STATEMENT BY COACH FRANK HOWARD OF CLEMSON

Alabama has a heckuva ball club. They have ever more fine football team. I consider them one of the finest football teams I've ever seen, and that goes all the way back to my playing days.

I don't think we were quite as ready as we were last week (against Georgia Tech), but I don't know if it would have done much good had we been. Alabama has everything a good football ought to have.

I don't think Alabama looked as good against Ole Miss as they did against us. I'm very impressed with everything I saw in that crimson.

I don't think Alabama is as easy to play as Georgia Tech.

I'm hoping this game will do us some good because we have Duke next week and Southern Cal the next and then end up with five straight conference games. But we'll improve. We missed Raffner's blocking and running today, and we had a couple more buried up. But it wouldn't have done much good because Bear truly has a fine football team and I wish him well the rest of the year.

Coach Bear Bryant:

We were most happy to get out front early where we could play a lot of boys and see what they could do, especially some at new positions to them.

Before the game I would have settled for one point. I think maybe Clemson was down some after last week.

The most outstanding part of our game was our punt coverage. And we moved the ball on the ground today, which we didn't do in our first two games. Stabler was outstanding again and Homan and Perkins gave Clemson so many problems it helped us in more ways than one.

We tried to keep out some of the boys who are hurt some. For that reason we didn't play Kelly in the second half and Dawdy only on that drive.

We didn't rush the passer well today but I give Clemson credit for that. And we were lucky they didn't go all the way on a couple of kickoff returns.

It was a help to get a chance to play all these kids and experiment a little in the second half at some different positions.

STATEMENT BY COACH FRANK HOWARD OF CLEMSON

Alabama has a heckuva ball club. They have some more fine football team. I consider them one of the finest football teams I've ever seen, and that goes all the way back to my playing days.

I don't think we were quite as ready as we were last week (against Georgia Tech), but I don't know if it would have done much good had we been. Alabama has everything a good football ought to have.

I don't think Alabama looked as good against Ole Miss as they did against us. I'm very impressed with everything I saw in that crimson.

I don't think Alabama is as easy to play as Georgia Tech.

I'm hoping this game will do us some good because we have Duke next week and Southern Cal the next and then end up with five straight conference games. But we'll improve. We missed Ruffner's blocking and running today, and we had a couple more buried up. But it wouldn't have done much good because Bear truly has a fine football team and I wish him well the rest of the year.

Coach Bear Bryant:

We were most happy to get out front early where we could play a lot of boys and see what they could do, especially some at new positions to them.

Before the game /I would have settled for one point. I think maybe Clemson was down some after last week.

The most outstanding part of our game was our punt coverage. And we moved the ball on the ground today, which we didn't do in our first /two games. Stabler was ; outstanding again and Homan and Perkins gave Clemson so many k problems it helped us in more ways than one.

We tried to keep out some of the boys I who are hurt some. /For that reason we didn't play Kelly in the second half and Dowdy only on that drive.

We didn't rush the passer well today /but I give Clemson credit for that. And we were lucky k they didn't go all the way on a couple of kickoff returns.

It was a help to get a chance / to play all these k-folks and experiment a little in the second half at some /different positions.
