipts in, transfers from and fund balance of the Trust Fund in the relevant Holding Currency. The System Management Office shall forward such report to the System Council and the System Management Board. The System Organization shall also make such report available on its website.

9.3. The Trustee shall provide to the System Management Office and the Funders, within six (6) months following the end of each World Bank fiscal year, an annual single audit report, comprising: (a) a management assertion together with an attestation from the World Bank’s external auditors concerning the adequacy of internal control over cash-based financial reporting for all cash-based trust funds as a whole; and (b) a combined financial statement for all cash-based trust funds together with the World Bank’s external auditor’s opinion thereon. The cost of the single audit shall be borne by the World Bank.

9.4. If the System Council or a Funder wishes to request, on an exceptional basis, a financial statement audit by the Trustee’s external auditors of the Trust Fund, the Trustee shall first consult with the System Council or as the case may be, the Funder, as to whether such an external audit is necessary, and may agree on the appropriate scope and terms of reference of such audit. Following agreement on the scope and terms of reference, the Trustee shall arrange for such external audit; provided that the costs of any such audit, including the internal costs of the Trustee with respect to such audit, shall be borne by the Window 1 of the Trust Fund (if requested by the System Council) or the requesting Funder, as applicable.

9.5. The Trustee shall furnish the System Management Office, in the manner and frequency agreed between the System Management Office and the Trustee, with relevant information with respect to the Trust Fund, as may be agreed in writing.
between the System Management Office and the Trustee from time to time. The System Management Office may forward such information to the System Council and the System Management Board, as appropriate.

9.6 For the avoidance of doubt, the Trustee shall not be responsible for provision of financial statements with respect to use of funds transferred from the Trust Fund.

10. Effectiveness, Amendment, and Termination

10.1 This CGIAR Trustee Agreement shall become effective as of the date of the last signature hereto, upon possession by the Trustee of this fully signed CGIAR Trustee Agreement.

10.2 This CGIAR Trustee Agreement may be amended only with written agreement signed by the Trustee and the System Organization, with the prior consent of all Funders contributing to the Trust Fund (paid or not yet paid) during the three year period immediately preceding the date of the request sent to the Funders for consent under this paragraph 10.02 (and the Contribution Agreements shall specify that right of the Funders to consent); provided that:

(a) if the Trustee sends a written request to Funders for their consent to any proposed amendment to this CGIAR Trustee Agreement, and if the Trustee does not receive any response from a Funder within thirty (30) calendar days from the date of the delivery of the request, the Trustee shall send a reminder to that Funder, stating that the Funder may be deemed to have consented to such proposed amendment if it does not respond within thirty (30) calendar days from the date of the delivery of the reminder. Consent by that Funder shall be deemed to have been granted upon expiry of the thirty (30) calendar days period without Trustee having received any response to the reminder;

(b) The delivery of the request and the reminder under paragraph 10.2.(a) above shall be deemed effective: (a) if delivered by mail, on the date that the mail is delivered or its delivery is attempted as evidenced by a delivery notice from a courier service or registered mail service, or (b) if delivered by facsimile or email, upon the receipt by the Trustee of a confirmation from the addressee by facsimile or email that the request or the reminder has been received other than by way of an automated reply;

(c) If any Funder objects to a proposed amendment, the Trustee and the System Organization, after consultation with the System Council, may decide to return to that Funder its Funder’s Share in accordance with paragraph 10.9 below; and

(d) The Trustee shall notify all Funders of any amendment made to this CGIAR Trustee Agreement.

10.3 Unless otherwise agreed in writing between: (a) the System Organization with prior approval of the System Council, and (b) the Trustee; to extend such date, the Trustee may not make any new transfer from the Trust Fund after December 31, 2024 (the “End Disbursement Date”).

10.4 Either: (a) the System Organization with prior approval of the System Council, or (b) the Trustee; may terminate the World Bank’s role as trustee of the Trust Fund at
any time upon six (6) months prior written notice to the other and all Funders. Following termination of the World Bank’s role as the trustee of the Trust Fund, the World Bank as Trustee shall carry on no business for the Trust Fund except for the purpose of winding up its affairs.

10.5. Following the End Disbursement Date, or upon earlier termination of the World Bank’s role as Trustee pursuant to paragraph 10.4 above, the Trustee, in consultation with the System Management Office, shall take necessary actions for winding up Trustee’s affairs in an expeditious manner, including for meeting outstanding commitments and for transferring of any remaining resources in the Trust Fund, as directed by the System Management Office (following the System Management Office’s consultation with the System Council and the System Management Board) through a written instruction. All of the powers and rights of the Trustee under this CGIAR Trustee Agreement, including the rights to be paid for costs and expenses incurred by the Trustee, shall continue until the affairs of the Trustee have been wound up. The System Organization shall make all reasonable efforts to assist the Trustee with the winding up under this paragraph 10.5.

10.6. In the event of occurrence of the End Disbursement Date pursuant to paragraph 10.3 above or termination by the Trustee of its role pursuant to paragraph 10.4 above, and if a Funder does not wish its Funder’s Share (as defined below) to be transferred as directed by the System Management Office under paragraph 10.5 above, then the Funder may request, at any time prior to termination of the World Bank’s role as trustee of the Trust Fund, a return of its Funder’s Share to it by delivering a written notice to the Trustee and the System Organization. In such a case, unless otherwise agreed between the Trustee and the Funder, the Trustee will return to that Funder, as soon as reasonably practicable pursuant to the procedures set out in paragraph 10.9 below, the amount of all of its Funder’s Share calculated as of the End Disbursement Date, or as the case may be, the end of the termination notice period.

10.7. If either the System Organization or a Funder sends a notice to terminate the Funding Agreement with respect to its Contributions, such Funder may send a ninety (90) calendar days’ prior written notice to the System Organization and the Trustee, requesting a withdrawal of any portion or all of its Funder’s Share calculated as of the end of the notice period.

10.8. For the purpose of this CGIAR Trustee Agreement, a “Funder’s Share” shall mean with respect to each Funder, the aggregate of the respective Funder’s share, calculated as relevant Holding Currency amounts, of: (a) applicable outstanding fund balance in each Window that has neither been committed by the System Organization nor allocated to the Trustee under paragraph 8.1 above as of the calculation date of the share, and (b) the amount of the funds received in the Trust Fund or released from previous commitments or allocation of Trust Fund resources after the date of calculation, to the extent that such funds are received or released from any such commitment or allocation made prior to the date of calculation. The foregoing is subject to the proviso that (i) the Funder’s share in the Window 1 shall be calculated on pro rata basis, based on the total Contributions deposited in the Window 1 by the Funder for whom the calculation is made (including amounts of Cost-Sharing Portion transferred to the Window 1 but excluding amounts returned to the Funder, if any), relative to the total Contributions deposited in the Window 1 by all Funders (including amounts of Cost-Sharing Portion transferred to the Window 1 but excluding amounts returned to Funders, if any); and (ii) the Funder’s share in the Window 2 shall be calculated on pro rata basis, based on the total Contributions deposited in the respective
research program-specific designation of the Window 2 by the Funder for whom the
calculation is made (excluding amounts of Cost-Sharing Portion transferred to the
Window 1 and amounts returned to the Funder, if any), relative to the total
Contributions deposited in the same research program-specific designation of the
Window 2 by all Funders (excluding amounts of Cost-Sharing Portion transferred to
the Window 1 and amounts returned to Funders, if any); and (iii) the Funder’s share in
the Window 3 and the Provisional Account, respectively, shall be the amounts
deposited in the Window 3 or the Provisional Account, as applicable, by the Funder
but not yet transferred out from it by the Trustee (whether by way of transfer to a Center
or a Window, or return to the Funder).

10.9. If: (a) a Funder requests a return of its Funder’s Share under paragraph 10.6 or
a withdrawal under paragraph 10.7 above, or (b) the System Organization and the
Trustee decide to return any Funder’s Share under paragraph 10.2.(c) above, the System
Organization shall confirm to the Trustee in writing the amounts already committed by
the System Organization as of the date of calculation of the relevant Funder’s Share.
Following receipt of such written instruction, unless otherwise agreed between the
Trustee and such Funder, the Trustee will return to the Funder the amount of its
Funder’s Share and, if applicable, cancel any outstanding amount of the Funder’s
Contribution, which has not been paid to the Trust Fund; except that the Funder may
waive in writing its Funder’s Share, in which case the relevant amount will
proportionally augment the other Funder’s Shares. Following transfer of such Funder’s
Share (or a waiver by the Funder of its Funder’s Share) and, if relevant, cancellation of
any outstanding amount, in full, such Funder shall be considered to have withdrawn
from the Trust Fund.

ANNEX 2
STANDARD PROVISIONS

The following Standard Provisions set out the terms governing the use and administration of the portions of the Contributions transferred from the Trust Fund to support the activities of the System Organization and for CGIAR Research.

1. **Responsibilities Over the Window 1, 2 and 3 Funds**

1.1. **Window 1 and Window 2 Funds.**

1.1.1. Funding from Window 1 and 2 of the Trust Fund will be disbursed from time to time for the activities of the System Organization (including the System Costs) and for CGIAR Research.

1.1.2. The System Organization will have fiduciary responsibility for the use of Window 1 and Window 2 Funds and will therefore:

   a. ensure that the Window 1 and Window 2 Funds are used exclusively for their intended purposes;

   b. ensure that the Window 1 and Window 2 Funds are administered, used and expended in accordance with the CGIAR System Charter, the CGIAR System Framework and the applicable Fund Use Agreements entered into by it, including by taking corrective action with respect to Window 1 and Window 2 Funds not used in accordance with the relevant Fund Use Agreement;

   c. monitor, evaluate, and provide quality assurance and financial and performance reporting for activities funded by Window 1 and Window 2 Funds in accordance with these Standard Provisions;

1.2. **Window 3 Funds.**

1.2.1. Window 3 Funds are directed by Funders to individual Centers. Funders may designate specific amounts to specific Centers for use by the Center; provided such funds are used to implement aspects of the SRF and provided further that such funds are used in accordance with CGIAR Policies. Designations of Window 3 Funds by Funders to Centers are not subject to review, allocation or approval by the System Organization. Each Center will be responsible for the use of Window 3 Funds it receives.

1.2.2. The System Organization will not have fiduciary or programmatic responsibility over, or responsibility to supervise or monitor, Window 3 Funds.

---

1 This document is developed from the draft Standard Provisions. The document is prepared as an example to show how the Standard Provisions would read once attached to a Funding Agreement between a Funder and the System Organization.

2 As noted in the CGIAR Glossary, for the purpose of these Standard Provisions only, the term “Center(s)” will also include any Lead Center that is not also a CGIAR research Center.
1.2.3. The System Organization may, however:

   a. upon request of a Funder providing Window 3 Funds and acting through the System Council, take corrective action vis-à-vis a Center in the event such Window 3 Funds are not used in accordance with the applicable Fund Use Agreements entered into by such Center; and

   b. in consultation with the relevant Funder providing Window 3 Funds and the System Council, take corrective action vis-à-vis a Center in the event such Window 3 Funds are not used in accordance with the applicable Financial Framework Agreement entered into by such Center.

1.2.4. Nothing in the Funding Agreements or Arrangements is intended to preclude Funders and Centers from entering into Window 3 Side Agreements or Arrangements in regard to the terms governing the administration and use of Window 3 Funds. Should a Funder require additional terms to govern the administration and use of Window 3 Funds other than those set out in these Standard Provisions, such Funder will enter into a Window 3 Side Agreement with the relevant Center. Any Window 3 Side Agreement or Arrangement will be consistent with these Standard Provisions and substantially in the form of Schedule 1 (Form of Window 3 Side Agreement / Arrangement) attached to these Standard Provisions, as may be amended through these Standard Provisions from time to time.

1.3. General Provisions in Respect of the Contributions.

   The Contributions, including the funds, assets and receipts thereof, held in the Trust Fund will be administered in accordance with the terms of the CGIAR Trustee Agreement and Contribution Agreements and Arrangements.

2. Financial Framework agreements

2.1. Application of the Terms of These Standard Provisions. The System Organization will ensure that all relevant terms and requirements set forth in the Funding Agreements are reflected in the Financial Framework Agreements. The System Organization will require the Centers to ensure that such terms and requirements are reflected in all Subagreements entered into with respect to the Window 1, 2 and 3 Funds.

2.2. Cooperation. The Financial Framework Agreements will specify that Centers are required to cooperate with the System Organization to ensure that the System Organization is able to fulfil its obligations under the applicable Fund Use Agreements entered into by the System Organization and will require that such term is reflected in all Subagreements entered into with respect to Window 1, 2 and 3 Funds.

3. System costs

3.1. Bilateral Funding.

3.1.1. Subject to paragraph 3.1.3 below, the CSP will be collected by the System Organization in accordance with the CGIAR Policy on System Costs Financing, as amended from time to time.
3.1.2. It is acknowledged that the CGIAR Policy on System Costs Financing, which will be revised in 2017, is a policy that falls under the purview of the System Council in accordance with Section 6.1(k) of the CGIAR System Framework, and that any amendments to the CGIAR Policy on System Costs Financing will be based on a recommendation from the System Management Board.

3.1.3. Until and unless amended by any revised Policy on System Costs Financing, Centers shall pay the CSP to the System Organization on any Bilateral Funding received for the implementation of CGIAR Research (excluding Center-specific infrastructure-only projects and Legacy Projects) unless this requirement is exceptionally waived by the System Council. The System Organization shall transfer the corresponding funds to the Trust Fund. Unless otherwise agreed by the System Council, if a Center does not pay any CSP which is due, the amount of such CSP which is due may be offset, after the Center has been adequately consulted, against Window 1 Funds that are otherwise to be disbursed to such Center.

3.2. **Window 1, 2 and 3 Funds.** The Centers will not have any obligation to collect or otherwise pay the CSP on funds disbursed through Windows 1, 2 or 3. The Funders, the System Organization and the Centers understand that the Trustee of the CGIAR Fund shall collect the CSP before such funds are disbursed from the Trust Fund.

4. **Anti-Terrorism**

Recognizing the obligations of countries that are members of the United Nations under various United Nations Security Council resolutions to take measures to prevent financing of terrorists, the System Organization will, and will require each Center and Program Participant to ensure, consistent with its governing arrangements and policies, including those pertaining to combating financing for terrorists, that the Window 1, 2 and 3 Funds are used for their intended purposes and are not diverted to individuals or entities associated with terrorism, as identified in accordance with relevant United Nations Security Council resolutions. Accordingly, the System Organization will not, and will require Centers and Program Participants to not, use such Window 1, 2 and 3 Funds for the purpose of any payment to persons or entities, or for the import of goods, if such payment or import, to its knowledge or belief is prohibited by a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations or directed to a person or entity, appearing on the Consolidated United Nations Security Council Sanctions List.

5. **Lobbying**

The System Organization will, and will require Centers and Program Participants to, ensure that none of the Window 1, 2 and 3 Funds are earmarked for lobbying activity, defined as attempting to influence legislation (i) through affecting the opinion of the general public or any segment thereof (i.e. grassroots lobbying) or (ii) through communications with any member or employee of a legislative body, except in the case of both (i) and (ii) to the extent such activities arise inherently in relation to CGIAR Research comprising policy development.

6. **Electioneering**
The System Organization will, and will require Centers and Program Participants to, ensure that the Window 1, 2 and 3 Funds will not be used to influence the outcome of any specific public election or to directly or indirectly carry on any voter registration drive.

7. Financial Irregularities

7.1 Prevalence of Financial Irregularities. The System Organization will, and will require Centers and Program Participants to, take all reasonable necessary measures to avoid, prevent, detect and manage Financial Irregularities and will therefore:

7.1.1. organize operations and internal control systems in a way that Financial Irregularities are prevented and detected;

7.1.2. cooperate fully to prevent, stop and handle Financial Irregularities with respect to the administration and use of the Window 1, 2 and 3 Funds and implementation of CGIAR Research;

7.1.3. require that all staff involved in, and any consultants, suppliers and contractors financed with the Window 1, 2 and 3 Funds refrain from Financial Irregularities.

7.2 Requirement to Inform in Respect of Financial Irregularities. The System Organization will, and will require Centers and Program Participants to, promptly inform Funders, through the System Council, if there is a credible concern of Financial Irregularities and of the corrective measures initiated. The provisions of this paragraph [7.2] will apply unless and until replaced by the relevant section expected to be included in escalation procedures upon approval by the System Council.

7.3 Cooperate with Investigations. The System Organization will, and will require Centers and Program Participants, to cooperate fully in the investigations of Financial Irregularities with respect to the administration and use of the Window 1, 2 and 3 Funds and implementation of CGIAR Research, whether the investigation is led by the System Organization or an individual Funder to the Trust Fund.

7.4 Corrective Actions in Respect of Financial Irregularities. Subject to paragraph [1.2.3] of these Standard Provisions, the System Organization will, and will require Centers and Program Participants to, consider corrective actions towards any person and/or legal entity as appropriate where there is a credible concern of Financial Irregularities related to activities of the System Organization or CGIAR Research.

8. Policies

8.1 General. The System Organization will, and will require Centers and Program Participants to, ensure that Window 1, 2 and 3 Funds are used in accordance with the applicable CGIAR Policies and the relevant entity’s own policies and procedures as applicable. All CGIAR Policies applicable to the CGIAR Research will be available on the System Organization’s web site.

8.2 Use of Materials.
8.2.1. Funders may reproduce, adapt, translate, publish, disseminate and distribute for non-commercial purposes and free of charge all reports, evaluations, impact assessments and other such similar documents, provided or made available by the System Organization to Funders.

8.2.2. Where appropriate and applicable, Funders will recognize the source.

8.2.3. The System Organization will, and will require Centers and Program Participants to, ensure that necessary intellectual property rights are obtained to allow the rights referred to under this paragraph [8.2] to be granted. If third party copyright restrictions or attribution requirements apply to such documents, this will be indicated on the documents.

8.3. Procurement. In the event that consultants are employed or services or goods are procured with the Window 1, 2 and 3 Funds, the System Organization will, and will require Centers and Program Participants to, ensure that the employment and supervision of such consultants and the procurement of such services or goods will be the responsibility of each entity employing or contracting with such consultants or carrying out such procurement and will be conducted in conformity with the Financial Guidelines Series, No. 6, CGIAR Procurement of Goods, Works and Services Guidelines as updated from time to time, in line with the following basic principles: equal treatment and non-discrimination on grounds of nationality, competition, predictability, transparency, verifiability, proportionality.

8.4. Efficiency.

8.4.1. The System Organization will, and will require Centers and Program Participants, to ensure that Window 1, 2 and 3 Funds are used with due regard to economy and efficiency, and that the highest standards of integrity in the administration of the funds are upheld.

8.4.2. The System Organization will, and will require Centers to, ensure that Window 1, 2 and 3 Funds are used in accordance with the Financial Guidelines No. 5, CGIAR Cost Allocation Guidelines as amended from time to time, which set forth that costs incurred will be reasonable, allocable and assignable, where the following meanings apply:

a. “Reasonable”. Any cost charged to a project should be reasonable, meaning that it is necessary for the performance of a project and that a prudent person in similar circumstances will incur the same.

b. “Allocable”. Apart from the costs that are directly assigned, all projects should bear a fair share of costs of the organization’s services and institutional expenses. Such costs should be allocated to the projects using an appropriate allocation method.

c. “Assignable”. If a project directly benefits from an item of cost, such costs should be directly assigned to the project.

8.4.3. The System Organization will require Program Participants, with respect to the Window 1, 2 and 3 Funds received by them, to ensure that cost incurred will be reasonable, allocable and assignable.
9. **Additional Restrictions on the Use of the Window 1, 2 and 3 Funds**

9.1. **Investment Income.** The System Organization will, and will require Centers to, ensure that investment income generated by the Window 1, 2 and 3 Funds, including currency conversion gains, will be used for CGIAR Research or, if not needed for such purposes, returned to the Trustee for deposit into Window 1 to be made available for allocation by the System Council.

9.2. **Standards.**

9.2.1. The System Organization will, and will require Centers and Program Participants to, carry on operations in accordance with sound administrative, technical, financial, economic, environmental, social, ethical and safety standards and practices under the supervision of qualified and experienced management assisted by competent staff in adequate numbers.

9.2.2. The System Organization will require Centers and Program Participants to carry out all regulated research activities under high standards (set with reference to internationally accepted practices) and in accordance with applicable laws and regulations.

9.3. **Drug Trafficking.** The System Organization confirms, and will require each Center and Program Participant to confirm, that it does not believe that the Window 1, 2 and 3 Funds would be diverted in support of drug trafficking.

9.4. **No Taxation.** The System Organization will, and will require Centers and Program Participants to, use best efforts, to the extent allowed by applicable agreements, such as those signed with host governments, and other applicable laws, to ensure that the use of the Window 1, 2 and 3 Funds will be free from any taxation or fees imposed under local laws.

9.5. **Responsibility to Inform.** The System Organization will promptly inform Funders through the System Council should substantial deviation from the CGIAR Research supported with Window 1, 2 and 3 Funds develop and will require Centers to inform it of the same.

9.6. **No Discrimination against Persons with Disabilities.** The System Organization will not, and will require Centers and Program Participants to agree not to, discriminate against persons with disabilities in the implementation of activities financed by the Window 1, 2 and 3 Funds, and to make every effort to respect the principles of the UN Convention on the Rights of Persons with Disabilities in performing such activities. To that end, and to the extent this goal can be accomplished within the scope of the objectives of the CGIAR Research, the System Organization, Centers and any Program Participants involved in an activity financed by the Window 1, 2 and 3 Funds should demonstrate a comprehensive and consistent approach for including men, women and children with disabilities consistent with such principles: (1) respect for inherent dignity, individual autonomy including the freedom to make one's own choices, and independence of persons; (2) non-discrimination; (3) full and effective participation and inclusion in society; (4) respect for difference and acceptance of persons with disabilities as part of human diversity and humanity; (5) equality of opportunity; (6) accessibility; (7) equality between men and women; and (8) respect for the evolving capacities of children with disabilities.
9.7. **Environmental Safety.** The System Organization will, and will require Centers and Program Participants to, ensure (i) that the Window 1, 2 and 3 Funds are used with due regard to environmental sustainability and (ii) activities are carried out in accordance with local legislation, good international industry practices and the relevant entities’ environmental processes and requirements, and in line with the CGIAR Strategy and Results Framework with respect to improve natural resources systems and ecosystems services objectives.

9.8. **Insurance.** The System Organization will, and will require Centers and Program Participants to maintain insurance coverage sufficient to cover the activities, risks, and potential omissions of the activities funded by Window 1, 2 and 3 Funds in accordance with generally accepted industry standards and as required by law.

10. **Programmatic Monitoring and Evaluations**

10.1. **Monitoring.** The System Organization will oversee the implementation of the activities being carried out under the CGIAR Portfolio in accordance with the CGIAR System Charter and the CGIAR System Framework.

10.2. **Evaluations.**

10.2.1. The System Organization will ensure that governance and management reviews of Centers are periodically commissioned and will carry out its other responsibilities with respect to evaluations in accordance with the CGIAR System Framework and the CGIAR System Charter.

10.2.2. The evaluations which are publicly disclosed can be found at: http://iea.cgiar.org/evaluations, or at such other URL as the System Organization may from time to time decide. The System Organization will inform Funders when evaluation reports are disclosed and if there is a change in URL.

10.3. **General.**

10.3.1. Funders will manage their monitoring and evaluation requirements with respect to the CGIAR Portfolio, collectively through the System Council, including relying on the CGIAR Policies, thereby endeavoring not to conduct duplicative evaluations, provided that Funders providing Window 3 Funds may require supplemental monitoring and evaluations with respect to Window 3 Funds, the costs of which, including the internal costs to the System Organization or Center would be paid by the requesting Funder.

10.3.2. If an individual Funder wishes to request, on an exceptional basis, a review or evaluation of any activities financed with Window 1 and Window 2 Funds, such Funder will consult with a designated representative from the System Organization on the most appropriate scope and terms of reference of such review or evaluation. The designated representative will assist in arranging for such review or evaluation. The costs of any such review or evaluation, including the internal costs of the System Organization or Center with respect to such review or evaluation, will be paid by the requesting Funder.

10.3.3. The System Organization will, and will require Centers and Program Participants to, collaborate on any monitoring or evaluations conducted in connection with CGIAR Research activities funded with the Window 1, 2 and 3 Funds.
11. **Reporting**

11.1. **Annual Audited Financial Statements.**

11.1.1. The System Organization will provide to Funders, through the System Council, audited financial statements of (i) the System Organization and (ii) each Center, as provided by the respective independent auditor of each such entity.

11.1.2. Such audited financial statements will be prepared in accordance with International Financial Reporting Standards or U.S. Generally Accepted Accounting Principles and in each case audited by an independent certified auditor of international standard in accordance with international audit standards. Such statements will be prepared as of 31 December of each year to be submitted within six (6) months of the end of each calendar year.

11.2. **System-Level Financial Reports.**

11.2.1. The System Organization will prepare and provide to Funders no later than six months after the end of the calendar year, through the System Council, (i) an aggregated annual financial report for the System Organization and Centers which will include a financial summary based on the audited financial statements of the System Organization and Centers and (ii) a financial summary of each CRP and Platform.

11.2.2. The System Organization will provide to Funders, through the System Council, such other financial progress reports prepared in a form and substance and frequency as may be determined by the System Council from time to time.

a. The System Organization will provide to Funders, in form and substance satisfactory to the System Council, a programmatic report on the CGIAR Portfolio.

b. The programmatic report will be provided on an annual basis and, unless decided otherwise by the System Council, will include:

   (v) An evidence-based assessment of progress on or toward the achievement of expected outputs and outcomes and, if possible, a description of the likelihood of the impact being achieved, which includes evidence of performance using actual data on output and outcome level performance indicators in comparison to baseline where available, and targets, with such data available through web links provided by the System Organization;

   (vi) An assessment of challenges in implementing activities under the relevant CRP or Platform;

   (vii) An assessment of implementation and achievements of the System Organization’s Gender strategy with respect to the relevant CRP or Platform; and
Appendix 2.1

(viii) Total spending on the CGIAR Portfolio from all funding sources.

c. Until such time that the System Council approves an integrated framework for a performance management system for CGIAR Research which will include requirements for reporting on the system level outcomes relating to environment, the System Organization will require Centers and Program Participants to provide reports that highlight progress and challenges on environmental issues that affect significantly and/or arise from the implementation of the activities under the CGIAR Portfolio, which reports are already required to be prepared by the Centers and Program Participants pursuant to their policies, procedures or some other regulation.

11.3.2. Final Report.

a. Within six (6) months of the completion of a CRP or Platform, the System Organization will provide to Funders a final narrative report on such CRP or Platform.

b. The Final Reports will include the information requested under paragraph 11.3.1 of these Standard Provisions over the course of the relevant CRP or Platform and a summary of considerations identified in above paragraph [11.3.1.b] and how the relevant CRP or Platform is ensuring the sustainability of results achieved.

The System Organization will provide an annual programmatic summary on the activities of the System Organization and all CGIAR Research.

11.5. General.

11.5.1. Maintain Books and Records.

a. The System Organization will, and will require Centers to: (i) maintain books, records, documents and other evidence in accordance with International Financial Reporting Standards or United States Generally Accepted Accounting Principles as applicable and (ii) ensure that Program Participants maintain books, records, documents and other evidence in accordance with applicable accounting policies.

b. The System Organization will, and will require Centers and Program Participants to, (i) retain all relevant records (contracts, orders, invoices, bills, receipts and other documents) evidencing expenditures related to the System Costs and the CGIAR Research activities financed by the Window 1, 2 and 3 Funds for at least 7 years after the date on which the concerned entity provided a final report on such funds for the relevant activities; and (ii) permit designated representatives of the System Council reasonable access during business hours to examine such records.

11.5.2. Information. The System Organization will provide to Funders, and will require Center to provide to it or to Funders as the case may be, upon reasonable request, all information
reasonably available to it relevant to the implementation and progress of the CGIAR Research funded by the Window 1, 2 and 3 Funds.

11.5.3. **Inspection.** The System Organization will permit any Funder or its designee, and will require Centers and Program Participants to permit the System Organization and/or Funders or their designee, as the case may be, to carry out inspection at any time during the period in which CGIAR Research funded by the Window 1, 2 and 3 Funds is being implemented. Any such inspection will be performed during the relevant organization’s normal business hours and will not unreasonably interfere with business operations. Any costs incurred by the System Organization or any Center with respect to an inspection requested by a Funder (i.e., unilaterally and not through the System Council), will be paid by the requesting Funder.

11.5.4. **Statement of Assurance.** Upon request by a Funder, the System Organization will provide such Funder, through the System Council, a copy of a letter of representation from any Center or the System Organization (to be substantially in a form acceptable to the System Council), providing assurance on adequate internal control systems.

11.5.5. **Change in Reporting Requirements.** Unless decided otherwise by the System Council and/or System Management Board as the case may be, any change in the form or substance or periodicity of a programmatic or financial report will become effective only in the following calendar year.

11.6. **Additional Audits / Financial Reviews / Programmatic Reporting.**

11.6.1. Funders will manage their audits, financial reviews and programmatic reporting with respect to the Window 1, 2 and 3 Funds collectively through the System Council, including relying on the CGIAR Policies, thereby endeavoring not to require duplicative reporting, provided that Funders may require supplemental audits, financial reviews and programmatic reporting with respect to Window 3 Funds pursuant to their Window 3 Side Agreements, the costs of which would be paid by the requesting Funder.

11.6.2. If a Funder wishes to request, on an exceptional basis, that the System Organization, a Center or a Program Participant have an external audit or provide additional financial reviews or programmatic reports with respect to Window 1 and Window 2 Funds, and the requesting Funder has a statutory, regulatory or policy environment requiring such Funder’s ability to make such a request unilaterally, such Funder will decide with the System Organization and the relevant Lead Center and Center on the most appropriate scope and terms of such audit, review or reporting. The costs of which, including the internal costs of the System Organization and any Center with respect to such additional audits, reviews or reporting, will be paid by the requesting Funder.

11.6.3. The System Organization will, and will require Centers and Program Participants to, collaborate on any audits, financial reviews or programmatic reporting conducted in connection with CGIAR Research activities.

12. **Limitation of Liabilities**
In providing funds under the Contribution Agreements or Arrangements or Funding Agreements or Arrangements, Funders do not accept any responsibility or liability towards any third parties including any claims, debts, demands, damage or loss as a result of the implementation of activities with funds from the Trust Fund.

12.1. **No Additional Obligations.**

12.1.1. No individual Funder will be obligated to reimburse the System Organization or any other recipient of the Window 1, 2 and 3 Funds for costs incurred in excess of the total amount committed in the relevant Contribution Agreement or Arrangement or Funding Agreement or Arrangement.

12.1.2. The System Organization will only require Centers to incur costs for and carry out research activities for the amount of funds actually received by them under the applicable Fund Use Agreements entered into by them. For the avoidance of doubt, in the event funding is suspended under an applicable Fund Use Agreement or an applicable Fund Use Agreement is terminated, Centers are required to carry out all of the activities for which funding has been provided under the applicable Fund Use Agreement or to refund funds to the Trust Fund in accordance with paragraph [16] of these Standard Provisions.

13. **Conflict of Interest**

13.1. **Avoiding Conflicts of Interest.** The System Organization will, and will require Centers and Program Participants to, take all necessary precautions to avoid or manage any Conflicts of Interest in all matters related to the Window 1, 2 and 3 Funds.

13.2. **Resolving Conflicts of Interest.** If a Conflict of Interest occurs, the System Organization will take, and require Centers and Program Participants to take, without delay, all necessary measures to resolve the conflict, e.g. by replacing the person in question or by obtaining independent verification of the terms of the proposed decision or transaction.

14. **Acknowledgement of Funders**

All communications products on CGIAR Research funded by the Window 1, 2 and 3 Funds, whether online or in hard copy form (e.g., publications, press releases, newsletters, website stories, blogs, posters, etc.), must acknowledge support received from Funders in accordance with the CGIAR Branding Guidelines as updated from time to time.

15. **Suspending Transfers of funding from Window 1 and Window 2**

15.1. The System Organization may, at any time, suspend transfers of funding from Window 1 and Window 2 to a specific Lead Center, or instruct a Lead Center to suspend transfers of Window 1 and 2 Funds allocated to a Participating Center, wholly or in part, if the System Organization has a credible concern that the Window 1, 2 and 3 Funds are not used in accordance with the applicable Fund Use Agreements.

15.2. Before such action is taken, the System Organization will consult with the System Council as well as the relevant Lead Center and the relevant Center, if applicable, and the System Organization and such Lead Center and Center, if applicable, will endeavor to identify ways...
and means to manage the suspension and mitigate impact on implementation of CGIAR
Research until such time that the suspension may be lifted.

16. **Return of Funds**

16.1. **Unexpended or Uncommitted Funding.**

16.1.1 The System Organization will, and will require Centers and Program Participants to, promptly
return any portion of the Window 1 and Window 2 Funds that is unexpended or
uncommitted at the completion of the CRP or Platform for which it was provided (including
approved extensions) or at the termination of a Financial Framework Agreement between
the System Organization and a Center unless decided otherwise by the System Council. Such
returned funds will be deposited to Window 1 of the Trust Fund.

16.1.2 At the written direction of an individual Funder, the System Organization will require Centers
to promptly return any portion of Window 3 Funds that are unexpended or uncommitted at
the completion of the CGIAR Research for which it was provided (including approved
extensions). Such returned funds will be deposited to Window 1, Window 2 or Window 3 of
the Trust Fund as directed by the Funder that contributed such funding.

17. **Misused Funds**

17.1 The System Organization will, and will require Lead Centers and Program Participants to,
refund any portion of Window 1 and Window 2 Funds not used in accordance with the
applicable Fund Use Agreements, and such funds will be deposited to the Window 1 of the Trust
Fund.

17.2 Subject to paragraph [1.2.3] of these Standard Provisions, the System Organization will
require Centers to refund any portion of the Window 3 Funds not used in accordance with the
applicable Fund Use Agreement, and such Funds will be deposited to Window 1, Window 2 or
Window 3 of the Trust Fund as directed by the Funder that contributed such funding.

18. **Inconsistency**

In the event of any inconsistency between the Cover Agreement or Arrangement and these
Standard Provisions, these Standard Provisions will prevail.

19. **Amendments**

These Standard Provisions may only be amended by approval of the System Council, after
consultation with the System Management Board. The System Organization will promptly
notify the Funders in writing of any such amendments to these Standard Provisions.

13. It is understood that the Window 3 Funds provided by the Funder to the Trust Fund and designated for the Center in the Contribution [Agreement] [Arrangement] are consideration for this Window 3 Side Agreement.

14. ANNEX 2
STANDARD PROVISIONS ¹

The following Standard Provisions set out the terms governing the use and administration of the portions of the Contributions transferred from the Trust Fund to support the activities of the System Organization and for CGIAR Research. ²

1. Responsibilities over the Window 1, 2 and 3 Funds

1.1. Window 1 and Window 2 Funds.

1.1.1. The System Organization may, from time to time, initiate disbursements of funds from Window 1 and Window 2 of the Trust Fund to the Lead Center for an approved CRP or Platform. The Lead Centers receiving such Window 1 and Window 2 Funds will make further disbursements of such funds to Program Participants for such CRP or Platform. Program Participants receiving such funds may also make further disbursements.

1.1.2. Lead Centers are responsible to the System Organization for the use of the Window 1 and Window 2 Funds they receive and will therefore:

a. ensure that the Window 1 and Window 2 Funds are used exclusively for their intended purposes;

b. ensure that the Window 1 and Window 2 Funds are administered, used and expended in accordance with the CGIAR System Charter, the CGIAR System Framework and this Agreements, including by taking corrective action with respect to Window 1 and Window 2 Funds not used in accordance with this Agreement or applicable Subagreement;

c. monitor, evaluate, and provide quality assurance and financial and performance reporting for activities funded by Window 1 and Window 2 Funds in accordance with these Standard Provisions.

1.1.3. Participating Centers receiving Window 1 and Window 2 Funds from a Lead Center have the same responsibilities as set out above in paragraph 1.1.2 towards the Lead Center with respect to such funds.

1.2. Window 3 Funds.

1.2.1. Window 3 Funds are directed by Funders to individual Centers. Funders may designate specific amounts to specific Centers for use by the Center; provided such funds are used to implement aspects of the SRF and provided further that such funds are used in accordance with CGIAR Policies. Designations of Window 3 Funds by Funders to Centers are not subject to review,

¹ This document is developed from the draft Standard Provisions. The document is prepared as an example to show how the Standard Provisions would read once attached to a Financial Framework Agreement between the System Organization and a Center.

² As noted in the CGIAR Glossary, for the purpose of these Standard Provisions only, the term “Center(s)” will also include any Lead Center that is not also a CGIAR Research Center.
allocation or approval by the System Organization or the Lead Center of any CRP or Platform in which the Center receiving such Window 3 Funds is participating.

1.2.2. Centers receiving Window 3 Funds are responsible for the use of such funds and will:

a. ensure that Window 3 Funds are used exclusively for their intended purposes;

b. ensure that Window 3 Funds are administered, used and expended in accordance with the applicable Fund Use Agreements entered into by them, including by taking corrective action with respect to those funds not used in accordance with such documents;

c. monitor, evaluate as applicable, and provide quality assurance and financial and performance reporting for activities funded by Window 3 Funds in accordance these Standard Provisions.

d. should the Window 3 Funds be mapped to a CRP or Platform, continuously inform the Lead Center and the project management unit of such CRP or Platform of the receipt of any Window 3 funds and their use.

1.2.3. The System Organization will not have fiduciary or programmatic responsibility over, or responsibility to supervise or monitor, Window 3 Funds.

1.2.4. The System Organization may, however:

a. upon request of a Funder providing Window 3 Funds and acting through the System Council, take corrective action vis-à-vis a Center in the event such Window 3 Funds are not used in accordance with the applicable Fund Use Agreements entered into by such Center; and

b. in consultation with the relevant Funder providing Window 3 Funds and the System Council, take corrective action vis-à-vis a Center in the event such Window 3 Funds are not used in accordance with the applicable Financial Framework Agreement entered into by such Center.

1.2.5. Nothing in the Funding Agreements or Arrangements is intended to preclude Funders and Centers from entering into Window 3 Side Agreements or Arrangements in regard to the terms governing the administration and use of Window 3 Funds. Funders may choose to make a contribution to a Center through Window 3 without entering into a Window 3 Side Agreement or Arrangement, provided that such contribution is made without any additional conditions attached to it. Any Window 3 Side Agreement or Arrangement will be consistent with these Standard Provisions and substantially in the form of Schedule 1 (Form of Window 3 Side Agreement / Arrangement) attached to these Standard Provisions, as may be amended through these Standard Provisions from time to time.

2. **Subagreements**

---

1 The Global Crop Diversity Trust does not receive Window 3 Funds.
2.1. **Application of Terms to Downstream Agreements.** Each Center will ensure that all relevant terms and requirements set forth in the applicable Fund Use Agreements entered into by it are reflected in any Subagreements it enters into with respect to the Window 1, 2 and 3 Funds.

2.2. **Due Diligence.** Each Center will conduct due diligence and review of the CGIAR System Partners to which it is disbursing funding from the Window 1, 2 and 3 Funds to the extent deemed necessary or appropriate by such Center.

2.3. **Cooperation.** Program Participants are required to cooperate with the applicable Lead Centers and the System Organization as relevant to ensure that each Lead Center and/or the System Organization, as the case may be, is able to fulfil its obligations under the relevant Fund Use Agreements. Lead Centers are required to cooperate with the System Organization with respect to the same.

3. **System costs**

3.1 **Bilateral Funding.**

3.1.1. Subject to paragraph 3.1.3 below, the CSP will be collected by the System Organization in accordance with the CGIAR Policy on System Costs Financing, as amended from time to time.

3.1.2. It is acknowledged that the CGIAR Policy on System Costs Financing, which will be revised in 2017, is a policy that falls under the purview of the System Council in accordance with Section 6.1(k) of the CGIAR System Framework, and that any amendments to the CGIAR Policy on System Costs Financing will be based on a recommendation from the System Management Board.

3.1.3. Until and unless amended by any revised Policy on System Costs Financing, Centers shall pay the CSP to the System Organization on any Bilateral Funding received for the implementation of CGIAR Research (excluding Center-specific infrastructure-only projects and Legacy Projects) unless this requirement is exceptionally waived by the System Council. The System Organization shall transfer the corresponding funds to the Trust Fund. Unless otherwise agreed by the System Council, if a Center does not pay any CSP which is due, the amount of such CSP which is due may be offset, after the Center has been adequately consulted, against Window 1 Funds that are otherwise to be disbursed to such Center.

3.1.4. **Window 1, 2 and 3 Funds.** The Centers will not have any obligation to collect or otherwise pay the CSP on funds disbursed through Windows 1, 2 or 3. The Funders, the System Organization and the Centers understand that the Trustee of the CGIAR Fund shall collect the CSP before such funds are disbursed from the Trust Fund.

4. **Anti-Terrorism**

Recognizing the obligations of countries that are members of the United Nations under various United Nations Security Council resolutions to take measures to prevent financing of terrorists, Centers will, and will require each Program Participant to ensure, consistent with its governing arrangements and policies, including those pertaining to combating financing for terrorists, that the Window 1, 2 and 3 Funds are used for their intended purposes and are not diverted to individuals or entities associated with terrorism, as identified in accordance with relevant United Nations Security Council resolutions. Accordingly, Centers will not, and will
require Program Participants to not, use such Window 1, 2 and 3 Funds for the purpose of any payment to persons or entities, or for the import of goods, if such payment or import, to its knowledge or belief is prohibited by a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations or directed to a person or entity, appearing on the Consolidated United Nations Security Council Sanctions List.

5. **Lobbying**

Centers will, and will require Program Participant to, ensure that none of the Window 1, 2 and 3 Funds is earmarked for lobbying activity, defined as attempting to influence legislation (i) through affecting the opinion of the general public or any segment thereof (i.e. grassroots lobbying) or (ii) through communications with any member or employee of a legislative body, except in the case of both (i) and (ii) to the extent such activities arise inherently in relation to CGIAR Research comprising policy development.

6. **Electioneering**

Centers will, and will require Program Participants to, ensure that the Window 1, 2 and 3 Funds will not be used to influence the outcome of any specific public election or to directly or indirectly carry on any voter registration drive.

7.2. **Requirement to Inform in Respect of Financial Irregularities.**

7.2.1. Participating Centers will promptly inform the System Organization and the relevant Lead Center(s), and will require Program Participants to promptly inform them, if there is a credible concern of Financial Irregularities and of the corrective measures initiated.

7.2.2. Lead Centers will promptly inform the System Organization, and will require Program Participants to promptly inform them, if there is a credible concern of Financial Irregularities and of the corrective measures initiated.

7.2.3. The provisions of this paragraph [7.2.3] will apply unless and until replaced by the relevant section expected to be included in escalation procedures upon approval by the System Council.
7.3. **Cooperate with Investigations.** Centers will, and will require Program Participants to, cooperate fully in the investigations of Financial Irregularities with respect to the administration and use of the Window 1, 2 and 3 Funds and implementation of CGIAR Research, whether the investigation is led by the System Organization, the Lead Center or an individual Funder to the Trust Fund.

7.4. **Corrective Actions in Respect of Financial Irregularities.** Centers will, and will require Program Participants to, consider corrective actions towards any person and/or legal entity as appropriate where there is a credible concern of Financial Irregularities related to CGIAR Research.

8. **Policies**

8.1. **General.** Centers will, and will require Program Participants to, ensure that Window 1, 2 and 3 Funds are used in accordance with the applicable CGIAR Policies and the relevant entity’s own policies and procedures as applicable. All CGIAR Policies applicable to the CGIAR Research will be available on the System Organization’s web site.

8.2. **Use of Materials.**

8.2.1. The System Organization may, and in its agreement with Funders may allow Funders to, reproduce, adapt, translate, publish, disseminate and distribute for non-commercial purposes and free of charge all reports, evaluations, impact assessments and other such similar documents, provided or made available by Centers to the System Organization.

8.2.2. Where appropriate and applicable, the System Organization will, and in its agreement with Funders will require Funders to, recognize the source.

8.2.3. Centers will, and will require Program Participants to, ensure that necessary intellectual property rights are obtained to allow the rights referred to under this paragraph [8.2.3] to be granted. If third party copyright restrictions or attribution requirements apply to such documents, this will be indicated on the documents.

8.3. **Procurement.** In the event that consultants are employed or services or goods are procured with the Window 1, 2 and 3 Funds, Centers will, and will require Program Participants to, ensure that the employment and supervision of such consultants and the procurement of such services or goods will be the responsibility of each entity employing or contracting with such consultants or carrying out such procurement and will be conducted in conformity with the Financial Guidelines Series, No. 6, CGIAR Procurement of Goods, Works and Services Guidelines as updated from time to time, in line with the following basic principles: equal treatment and non-discrimination on grounds of nationality, competition, predictability, transparency, verifiability, proportionality.

8.4. **Efficiency.**

8.4.1. Centers will, and will require Program Participants to, ensure that Window 1, 2 and 3 Funds are used with due regard to economy and efficiency, and that the highest standards of integrity in the administration of the funds are upheld.
8.4.2. Centers will ensure that Window 1, 2 and 3 Funds are used in accordance with the Financial Guidelines No. 5, CGIAR Cost Allocation Guidelines as amended from time to time, which set forth that costs incurred will be reasonable, allocable and assignable, where the following meanings apply:

a. “Reasonable”. Any cost charged to a project should be reasonable, meaning that it is necessary for the performance of a project and that a prudent person in similar circumstances will incur the same.

b. “Allocable”. Apart from the costs that are directly assigned, all projects should bear a fair share of costs of the organization’s services and institutional expenses. Such costs should be allocated to the projects using an appropriate allocation method.

c. “Assignable”. If a project directly benefits from an item of cost, such costs should be directly assigned to the project.

8.4.3. Centers will require Program Participants, with respect to the Window 1, 2 and 3 Funds received by them, to ensure that cost incurred will be reasonable, allocable and assignable.

9. Additional Restrictions on the Use of the Window 1, 2 and 3 Funds

9.4. No Taxation. Centers will, and will require Program Participants to, use best efforts, to the extent allowed by applicable agreements, such as those signed with host governments, and other applicable laws, to ensure that the use of the Window 1, 2 and 3 Funds will be free from any taxation or fees imposed under local laws.
9.5. **Responsibility to Inform.** The Participating Centers will promptly inform the Lead Center and System Organization, and the Lead Center will promptly inform the System Organization, should substantial deviation from the CGIAR Research supported with Window 1, 2 and 3 Funds develop.

9.6. **No Discrimination against Persons with Disabilities.** Centers will not, and will require Program Participants, to agree not to discriminate against persons with disabilities in the implementation of activities financed by the Window 1, 2 and 3 Funds, and to make every effort to respect the principles of the UN Convention on the Rights of Persons with Disabilities in performing such activities. To that end, and to the extent this goal can be accomplished within the scope of the objectives of the CGIAR Research, the System Organization, Centers and any Program Participants involved in an activity financed by the Window 1, 2 and 3 Funds should demonstrate a comprehensive and consistent approach for including men, women and children with disabilities consistent with such principles: (1) respect for inherent dignity, individual autonomy including the freedom to make one's own choices, and independence of persons; (2) non-discrimination; (3) full and effective participation and inclusion in society; (4) respect for difference and acceptance of persons with disabilities as part of human diversity and humanity; (5) equality of opportunity; (6) accessibility; (7) equality between men and women; and (8) respect for the evolving capacities of children with disabilities.

9.8. **Insurance.** Centers will, and will require Program Participants to maintain insurance coverage sufficient to cover the activities, risks, and potential omissions of the activities funded by Window 1, 2 and 3 Funds in accordance with generally accepted industry standards and as required by law.

10. **Programmatic Monitoring and Evaluations**

10.1. **Monitoring.**

10.2. The System Organization will oversee the implementation of the activities being carried out under the CGIAR Portfolio in accordance with the CGIAR System Charter and the CGIAR System Framework.

10.2.1. Each Lead Center will oversee the implementation of the CRP(s) or Platform it is leading in accordance with its rules and procedures and the applicable CGIAR Policies.

If an individual Funder wishes to request, on an exceptional basis, a review or evaluation of any activities financed with Window 1 and Window 2 Funds, such Funder will consult with a designated representative from the System Organization on the most appropriate scope and terms of reference of such review or evaluation. Such statements will be prepared as of 31 December of each year to be submitted within six (6) months of the end of each calendar year.

11.2. **CRP and Platform Financial Reports.**

11.2.1. Lead Centers will provide to the System Organization, and Participating Centers will provide to the Lead Centers, financial progress reports with respect to the CRPs and Platforms, prepared in a form and substance and frequency as may be determined by the System Council from time to time.

11.3. **System-Level Programmatic Reports**

11.3.1. **Activity, Output, Outcome and Impact Reporting.**
a. Each Participating Center will provide to each Lead Center a programmatic report on the CRP or Platform in which it is participating; and each Lead Center will provide to the System Organization a consolidated programmatic report on the CRP(s) or Platform it is leading.

b. The programmatic reports will be provided on an annual basis and, unless decided otherwise by the System Council, will include:

   (ix) An evidence-based assessment of progress on or toward the achievement of expected outputs and outcomes and, if possible, a description of the likelihood of the impact being achieved, which includes evidence of performance using actual data on output and outcome level performance indicators in comparison to baseline where available, and targets, with such data available through web links provided by the System Organization;

   (x) An assessment of challenges in implementing activities under the relevant CRP or Platform;

   (xi) An assessment of implementation and achievements of the System Organization’s Gender strategy with respect to the relevant CRP or Platform; and

c. Until such time that the System Council approves an integrated framework for a performance management system for CGIAR Research which will include requirements for reporting on the system level outcomes relating to environment, Centers will, and will require Program Participants to, provide reports that highlight progress and challenges on environmental issues that affect significantly and/or arise from the implementation of the activities under the CGIAR Portfolio, which reports are already required to be prepared by the Centers and Program Participants pursuant to their policies, procedures or some other regulation.

### 11.3.2. Final Report

a. Within six (6) months of the completion of a CRP or Platform, each Participating Center will provide to the relevant Lead Center(s) a final narrative report on the CRP or Platform in which it is participating; and each Lead Center will provide to the System Organization a consolidated programmatic final report on the CRP(s) or Platforms it is leading.

b. The Final Reports will include the information requested in paragraph [11.3.1] of these Standard Provisions over the course of the relevant CRP or Platform and a summary of considerations identified in above paragraph [11.3.1.b.] and how the relevant CRP or Platform is ensuring the sustainability of results achieved.

### 11.3.3. Responsibilities with respect to Programmatic Reporting

Participating Centers will provide to the Lead Center such information as is necessary to allow the Lead Center to comply with its reporting obligations under this paragraph [11].

### 11.4. Annual Report on all CGIAR Research
Each Center will provide the System Organization an annual report on its CGIAR Research activities conducted outside of the CRPs and Platforms.

11.5. **General.**

11.5.1. **Maintain Books and Records.**

   a. Centers will maintain books, records, documents and other evidence in accordance with International Financial Reporting Standards or United States Generally Accepted Accounting Principles as applicable, and (ii) will require any other Program Participants to maintain books, records, documents and other evidence in accordance with applicable accounting policies.

   b. Centers will, and will require Program Participants to: (i) retain all relevant records (contracts, orders, invoices, bills, receipts and other documents) evidencing expenditures related to the CGIAR Research activities financed by the Window 1, 2 and 3 Funds for at least 7 years after the date on which the concerned entity provided a final report on such funds for the relevant activities, and (ii) permit designated representatives of the System Council and the System Organization reasonable access during business hours to examine such records.

11.5.2. **Information.** Each Participating Center will provide to the relevant Lead Center and System Organization, upon reasonable request, all information reasonably available to it relevant to the implementation and progress of the CGIAR Research funded by the Window 1, 2 and 3 Funds and the Lead Centers will provide such information to the System Organization upon reasonable request.

11.5.3. **Inspection.** Centers will, and will require any Program Participant to, permit the relevant Lead Center, the System Organization or Funders or their designee, as the case may be, to carry out inspection at any time during the period in which CGIAR Research funded by the Window 1, 2 and 3 Funds is being implemented. Any such inspection will be performed during the relevant organization’s normal business hours and will not unreasonably interfere with business operations. Any costs incurred by the Centers with respect to an inspection requested by a Funder (i.e., unilaterally and not through the System Council), will be paid by the requesting Funder.

11.5.4. **Statement of Assurance.** Upon request by the System Organization, Centers will provide the System Organization a copy of letters of representation (to be substantially in a form acceptable to the System Council), providing assurance on adequate internal control systems.

11.5.5. **Change in Reporting Requirements.** Unless decided otherwise by the System Council and/or System Management Board as the case may be, any change in the form or substance or periodicity of a programmatic or financial report will become effective only in the following calendar year.

11.6. **Additional Audits / Financial Reviews / Programmatic Reporting.**

11.6.1. As set out in the Funding Agreements between the System Organization and each Funder providing funding to the Trust Fund, Funders will manage their audits, financial reviews and programmatic reporting with respect to the Window 1, 2 and 3 Funds collectively through the
System Council, including relying on the CGIAR Policies, thereby endeavoring not to require duplicative reporting, provided that Funders may require supplemental audits, financial reviews and programmatic reporting with respect to Window 3 Funds pursuant to their Window 3 Side Agreements, the costs of which would be paid by the requesting Funder.

11.6.2. As set out in the Funding Agreements between the System Organization and each Funder providing funding to the Trust Fund, if a Funder wishes to request, on an exceptional basis, that the System Organization, a Center or a Program Participant have an external audit or provide additional financial reviews or programmatic reports with respect to Window 1 and Window 2 Funds, and the requesting Funder has a statutory, regulatory or policy environment requiring such Funder’s ability to make such a request unilaterally, such Funder will decide with the System Organization and the relevant Lead Center and Program Participant on the most appropriate scope and terms of such audit, review or reporting. The costs of which, including the internal costs of the System Organization and any Center with respect to such additional audits, reviews or reporting, will be paid by the requesting Funder.

11.6.3. Centers and will, and require Program Participants to, collaborate on any audits, financial reviews or programmatic reporting conducted in connection with CGIAR Research activities.

12. **Limitation of Liabilities**

In providing funds under the Contribution Agreements or Arrangements or Funding Agreements or Arrangements, the Funders do not accept nor does the System Organization accept any responsibility or liability towards any third parties including any claims, debts, demands, damage or loss as a result of the implementation of activities with funds from the Trust Fund.

12.1. **No Additional Obligations.**

12.1.1. Neither will an individual Funder nor the System Organization be obligated to reimburse a Center or any other recipient of the Window 1, 2 and 3 Funds for costs incurred in excess of the total amount provided to Centers under the relevant Decision Letters.

12.1.2. Centers are only required to incur costs for and carry out research activities for the amount of funds actually received by them under the applicable Fund Use Agreements or Subagreements entered into by them. For the avoidance of doubt, in the event funding is suspended under an applicable Fund Use Agreement or Subagreement or an applicable Fund Use Agreement or Subagreement is terminated, Centers are required to carry out all of the activities for which funding has been provided under the applicable Fund Use Agreement or Subagreement or to refund funds to the Trust Fund in accordance with paragraph [16] of these Standard Provisions.

13. **Conflict of Interest**

13.1. **Avoiding Conflicts of Interest.** Centers will, and will require any Program Participant to, take all necessary precautions to avoid or manage any Conflicts of Interest in all matters related to the Window 1, 2 and 3 Funds.
13.2. **Resolving Conflicts of Interest.** If a Conflict of Interest occurs, Centers will take, and will require Program Participants to take, without delay, all necessary measures to resolve the conflict, e.g. by replacing the person in question or by obtaining independent verification of the terms of the proposed decision or transaction.

14. **Acknowledgement of Funders**

All communications products on CGIAR Research funded by the Window 1, 2 and 3 Funds, whether online or in hard copy form (e.g., publications, press releases, newsletters, website stories, blogs, posters, etc.), must acknowledge support received from Funders in accordance with the CGIAR Branding Guidelines as updated from time to time.

15. **Suspending Window 1 and Window 2 Funds**

15.1. The System Organization may, at any time, suspend transfers of funding from Window 1 and Window 2 allocated to a specific Lead Center or instruct a Lead Center to suspend transfers of Window 1 and 2 Funds allocated to a Participating Center, wholly or in part, if the System Organization has a credible concern that the Window 1, 2 and 3 Funds are not used in accordance with the applicable Fund Use Agreements.

15.2. Before such action is taken, the System Organization will consult with the System Council as well as the relevant Lead Center and the relevant Center, if applicable, and the System Organization and such Lead Center and Center, if applicable, will endeavor to identify ways and means to manage the suspension and mitigate impact on implementation of CGIAR Research until such time that the suspension may be lifted.

15.3. A Lead Center may, on its own without instructions from the System Organization, suspend transfers of Window 1 and Window 2 Funds to a specific Participating Center, wholly or in part, if there is a credible concern the Window 1, 2 and 3 Funds are not used in accordance with the applicable Fund Use Agreements or Subagreements entered into by such Participating Center.

15.4. Before such action is taken, the Lead Center will consult with the System Organization and the relevant Participating Center and the parties will endeavor to identify ways and means to manage the suspension and mitigate impact on implementation of CGIAR Research until such time that the suspension may be lifted.

16. **Unexpended or Uncommitted Funding**

16.1. Centers will, and will require Program Participants to, promptly return any portion of the Window 1 and Window 2 Funds that is unexpended or uncommitted at the completion of the CRP or Platform for which it was provided (including approved extensions) or at the termination of a Financial Framework Agreement between the System Organization and a Center unless decided otherwise by the System Council. Such returned funds will be deposited to Window 1 of the Trust Fund.

16.2. At the written direction of an individual Funder, the System Organization will require Centers to promptly return any portion of Window 3 Funds that are unexpended or uncommitted at
the completion of the CGIAR Research program or platform for which it was provided (including approved extensions).

17. **Misused Funds**

17.1. Centers will, and will require Program Participants to, refund any portion of Window 1 and Window 2 Funds not used in accordance with the applicable Fund Use Agreements or Subagreements.

17.2. Subject to paragraph [1.2.3] of these Standard Provisions, the System Organization will require Centers to refund any portion of the Window 3 Funds not used in accordance with the applicable Fund Use Agreement, and such Funds will be deposited to Window 1, Window 2 or Window 3 of the Trust Fund as directed by the Funder that contributed such funding.

17.3. **Inconsistency**

In the event of any inconsistency between the Cover Agreement and these Standard Provisions, these Standard Provisions will prevail.

18. **Amendments**

These Standard Provisions may only be amended by approval of the System Management Board, after consultation with the System Council. The System Organization will promptly notify the Centers in writing of any such amendments to these Standard Provisions.
