USC DRESSING ROOM

John McKay, Head Coach

"We were good enough to win. I think it was our best overall defensive game of the season. May played very well at defensive end, but we have played good defense as a team all year. Clemson did block us well on pass protection. We thought we'd be able to get to (Jimmy) Addison more.

"Clemson is big and strong but not real quick. They did make us work a long time for scores. The difference was they couldn't move the ball, and we had it so darn much. We had planned to run wide on them.

"All of our quarterbacks did well. Winslow is the steadiest, though, and it's easier for Page or Jogge to look good because they come in later.

"Sherman has had ^{NEEDED} nothing but good games all year, but this was his best. We ~~didn't~~ a lot of help from him because (Don) McCall was hurt and didn't play. Drake continued to catch well, but he's helped by having Sherman on the same side most of the time.

"We don't try to make 2-point conversions. We just try to go for them."

USC vs. Clemson

CLEMSON DRESSING ROOM

Frank Howard, Clemson Coach:

"USC has great personnel. Their defense is not complicated, but there are good personnel at each position. The Trojans are very quick both offensively and defensively.

"USC is physically stronger than Alabama, but Alabama is just as quick. I would like to see the two teams play. The quality of Southern football is as good as they play anywhere.

"USC is very well coached and have ~~the~~ as good a personnel as I've seen. We thought we could run and pass on them, but we couldn't block them. I was very disappointed in our team's play."

USC DRESSING ROOM

John McKay, Head Coach

"We were good enough to win. I think it was our best overall defensive game of the season. May played very well at defensive end, but we have played good defense as a team all year. Clemson did block us well on pass protection. We thought we'd be able to get to (Jimmy) Addison more.

"Clemson is big and strong but not real quick. They did make us work a long time for scores. The difference was they couldn't move the ball, and we had it so darn much. We had planned to run wide on them.

"All of our quarterbacks did well. Winslow is the steadiest, though, and it's easier for Page or Sogge to look good because they come in later.

"Sherman has had ^{NEEDED} nothing but good games all year, but this was his best. We ~~didn't~~ a lot of help from him because (Don) McCall was hurt and didn't play. Drake continued to catch well, but he's helped by having Sherman on the same side most of the time.

"We don't try to make 2-point conversions. We just try to go for them."

USC vs. Clemson

CLEMSON DRESSING ROOM

Frank Howard, Clemson Coach:

"USC has great personnel. Their defense is not complicated, but there are good personnel at each position. The Trojans are very quick both offensively and defensively.

"USC is physically stronger than Alabama, but Alabama is just as quick. I would like to see the two teams play. The quality of Southern football is as good as they play anywhere.

"USC is very well coached and have ~~the~~ as good a personnel as I've seen. We thought we could run and pass on them, but we couldn't block them. I was very disappointed in our team's play."
