

North Central Texas
Council of Governments

FOREST HILL DRIVE STUDY

PUBLIC MEETING

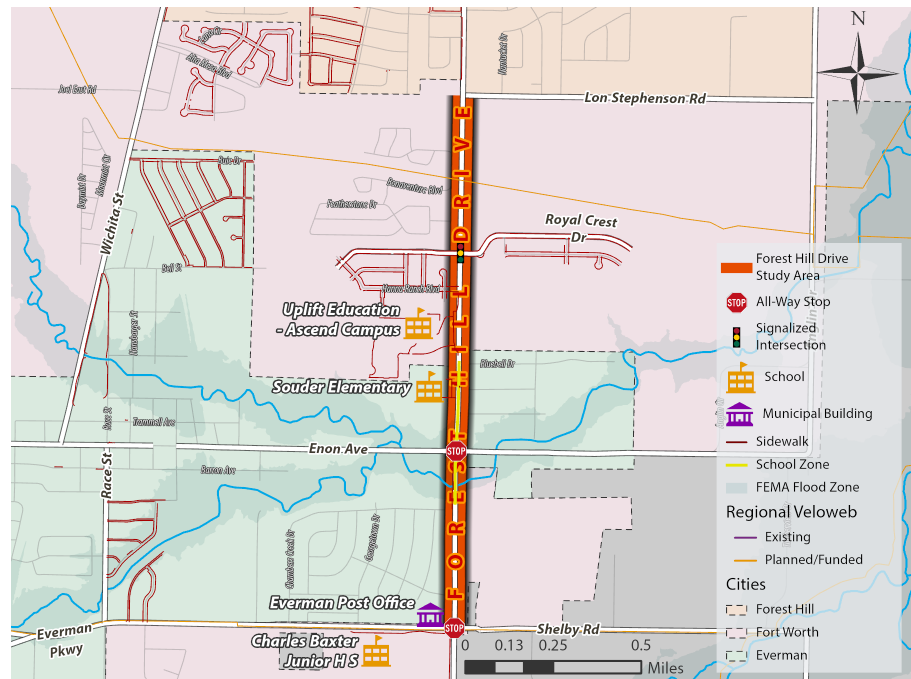

Monday, April 8
6:30 p.m. - 8:00 p.m.
Forest Hill Civic & Convention Center
6901 Wichita St,
Forest Hill, TX 76140

The North Central Texas Council of Governments (NCTCOG) is conducting a roadway study in Forest Hill, Everman, and Fort Worth to examine the issues and potential solutions on Forest Hill Drive between LonStephenson Road and Shelby Road. This study addresses flooding and stormwater impacts, roadway safety and traffic congestion. In addition, traffic signals are being upgraded, added, and re-timed on Forest Hill Drive near Interstate 20.

Please join us to hear the final recommendations and concepts developed following a public meeting held in September 2023. The public will be asked to review and comment on the recommendations. Additionally, construction funding approved by the Regional Transportation Council in February 2024 will also be discussed.

Residents can also provide their input through an online comment tool, Map Your Experience. Please visit: www.nctcog.org/mye and attend the meeting for more understanding of this important tool.
