

# Capacity Sharing for Development (CapSha)

---

## 1. CapSha is up and running:

- **Research Engagement:** Ethiopia, Rwanda and Senegal w/ Excellence in Agronomy and Genetic Innovation
- **Under design:** Learning and Knowledge Platform (part of Training and Education); South-South and Triangular Cooperation; and Monitoring, Evaluation and Learning
- **Breeders Academy:** w/ CIMMYT, CIP, IITA, Alliance and Genetic Innovation

## 2. CapSha's role: coordinate, integrate and elevate efforts across the System

## 3. Looking ahead:

- CapSha strategy and action plan
- PhD and Post-doctoral fellows' program
- Activate the CapSha Community of Practice
- Operationalizing CapSha across the portfolio and beyond

# Engagement Framework 2.0

---

## 1. Version 2.0:

- Internal and external consultations w/ Science, Regions, HLAB, GFAR
- 40+ substantive changes incorporated based on 22 discrete HLAB recommendations
- To SLT for review by end of October 2023; then to System Board and Council for endorsement

## 2. From policy to action (examples):

- Partnerships Strategy
- Regional and Partnerships Strategy
- Guidelines for design of Portfolio25

## 3. Engagement framework as a living process:

- Driver for cultural change
- Test, learn, improve and adapt
- Aligned with the CGIAR matrix structure
