COACHES QUOTES

Coach Mackovic WFU-- "I thought Clemson played very well. Last week they played an outstanding game and I knew it would be tough for them to again this week. They are a very solid football team both offensively and defensively. The thing that they have is an Excellent quarterback in Steve Fuller. He has the ability, poise and maturity to make all the big plays. I was highly impressed with his ability to find and hit his secondary receivers.

All we can do is work for next week and just go out and practice and try to continue to improve. I don't think playing on the road the last two games is any deterrent; we've actually played pretty well on the road. I look forward to a good game with Duke. It will be a matter of both teams having to play good solid football. Today I thought we had some people open early and couldn't hit them. We'll have to improve on the "little things."

Coach Fell: Our players played hard today, they did what they had to do and put together an outstanding football game. They should be very proud of what they did.

I was especially pleased with the way Steve threw the football. He was on target in almost every instance, and a couple of times he overthrew the man because of the close coverage. I thought he did an exceptional job. And I think the offensive line should get a lot of credit for its pass protection. Their play was flawless except for one play and by gosh, when you get that close, I'd say it was flawless.

We needed a game like this where we could execute out throwing game because we like to throw the football -- we want to throw the football. I think ~~x~~ Steve and his receivers -- Jerry Butler, Perry Tuttle, Dwight Clark -- all did a good job.

The defense did a fine job. They gave up some big plays, but when they had to, they came up with some big plays of their own. I thought the pass rush improved as the game progressed. Rich Tuten, Charlie Bauman, Jim Studkey played an exception game at defensive tackle. ~~Was~~ They double teamed out tackles quite a bit, and early, we just couldn't get to them. But as the game wore on, we made some big plays.

I'd like to give credit to John and his staff. They've got a scrappy club, ~~with~~ ~~with~~ they don't quite, they keep coming after you & AS EVIDENCED BY THAT fine drive they put together and we did everything we could to keep them out of the end zone. But they just stuck it down our throats and got their touchdown. And I think that's the kind of club he's building here.. He's to get a lot of credit.
