MEMORANDUM

TO: Ashley Featherstone, Director
James Raiford, Permitting Program
Manager

FROM: Betsy Brown, Air Quality
Coordinator

SUBJECT: Permit Annual and Application Fees for Calendar Year 2024

Attached are the official tables for the new Asheville-Buncombe Air Quality permit annual and application fees for calendar year 2024. In 2023, pursuant to AB Air Quality Code 17.0204, the Asheville-Buncombe Air Quality Agency increased the Title V fees by the Consumer Price Index (5.43149%). This annual inflation adjustment will go into effect starting January 1, 2024 for the Title V permit application fees.

As a historical note, Title V Fees were adjusted September 27, 2021, per rulemaking and AB Air Quality Board approved changes to 17.0203. Title V tonnage fees are adjusted by the AB Air Quality Board as part of the annual budget process.

More information regarding the Consumer Price Index and the 40 CFR Part 70 presumptive minimum fee can be found here: <https://www.epa.gov/title-v-operating-permits/permit-fees>. It is recommended that the Title V tonnage fee also be increased to \$62 per ton based on the EPA presumptive minimal fee of \$61.73 as part of the BCFY 2025 budget.
