FINAL: ALABAMA 56, CLEMSON 0

COACH RED PARKER OF CLEMSON: There's not really much I can say because we got beat in so many phases of the game. We never got anything going. After awhile, we were just snatching and grabbing.

They proved so much superior to us I don't really know if the game did them any good or not. We never put any strain on their offense. We knew they were going to run right at us, and they were able to do it.

After we let the ball roll on that first punt, it was down hill after that. They put that heavy rush on the punter and we knew they would do it if they got us backed up that deep and him being a freshman.

It was embarrassing for our team and for our fans. I thought Alabama played good, but we came out in the second half and had a good drive going. One of our three sophomore linemen busted a third down play and we didn't make a first down, and the next time we started a drive and Bennie fumbled. After that we just didn't do anything.

The only bright spot was the end of the game. We couldn't stop them and we couldn't get started. We've got to get our offensive line straightened out if we're going to play any good offense. I'm going to do the very best I can do to earn my money next week and make them forget this one.

Parker said that Steve Fuller's ~~ankle~~ ankle would be x-rayed when they return to Clemson to see if it is broken. If it is, he said Willie Jordan would work with Mike O'Cain at quarterback.

COACH BEAR BRYANT

"I'm mighty proud, of course. This was the beginning of our second season and I was worried to death before the game. The score surprised me, but I wasn't surprised that our players came back.

"I know they put a lot into it. Our getting off to a good start had to hurt Clemson. I'm sorry their quarterback got hurt. I hope it's not serious. I know losing him hurt them.

"Their big tight end was everything everybody said he was.

"When you have to play catch up it's mighty hard. We gave up a lot of ground defensively, but we did shut them out and the offense put some points on the board.

"Our line was coming off and knocking them out and giving our backs room to run. All of them ran well, some better than others. And somebody did a lot of blocking.

"The biggest improvement over last week was in mental attitude. They went out to play a football game and put a lot into it. The coaches did a good job and had a good plan, but it doesn't matter what the plan is. The players make it."

ASKED ABOUT FRESHMEN TONY NATHAN AND JEFF RUTLEDGE: "I thought Rutledge did well and Nathan also. I'm glad we could play them at a time that if they made mistakes it wouldn't hurt us."

He said that Charles Hannah was the only Alabama player dressed that didn't play.
