Coach Danny Ford of Clemson: I am extremely, extremely (Takes place of very, very) proud of this team. They came back after that first drive of West Virginia and settled down and played very well defensively.

I thought our coaches did quite a good job of preparing the team for the West Virginia offense. I thought we responded well after that first drive. We played against some awfully fine talent out there tonight. We played some of that "get-after type" of football. I thought we contained Major (Harris) pretty well as the game wore on. I think we made him have some nervous feet and we didn't allow him to use the sideline as well as he has in some games this year.

I was mighty pleased with our defense. We had to make some adjustments at halftime because our coaches did not think that that three-point lead would hold up. I told the team that we needed at least one more score.

(Chris) Gardocki was a big factor in our game plan and his kicking played an important role. He is a super talent and I'm just happy we have him for two more years. I wished he had made that 61-yard attempt to break the record, but we're just happy he's on our side.

(Chris) Morocco had one mis-read early and another mis-read late. But other than that, I thought he played great (NOTE: Just before the Joe Henderson touchdown Morocco had his bell rung and did not come out for any post-game interviews. Team physicians said he was suffering from a mild concussion, but nothing serious.

We're real happy with our win, especially for all of our fans who came so far to see us play. This group of seniors has won more ball games (38-8-2) than any senior group in history. That's something they'll cherish for a long time to come.

CLEMSON PLAYER QUOTES

Levon Kirkland "At the half, coach Ford was very positive with our ball club. He seemed very pleased with our effort, but he wanted to make sure that we did not let up in the second half. I think that the first five minutes in the second half were the most important. I am very excited about being named the most valuable player, but this is a team award and should go to everyone on our squad."

Chris Morocco "I think that we went out there and established the option, which is what we have tried to do every game this season. We stuck with it the entire game, even though they tried to take away our fullback and tailback and it opened the gate for me. I just tried to take advantage of that in the game. I think though that you have to give most of the credit to our defense. The fact that they contained Major Harris and they way that they did it was great. They put us into great position a lot of times.

"I think that our offensive line just controlled the line of scrimmage tonight. "

Otis Moore "The defensive line got together before the game tonight and said that we were going to do whatever it takes to get the win. We knew that Major Harris was a great player but all we wanted to do is try to contain him. I think our outside linebackers did a great job in doing that tonight."

Chris Gardocki "I just think that I was very lucky tonight with the way that the ball bounced. Scott Beville did a great job with his snaps and our line did a great job with their blocking. That enabled me to a lot of time and do what I am supposed to do out there."

COACHES QUOTES:

West Virginia Coach Don Nehlen:

Clemson is a very, very good football team. I thought our defense played really hard, but we missed a few tackles and assignments here and there. And then we we had the ball, they just ran us down. They hunted us. We knew they were quick, but we didn't think they were that quick. They're very good. They deserve to win -- a darn fine football team. They ran us down from behind and from everywhere else.

Our field position was so bad, it was hard to do some of the things we wanted to do. They're very basic; they really pound you, and they beat us in the trenches. I don't know if the word frustrating is it... I thought our defense did a pretty good job. If we don't drop the ball, then ...

(Will you be flying back with the team tomorrow?) Just because we lost, it doesn't mean they won't let me fly home with them. (What about the Wisconsin rumors?) Those are rumors.

PLAYER QUOTES:

Mike Fox (West Virginia MVP) : I try to do the best every time I play. They had a lot of speed. They ran well. Morocco is a good quarterback, but I thought we did a halfway decent job with him.

We try to get to the bowl and then we try to win it. Today we didn't.

Major Harris: Their entire secondary was quick. They played smart defense. They have a lot of speed. They beat us at every position. They're the best defense we've played all year. They're a smart defense; they'd give us the underneath stuff, but then if we don't hit it, they were right there.

Right now, I'm thinking about coming back. I haven't thought much about it yet. But maybe I won't want to go to another bowl because I keep on getting hurt. (Harris had his left elbow packed in ice from a hit, and his right elbow also iced from the bursitis condition.)

We just didn't play well enough tonight. They had a great scheme for us. I made some mistakes that hurt us.
