Quotes from Maryland Coach Joe Krivak

What were the reasons for difficulties today?

"It was a combination of things. They have a great defense. Great team speed. Look at their back and linebackers--they all run so well."

"Watch that game out there. Allen is one heck of a back. We did a good job, but they exploited our weak side on the option. This is the best team we've played to date."

Differences between Clemson and WVA and NCSt.

"The quality of athlete. Both N.C. State and West Virginia have a half dozen good athletes. Clemson has a bunch. And it's a young team."

"Talked to Danny before the year started. He asked me how many freshmen we had. I told him 26, 21 of them recruited. He told me they had 66. Walk-ons come here from all over the country. They have a fine program. Everyone likes to be identified with a winner, don't they?"

How do you handle the off. difficulties season has brought?

"It's tough. I don't have an answer. But the buck stops here."

"I thought Scott Zolak competed well today. I didn't doubt that he would. I thought Matthews did some good running. So did Troy Jackson before his knee got popped."

"We dropped more balls out there today than we had all year. They have a lot to do with that. They're always there pressuring. The holes don't remain open for long. They pound you."

"I thought it would have been ridiculous to play Neil (O'Donnell) in the second half. We'll have to x-ray him later." (O'Donnell has a badly bruised right hand)

COACH DANNY FORD OF CLEMSON: I was very concerned about this game coming into it because I haven't been able to read this team yet. But with the exception of the kickoff coverage the first time, I thought we played a pretty sound game. I don't have a lot of complaints now, but I did not know coming into the game.

The blocked punt was probably the turning point of the game. But because of the hurricane, Maryland came in a day early and laid around the hotel all day Friday. And it was a little hotter that they are probably used to. All these factors probably had something to do with the outcome.

But I think that blocked punt changed the momentum because I thought we were a little flat when the game first started. This is probably the second best game we've play (Florida State first), but we still have a long ways to go. We're still so paper thin at so many places. We had to shift a couple of guys around this week because of injuries. It's nice to be where we are right now, but we'll see another good quarterback next week (at Duke), and another after that and so on each week. Everybody is gunning for us every Saturday, so we'd better be ready.
