COACHES QUOTES

BILL DOOLEY : Well, it wasn't pretty, but we did what we had to do to win. You have to give Clemson a lot of credit. It was a real dogfight. Today they didn't hurt themselves with ~~many~~ fumbles and interceptions as they had earlier in the season.

Other than the third quarter, I thought our offense did a good job. Matt Kupec did a good job at quarterback and Mike Voight and Bill Johnson ran well. Our line also blocked very well.

Defensively, we didn't execute well in the third period. I thought our defense did a good job in the first half, though. I don't know what happened in the third period. We may have had a little letdown, but I think Clemson's good play was the main reason they moved the ball so well. Their quarterbacks ran the options very well.

RED PARKER: , This is the way we've played all year--nothing much in the first half and a whole lot in the second half. I thought we really stuck it to them after we got down 21-0. ~~Mike~~ Voight's long run was the biggest play of the game. We'd just kicked out on the one-yard line and had them back up, but they got out.

There might not be anybody else proud of our boys, but I certainly am. They've had plenty of chances to fold this year, but they haven't. I hate for people to throw rocks at them because they work awfully hard. It's all right to throw them at me, but those guys are really trying.

I thought they were quicker on defense than we were on offense in the first half and blocking is the name of the game. We changed some blocking schemes in the second half and it showed up when they only had the ball six times the third quarter.

We've played a good second half in every game this season except Georgia. This is probably our second best second half of the season. Possibly we played better against Tennessee.

I have no idea of why we start so slow. But everything seemed awfully quiet before the game today. Our team wasn't making much noise, the fans weren't with it at times...I was just surprised at how quiet everything was.

The play when one of our backs jumped, it was not an audible. We called a veer play in the middle on two and Warren (Ratchford) thought he said on one. That was a real crucial play.
