Day 1

Sewell was declared a World Heritage Site in 2006. It is one of the most attractive destinations in the O'Higgins region. It is a former mining camp with more than 100 years of history that served as dwelling for the miners of the El Teniente Mine. The tour includes the civic district, the employees' and industrials' buildings, the main stair, Morgan Square, and Major Copper Mining Museum.

Bring cash, a carry-on bag, your passport, cell phone charger, first aid kit, and toiletries.

Day 2

Punta de Lobos is popular for being one of the essential destinations for surfing, located 6 km south of Pichilemu. Its kilometers of beaches and big waves that can reach more than seven meters are highlighted. A geographical area that still preserves an old town atmosphere that is transformed with the arrival of both domestic and foreign tourists.

Always remember to observe the posted instructions and environmental protocols.

Day 3

The Río Cipreses National Reserve is 50 km from the city of Rancagua. It is a special area for ecotourism. It stands out for its great trails where there are large forests of Chilean acorn, quillaye, and litre trees, it also includes a very extensive wildlife including vizcachas, macaws, burrowing parrots, and condors. Its main river is the Los Cipreses River which flows from the glacier of the same name.

Get plenty of rest, always carry water, sunscreen, passport, adequate clothing, a first aid kit, and toiletries.

Plan your perfect trip

- If you are from another country, we suggest taking travel insurance with coverage in Chile in case of any contingency.
- Always have cash available because you can get to places where ATMs are not available.
- Always prefer to travel during the low seasons to avoid high traffic and higher costs.
- Don't forget to check information on covid-19 restrictions before traveling anywhere.
