

# GREYHOUND CARE:

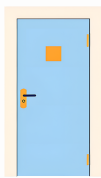

## "DOS" AND "DON'TS" ❌

### DO

Brush your greyhound's teeth every day.

Take them out regularly to potty.

Brush them with a hound glove.

Feed a high quality kibble.

Supervise them in the back yard.

Check your yard for toxic plants.

### DON'T

Neglect their dental health.

Scold them after they have had an accident.

Neglect their coats.

Forget to fill their water bowl.

Leave them outside without checking on them.

Ignore the toxic plants you may have in your yard.

Taking care of your greyhound ensures two happy souls in one home!
