Coach Frank Howard on Clemson-N.C. State game:

"We were real happy to win this one. I just hope we didn't knock them out of a bowl. I didn't get to see Coach Edwards after the game due to the big crowd on the field, but I thought his boys looked pretty good. We just looked better."

"On that play when Gore caught the touchdown pass, he simply outran the linebacker who was supposed to be covering him. We've used that play ~~before~~ before, but the other teams had linebackers who could keep up with Gore. That time he had it all to himself."

"I was real proud of my defense. They just looked sharp out there today. You don't realize how much it means for a defense to be sharp. You can have all the good athletes in the world on a team, but if they aren't sharp they'll get whipped. And my offense looked pretty good. But I wish they could have scored more. They sure had enough chances to score. If the wind hadn't been blowing, we would have thrown more."

"I was surprised that ~~State~~ State ~~was~~ elected to receive second half. I thought old Earle would kick since the wind was blowing the way it was. I'm sure glad he did receiver. That helped our passing game in the third quarter and I knew that if ~~we~~ we were going to win it, it would have to be in the third period."

"I hope State gets a bowl bid and I'm ready to take my boys down to Columbia. That should be a real good game next week."

EARLE EDWARDS, POST-GAME QUOTES

"They just beat us.

"We knew what was at stake. They outplayed us and beat us around up front. We played a good bit of defense again today. We haven't scored a touchdown in two weeks and you don't win that way.

Clemson played well and ran real hard. They apparently blocked well. We have been proud of this team. They have had a good season. We are disappointed at the finish. They were better sometimes than we expected and had some good games. We had a few thrills along the way, but this was not a way to end it.

The wind factor was about even. They ran the ball well ~~ex~~ against the wind. We didn't wehn we had it.

We were in a defense that put a linebacker on that boy on their Touchdown and he couldn't keep up with him.

Their passes were helpful to them on their Touchdowns.

Asked about bowl possibilities: "Lots of team might have 8-2 records, but they lose along the way. Anything could happen, though, there are some teams with the possibility of having 8-2 records that have some tough ones to go.

Coach Frank Howard on Clemson-N.C. State game:

"We were real happy to win this one. I just hope we didn't knock them out of a bowl. I didn't get to see Coach Edwards after the game due to the big crowd on the field, but I thought his boys looked pretty good. We just looked better."

"On that play when Gore caught the touchdown pass, he simply outran the linebacker who was supposed to be covering him. We've used that play ~~before~~ before, but the other teams had linebackers who could keep up with Gore. That time he had it all to himself."

"I was real proud of my defense. They just looked sharp out there today. You don't realize how much it means for a defense to be sharp. You can have all the good athletes in the world on a team, but if they aren't sharp they'll get whipped. And my offense looked pretty good. But I wish they could have scored more. They sure had enough chances to score. If the wind hadn't been blowing, we would have thrown more."

"I was surprised that ~~State~~ State ~~was~~ elected to receive second half. I thought old Earle would kick since the wind was blowing the way it was. I'm sure glad he did receiver. That helped our passing game in the third quarter and I knew that if ~~we~~ we were going to win it, it would have to be in the third period."

"I hope State gets a bowl bid and I'm ready to take my boys down to Columbia. That should be a real good game next week."

EARLE EDWARDS, POST-GAME QUOTES

"They just beat us.

"We knew what was at stake. They outplayed us and beat us around up front. We played a good bit of defense again today. We haven't scored a touchdown in two weeks and you don't win that way.

Clemson played well and ran real hard. They apparently blocked well.

We have been proud of this team. They have had a good season. We are disappointed at the finish. They were better sometimes than we expected and had some good games. We had a few thrills along the way, but this was not a way to end it.

The wind factor was about even. They ran the ball well ~~xx~~ against the wind. We didn't wehn we had it.

We were in a defense that put a linebacker on that boy on their Touchdown and he couldn't keep up with him.

Their passes were helpful to them on their Touchdowns.

Asked about bowl possibilities: "Lots of team might have 8-2 records, but they lose along the way. Anything could happen, though, there are some teams with the possibility of having 8-2 records that have some tough ones to go.
