Coaches' Quotes

Coach Charley Pell, Clemson: I've been in football a pretty good while--in some big ones--Orange Bowl, national championship--but I've never been around a group of men ~~that~~ that worked harder and paid more for the price to get what they've got today. They did it the hard way against a great football team in the University of Georgia. It wasn't a fluke. We had some plays that went our way. I told this team last week when these plays started going our way, we was going to be the winner and they are going to have to try to understand the ~~it~~ difference on Sunday. We're the winner and we'll let them other folks try to explain tomorrow. I think our Clemson football team is beginning to realize something about of what it takes to win. This was an emotional game and certainly we beat a team that has more talent supposedly than us. We're still not at the point where we can say we're a great football team. I'll guarantee, we've come a million miles since last February. The seniors, the offense, the defense, the speciality teams -- all did a great job today. I think you saw the results of all the long hours our coaches have put in. They've worked til midnight six and seven days a week to bring this team along. We were better today than we were last week, and we were better last Saturday ~~than~~ than the Saturday before. Our Clemson people are hungry, our players are hungry and our ~~at~~ Clemson people have sacrificed a great deal. We believe in this football team-- we told them we believed in them. And today I think they showed you all why we believed in them.

Coach ~~is~~ Vince Dooley, Georgia: Basically, they just whipped us. I don't know of any other way to put it. ~~is~~ They whipped us in every respect of the game. We had every opportunity to win, but didn't. Clemson was well-coached, well-prepared, and they were hungry. And, they've got good players. They fought us to the end. I thought that since we had an opportunity to win the game, we would go ahead and try. I didn't feel we deserved to win in the first place, so I thought I'd stretch our luck to see if we could win it. I knew it was a very poor percentage play after the penalty.

We had some missed blocking assignments which hurt us. We're young, inexperienced, and we're going to have to fight for everything we get this season. Among the many things that disappointed me was that time after time we had chances to score but didn't take advantages of them.

That was a tremendous play by Jesse Murray to get us down in scoring position. He was probably the outstanding player of the game today. But, there weren't very many great players out there for Georgia today.

I'm gonna be around here a few more years, and I'm gonna win 100 games.
