## COACHED QUOTES

WAKE FOREST COACH JOHN MACKOVIC: "We were just beaten. They played well and played to their strengths early. They played our receivers well and pressured the quarterback all day plus we dropped some passes which broke our tempo. It hurts to lose but we still have some games to play. I give Clemson a great deal of credit. I knew their defense we be as good as anybody we had played and they lived up to that expectation. They have a good strong team. We'll bounce back and start getting ready for Duke. Anything can still happen in the laegue race and we just have to help ourselves."

CLEMSON COACH DANNY FORD: We were very proud of our football team. They bounced back after a tough defeat last week. The seniors~~x~~ came back to play their last game in Death Valley and did a whale of a job. We're just real proud of them -- offensively, defensively, the kicking game -- all of them.

Wake Forest had a good game plan against us and I think our defensive coaches had a good game plan against them. We had the quarterback on the run a little bit, and that's what we wanted to do. We had good coverage, good underneath coverage and they made things happen and got some points for us. Our offense played well in the first and second quarter, then we didn't do too much in the third, and actualy, we didn't play that well from then on because we had a lot of yountsters in there.

We're still concerned a little bit the fact that it took us three downs again to get into the end zone from the one. We ought to be able to get that in one down.

Our seniors have done a lot for Clemson. They've turned the football program around here. We're very proud of them.

Wake Forest had one of them days coming it looked like. They're a good football team. They are a lot better than they showed today, but I think our defense had something to do with that. Wake Forest has done a super job. They'll bounce back I'm sure. But I just can't say enough about our guys.

Wake Forest did a very good job in their pass blocking. That's the hardest thing to do in football and I don't think we got to the ~~x~~ quarterback but twice. As much as they threw, that's got to be a credit to their offensive line. Venuto threw a couple off balance and we felt if we ever got him out of the pocket. He's the most accurate thrower I've ever seen on film, and he still is today -- if you sit there and let him throw.

We were planning on playing Lester Brown a little bit today, but when we were up 24-0 at halftime, we told him we didn't think we'd play him unless we had to and give those ribs one more week to knit.
