Quotes from Duke Coach Mike McGee--

"Hallelujah! That's exactly how I feel. It was truly a great win. The defense and goal line stand...the offense after a frustrating third period, coming back and sustaining themselves...The long field goal by Vince Fusco...Tony Behjamin...Our offensive line blocking...Mike Barney and of course Mike Dunn.

How can you put a tag on it other than it was beautiful. The student body support was tremendous all day. It was just a glorious day. We played our basic defense most of the time in the second half. We had used a different defense in the first half and at half time we decided to go back to our basic defense. The defense gave us the ability to stop them in the second half. Willie Jordan is an outstanding player. We had to play either base, or go after him. The long pass they had was possibly aided by our lack of pass rush. We decided before the game to start Bob. This was exam week at Duke and it effected practices. We have had trouble winning in the past during exam week. Mike came off the bench and played well. He started the second half of the Army game and now the Clemson game. At this moment I can't say who will start next week. We expected to play Mike a lot today. We still have confidence in Bob, but felt Mike's quickness would play a part in the game. Clemson moves their linebackers around and we needed Mike's quickness.

quotes from Clemson Coach Red Parker

We missed a 100 opportunities and every missed opportunity comes back to haunt you. And you just don't do that. Our missed opportunities were the big factors.

After they went up 10 points, we started doing things we really felt like we should. I really thought we should have ~~xxxx~~ had more points in the ~~first~~ first half.

I thought the three big plays in the game were: our failure to get the ball in when we had a first down on the two-yard line; a holding penalty that was called on us when we had a first down about the 32; and the bad punt.

I bet they had three or four linemen downfield on the pass play (just after the bad punt). That was a quarterback run all the way and Dunn scrambled out and dumped off the pass. I thought they'd go with two quarterbacks. Dunn showed a lot of poise for a freshman. He's a fine quarterback.

It's just another disappointment in a season where there's been a lot of disappointments. I think we will look back on this game probably more than any other one and say the things that might have been.

When we were on the two yard line Willie went the wrong way on the first down; and on the second down, he should have pitched because it was there for a touchdown.. This is a hard one to take
