MEMORANDUM

COACH'S QUOTES

Tulane's Beards Klander: "I'm very proud of our kids. Clemson pushed us around pretty good in the first quarter. They wouldn't let us get any momentum going...but I was very happy with the way we kept coming back. We realized we were playing a good football team that was well coached. Steve Fuller did an outstanding job for a freshman quarterback, but he didn't surprise us because we tried to recruit him for Tulane and didn't succeed. Clemson has a fine quarterback on their hands and we wish him well because he is a fine young man. Speaking of quarterbacks, Buddy Gilbert did a superb job today stepping in to take over our offense. As a team, the offense made some mistakes today, but they were first game mistakes so we can only get better. Nathan Ball stood tall and made some key sacks in the first three quarters. Wyatt Washington had those three big intercepts, but even more outstanding to me was the way he took control of his area throughout the game. We got it together in our last drive and held the ball for a while to take the pressure off the defense, and I hope we see some more of that in the future."

Clemson's Red Parker: There's not really anything to say except we had a good effort, and so did Tulane. We turned the ball over too much obviously to have any kind of a chance to win. But that's all part of the game.

We had a lot of breakdowns--almost a typical first game. But I thought we carried it to them in the second half. But again, turnovers hurt us.

On the quarterback situation, Mike (O'Cain) didn't have a good day. Fuller for a freshman did a good job. I won't make a decision on my quarterback (against Alabama) until after seeing the film.

I really don't have anything to fault our play. We were fortunate to stay that close making those eight turnovers. What was surprising was that breakdown usually occur on the option with a veer team. But that wasn't where ~~our~~ ours came.

Out of everything you can say not one thing is to get to except that turnovers cost us the ball game. We haven't shown any tendency in practice to have turnovers and it was a complete departure on what we ~~know~~ had been doing. We were geared to play good. It's tough on our players to have something like this to happen.
