COLORED BARS

The compact blue switch on the back of the 24V model lets you easily choose from following vibrant lighting colors — red, green, blue, amber, purple, cyan, and white — and set your preferred lighting mode. (Night mode)

You can also set this with KNX.

MOUNTING

Important: The frame must be installed with the claws facing both the top and bottom. Afterward, the clamps on the Lucia can be pushed firmly into place. To detach the product, the top half you can push off, then the bottom half can be pushed off.

ASSEMBLY

In universal built-in boxes with screws

ENGRAVING

Our plates are fully engravable according to your wishes, all kinds of fonts & symbols are possible.

CARE AND MAINTENANCE

Please do not clean our products with aggressive cleaning agents or alcohol-based products. These can damage the exclusive finish and materials used.

To maintain the quality and appearance, we recommend using only mild cleaning applications. Do not place any type of tape on the bronze finishes this can damage the varnish layer.

FINISH CODE

To complete your order code, add the code of your chosen finish to the product code. For example: CJC7001V
