C01. What do you feel was the most valued part of the sections?

6035. The handouts she provided on the course material

26765. The course material

38035. The in class activities

43858. Review before exams was helpful.

1146. The review sessions she would host and the intensive practice problems

28728. Being able to ask questions for clarification.

1227. Very easy to follow

156. Summarized all the material for the lectures in a holistic manner that appealed to the bigger picture and further understanding

42414. following along with the problems

4322. her communication with various problems

7797. Going over sample problems was incredibly helpful. I do not always do the homework listed on the website so it is nice to go over it in section and have that allotted time block for it. Also the review during the last section, while I had to leave early, was really comprehensive. I never needed to go to office hours because she did such a great job explaining the material during section. After section I definitely had a better handle on the material and I was way more confident about my ability to do well in this course.

37153. The overview of the week's material before going into the practice questions

176. She really told us everything we needed to know in a straight forward and consecutive way. This was the only time I understood what was happening at each step of the problem at had. What she wrote on the board was always clear as well.

19855. Gives great overall reviews, very helpful and willing to go above and beyond.

26860. Solid explanations and recap of the lecture

35749. The discussion sections were led in very orderly manner, reviewing the material covered in lecture first and then diving into practice problems. This provided a clearer understanding of the material and helped prepare for exams.
