# Whale Song

A circular artwork depicting a globe. The top half shows a light sky with a bright yellow sun and several birds in flight. The bottom half shows the ocean in shades of brown and blue, with a large whale swimming. The text is centered over the sun and sky area.

We praise you for your handcrafted world...  
for birds flying and fish swimming,  
**whales singing**  
cradled in womb-waters  
**of the ocean deeps.**

*Psalm 8:5-8; 22:10*
