COACH TOMMY WEST OF CLEMSON: We had a tremendous game with North Carolina, and our challenge to our defensive unit was to lay it on the line and I don't think we could have asked for a better effort.

We gave up the three long passes that killed us, but I thought our kids fought their guts out. I thought (Michael) Allen was in good position on those passes, but we've got to make that play.

We went up against a good defensive team, and they are very strong against the run because of the two corners. The corners are so strong that they put all of the people on the inside and try to create problems for you. We got some of it solved there in the third quarter -- we moved the ball on the ground some -- they team did everything we asked them to do. They played with their hearts, but we are disappointed and crushed that we lost the game.

I can't fault our team for their effort, the guts, their heart -- can't fault them on that count -- we gotta find a way to help them.

Coming in we thought we had to be balanced -- that we couldn't be one dimensional -- or they can kill you -- we tried to be balanced -- we tried to gap block them -- tried to push them down that way -- and tried to be somewhat unpredictable. If we had had Raymond (Priester), but Jarvis (Austin) hit the hold pretty good. You have to go right at them -- the sweeps usually haven't been good against them all year long -- you have to go right at them.

We certainly have our biggest game of the year (South Carolina) coming up -- but I want to emphasize again that we made the decision to punt because we wanted them to handle the ball again, we used our times out wisely, wanted to make them punt it and hope to have a chance to block it to get good field position and we did and then we couldn't score.

I thought the seniors deserved to wear the orange pants, they earned it and it was their last time here and that was our decision.

Check all boxes for any 3rd down changes. If so to see if I changed b/c of a 3rd conv. by penalty but that is not the case w/ stats.  $\therefore$  take away @ 1-1 on 3rd down conversions

ask Tim if 3rd + 2, player roster for # yards to 32 + fumbles, does team get credit of 0-1 or 1-1 on 3rd down conversion
