## Clemson Coach Tommy West

"We got to make up our mind on what kind of team we want to be. I don't think we threw the ball well and overall offensively, we never got anything going the whole day. We got to improve in every phase of the game and we will. We got beat in every phase of the game today. I thought the defense played well in the first half and we got caught up in a blitz on Johnson's long run. Defensively, otherwise, I thought we played well — especially in the first half. We had a few passes that were just a few inches too long and we had that long kickoff run that was called back which also hurt. I think we will find out next week on who wants to play and who doesn't."

## North Carolina Head Coach Mack Brown

"We're very excited about the win. But our players know we've got a lot of work to do the rest of the year. They understand the opening four games we've got. Going to Syracuse next week will be a very hard game for us. They're excited but they also understand we've got a chance to have something special. They know what kind of team Clemson is, but they also know we've got a lot of work to do. I thought we played the best defense we've probably played. When you look at Priester, Emory Smith and Nealon Greene and what they did to us last year, I thought the defensive game play was great. Our guys played hard. Offensively, with the interception, and in the kicking, with the long kickoff return, we put our defense in a tough spot and they didn't care. They played like every play was critical. We played like a veteran defense although we only have two seniors in the starting lineup. I'm pleased with the way the two young cornerbacks played. They got tested. Clemson threw the ball deep on them. We knew that would be a critical component of our defensive scheme. But I was very pleased with what I saw on the field today.

"The kicking game is always so critical early. I thought our kickoff put the ball where we wanted it to be with Brian Schmitz putting one into the end zone on the opening kickoff. Some of our fans probably didn't think that was possible here, it's been so long since they've seen one kicked into the end zone. Chris Welch and Derrick DePriest were close to putting the ball in the end zone too. DePriest punted the ball well and we didn't have any trouble with our deep snappers. Josh McGee walked out under pressure for his field goal and came through. I felt really good about our kicking game except for the long kickoff return they squirted on us and the push in the back on our one punt return.

"If you compare this game to our opening game against another good one like Syracuse last year. We played well against Syracuse but this year we also played smarter in our opener. We didn't have the kicking game problems we had in the opener.

"Turnover differential is the difference in football games and we were plus three today, a big difference from how we started last year. Clemson is a lot better football team than the score indicated. We had a lot of good things happen for us today. There's a fine line between a 10-7 win and 45-0 win and it comes down sometimes to five or six plays and we had good things happen for us today which allowed us to break the game open in the third quarter.

"It's hard to single out individuals in a game like this. I thought Keldorf played well for an opening game and showed composure. Johnson was magnificent, doing so many different things for us. Stevens made big catches. Defensively, it's so hard to pick any one person but Simmons, Omar Brown and the two young corners all made big plays."
