

ABOUT

Switch panel 24v-230v without lever
Levers are separate

WIRING

Traditional or low voltage cable

POWER SUPPLY

230v ac - (6A) or low voltage ac/dc

ASSEMBLY

All single elements are to be assembled in the right order to obtain the final switch panel in universal built-in boxes with screws: sockets not included
Claws are optional minimal depth 50 mm

ENGRAVING

Our plates are fully engravable according to your wishes, all kinds of fonts & symbols are possible.

BUTTONS

Can be combined with Xuxa/Irina buttons.

CARE AND MAINTENANCE

Please do not clean our products with aggressive cleaning agents or alcohol-based products. These can damage the exclusive finish and materials used.

To maintain the quality and appearance, we recommend using only mild cleaning applications. Do not place any type of tape on the bronze finishes this can damage the varnish layer.

FINISH CODE

To complete your order code, add the code of your chosen finish to the product code. For example: CJC5001V

SWITCH PANEL 24V-230V

ABOUT

Switch panel 24v-230v
without lever

WIRING

Traditional or low voltage cable

POWER SUPPLY

230v ac - (6A) or low voltage ac/dc

ASSEMBLY

all single elements are to be assembled in the right order
to obtain the final switch panel in built-in boxes type
Bticino503e and Bticino504e

ENGRAVING

Our plates are fully engravable according to your wishes,
all kinds of fonts & symbols are possible.

BUTTONS

Can be combined with Xuxa/Irina buttons.

CARE AND MAINTENANCE

Please do not clean our products with aggressive cleaning
agents or alcohol-based products. These can damage the
exclusive finish and materials used.

To maintain the quality and appearance, we recommend using
only mild cleaning applications. Do not place any type of tape on
the bronze finishes this can damage the varnish layer.

FINISH CODE

To complete your order code, add the code of your chosen finish
to the product code. For example: CJC5301HV
