Coach Danny Ford of Clemson; I'm real proud of the way we played, especially in the first half. ~~Wxxxxxx~~ We're mighty grateful to win. I hope we learned a lesson in this one today in that when you have somebody down, you can't let him back up. Stanford certainly got back up and came after us in no uncertain terms.

I don;t think we could have asked for any better ~~se~~ first half that our team played. But one of the liabilities of our team this year is that we haven't learned how to play 60 minutes yet. Stanford played a great second half and really brought it to us. We just did not do too much in the second half and we came withing a cat's whisker of not winning.

I wish we had looked good the second half, but again, Stanford proved that they came here to play. But I told ~~me~~ our guys at halftime that they qwere either going to do one of two thin gs-- we were either going to set a NCAA record of being ahead at halftime and losing or we'll either go out and score a bunch of points and win going away. It vcame awfully close of being the first one.

We learned a valuable lesson--if you get somebody down, you'd better do something the first five minutes of the third quarter. Stanford took control at the start of the second half and controll- ed the entire second half and did a super job against us making some good adjustments at ~~xxxx~~ halftime. ~~X~~ It's true, they came up short, but ~~a~~ not deservedly so, ~~xxxxcxxxxxx~~, because they played agreqt second half. Their quarterback Ennis, being 27 points down at halftime, and coming back and doing what he did showed me something about him and I know that he is going to be a great football player at Stanford. We have great respect for Standford, even moreso now that we have played them.

quotes from stanford head coach jack elway.

we showed what kind of competitors ~~the stanford team is~~ we are. during halftime, we just made our mind to come out and play physical football with clemson. we have been a time that has battled back and today we proved our ability to fight the odds. give credit to clemson. they executed an excellent game plan and came out ready to play. we knew their running backs would give us problems. their defense is to be praised as well. we were frustrated in the first half offensively. that is a credit to their defense. we were also passive in our special teams and kickoff returns play in the first half. at halftime, we just decided to play football and show what type of football we can play. our team played with better execution in the second half. we were also able to generate better field position in the second half. greg ennis was a little nervous in the first half, but he settled down in the second half, and played much better. the game experience will help him in games ahead. playing in a bowl game was really a good experience for our football team.

Coach Danny Ford of Clemson; I'm real proud of the way we played, especially in the first half. ~~Wxxxxxx~~ We're mighty grateful to win. I hope we learned a lesson in this one today in that when you have somebody down, you can't let him back up. Stanford certainly got back up and came after us in no uncertain terms.

I don;t think we could have asked for any better ~~xx~~ first half that our team played. But one of the liabilities of our team this year is that we haven't learned how to play 60 minutes yet. Stanford played a great second half and really brought it to us. We just did not do too much in the second half and we came withing a cat's whisker of not winning.

I wish we had looked good the second half, but again, Stanford proved that they came here to play. But I told ~~xxx~~ our guys at halftime that they qwere either going to do one of two thin gs-- we were either going to set a NCAA record of being ahead at halftime and losing or we'll either go out and score a bunch of points and win going away. It vcame awfully close of being the first one.

We learned a valuable lesson--if you get somebody down, you'd better do something the first five minutes of the third quarter. Stanford took control at the start of the second half and controll- ed the entire second half and did a super job against us making some good adjustments at ~~xxxx~~ halftime. ~~x~~ It's true, they came up short, but ~~x~~ not deservedly so, ~~xxxxxxxxxxx~~, because they played agreqt second half. Their quarterback Ennis, being 27 points down at halftime, and coming back and doing what he did showed me something about him and I know that he is going to be a great football player at Stanford. We have great respect for Standford, even moreso now that we have played them.

quotes from stanford head coach jack elway.

we showed what kind of competitors ~~the stanford team is~~ we are. during halftime, we just made our mind to come out and play physical football with clemson. we have been a time that has battled back and today we proved our ability to fight the odds. give credit to clemson. they executed an excellent game plan and came out ready to play. we knew their running backs would give us problems. their defense is to be praised as well. we were frustrated in the first half offensively. that is a credit to their defense. we were also passive in our special teams and kickoff returns play in the first half. at halftime, we just decided to play football and show what type of football we can play. our team played with better execution in the second half. we were also able to generate better field position in the second half. greg ennis was a little nervous in the first half, but he settled down in the second half, and played much better. the game experience will help him in games ahead. playing in a bowl game was really a good experience for our football team.
