COACH KEN HATFIELD OF CLEMSON

I can't say enough about Dexter and the offensive line that was in front of him today. He did a tremendous job working at quarterback just three days (this week). We had him working the second team those three days. He only took three snaps with the first team all week.

The defense--what can you say? Virginia had one drive in the third quarter that got them back in the game. And that's the one that concerned me. But we never got our double down. We stopped them on that fourth down when they tried to go for it and then (Chris) Franklin got off that scoring run which really looked pretty in more ways than one.

This game meant a great deal to this team and to the university. It means we'll probably go bowling, but I'm sure that they will wait until we play South Carolina and Virginia meets Virginia Tech.. But we are going to enjoy this one tonight and start worrying about South Carolina tomorrow.

Dexter showed a good amount of courage and confidence. He didn't always make the right read, but as long as we didn't turn it over. The fullback sometimes gets lost in the shuffle and maybe doesn't get but a couple of yards. But you've kept their defense on the field a little longer. But the people (our offense) believe in Dexter when he came in there and the results showed.

coaches quotes

VIRGINIA COACH GEORGE WELSH

on Virginia's failed fourth and one: I asked the referee later why he didn't measure it and he said it was no question it was short. It looked like he (Way) was over the line

on punt late in game: No the game wasn't lost but if you don't get it there it's lost. I figured hopefully a punt and they didn't put anybody back and you get a long roll. With two timeouts, that definitely entered my mind thinking that we could get the clock stopped and get the ball back.

on stopping the Clemson run: We blew an assignment on the first touchdown. Then we blitzed the one time and the guy that was supposed to take the fullback did not. For two years in a row we have done those kinds of things against Clemson.

Our offense had a bad beginning and we just can't afford that. The defense is hanging on then, even though we survived that.

Today I don't think the pass protection was ~~that~~ good enough for him. We haven't had to scramble like that. It's ~~nothing~~ nothing I can put my finger on

On McCleon's play: I didn't know what to expect. I didn't know if he would play or not. I think what we did in practice was right though. When they put McCleon in, to me it was going to be an option offense from the wishbone. We practiced against it. He got outside on a couple of boot passes and made first downs.
