GEORGIA TECH HEAD COACH GEORGE O'LEARY

“Another great Clemson-Georgia Tech game. Give credit to Clemson, especially Woodrow Dantzler, because they played exceptionally. Defensively we missed way too many tackles, but give credit to Clemson because they made plays when they had to make them. Offensively we gave ourselves a chance to win in and a chance to get it to overtime, but defensively we weren't very sharp and gave them too much hidden yardage. But again give credit to Clemson because they made plays when they had to make them.

“I thought we were a little lethargic out there on defense. Not in terms of effort, but in terms of quickness. It look like we were grabbing at air all the time instead of moving our feet. But take nothing away from Clemson.

[Last play] “We just didn't have people inside getting enough off blocks to make the tackle. When you have enough people in the box, somebody has to make the play; Dantzler did make the play.

[How much did you consider going for it on fourth down in OT] “A lot. If it had been less than a yard, we probably would have gone for it because I didn't feel comfortable stopping them. But I didn't want to give them a chance to win it by just kicking a field goal. But I really thought we would need seven.

Head Coach Tommy Bowden

“Let me say that that is probably the biggest road win for Clemson in 20 years. That was a big win for this team as far as making a statement.”

“It was a big win. A win in the conference is always a big win. But the people back home will get a blast out of this.”

“The players are a fine set of players. They are going to take a stand This is more-so the players than the coaches although I thought the coaches did a good job of preparation.”

About Dantler going into the endzone on the last play:

“It was a great feeling. I was happy for Woody. He had turned the ball over in first series then he put his game face on and raised his level of play the remainder of the game.”

On the defense taking the field first in overtime:

“I think it helps when you put your defense on the field first because it lets you know whether you need a field goal or touchdown to win the game.”

On the quarterback draw in Overtime:

“We had a run-check-pass. Woody made a great run. You can't say enough about the offensive line on that play.”

“I wasn't sure how this team would respond after losing last week. This is a defining game that makes a statement about this team and your ability to draw some strength from within. The players are the ones that have to respond, not the coaches.”

“We didn't change anything offensively in the second half, other than penalties, we kept putting ourselves in third-and-long situations, which is very difficult to make against a good Georgia Tech team.”
