BILL CURRY, GEORGIA TECH

"We just got beat by a real good football team. We got beat every way one team can beat another. Clemson executed extremely well, and we executed very poorly. Clemson showed poise when they needed to make first downs and they did it. When we needed to make key first downs, we didn't. In the kicking game where we hope to excel, we broke down

"I thought the defense fought extremely hard after they came unglued there in the first quarter. We gave them two quick ones (touchdowns) on the short drives. I was very proud of the defensive effort and hustle. But we put way too much pressure on our defense. We never sustained anything (offensively) and kept drives alive. We never put it in the end zone to give our team life.

"We grow from these things again and we congratulate Clemson. They looked awfully good to me. I think Coach Ford and his staff did a fine job preparing them coming off an emotional win last week. They came out in a business like way and whipped us.

(play of Rodney Williams) "I thought Williams was terrific. I thought that last week. I thought he played even better today than he did last week.

(example of getting behind early) "At the time in the first quarter, I thought we could just get routed. Clemson is certainly good enough to do that. The defense really started to play much better in the second quarter. It was 3-3. Of course we cost ourselves a touchdown on the fake by being down field. That's coaching. That's our fault. I thought we would come out in the second half and it would be a good even struggle. I don't think our back was broken early but we just couldn't fight out of that hole.

NOTE: Senior flanker Gary Lee's two receptions for 17 yards against Clemson pushed his career receiving yardage over 1,000 yards. Lee has now caught 50 passes in his career for 1,016 yards.

DANNY FORD, CLEMSON

I thought our kicking game got ~~us~~ us off on the right foot with that long ~~kick~~ kickoff return that got us in good field position right away. But that was not the only play that the special team helped us out. We had good punting, ~~good~~ good coverage in punts.

We are beginning to show some improvement on defense ~~a~~ each week. After Chavous went down early, we had to depend on a couple of others (J. C. Harper and Otis Moore) to take up the slack and they did a pretty decent job.

Rodney Williams continues to get better. I thought he ran the team well today and we had good execution. I don't know what our third down conversions were, but I'm thinking that it's gonna be pretty high.

We're tackling a little bit better. I didn't think that our linebackers tackled all that well last week, but Carter made some key tackles early in the game that kept them from getting a first downs.

But we're real proud of our people. There was some good execution. We didn't have any big game breakers today of 57 yards, but there was some hard-earned yardage out there. I thought their concentration was a lot better today...and that's one thing we emphasized in practice this week.

All in all, it was a good win for us. Georgia Tech has a quality program, quality players and quality coaches and I look for them to be right in the thick of the battle the rest of the way.
