COACHES' QUOTES----

DUKE COACH TOM HARP

"We came back in the second half and did the job it took to win the game. When you come to Death Valley you expect the Tigers to be fired up and they were today. Their defense was improved because they didn't give up the big play and we had to work for everything we got. In the second half we decided to run the counter more and this made our running game more effective. They put as much pressure on us throwing as anybody we have faced, but our defense shut them out in the second half. We were very grateful for the win, it's our first win for me down here and the second ever for Duke. We moved Chesson around on offense to different positions to hide him, and it worked. We came out throwing in the beginning, trying to ~~loosen~~ loosen Clemson up. Leo did a good job picking the gaps in their zone. Leo does as good a job of any quarterback in the nation. The fumble-lateral was the big play of the game and it changed the tempo of the contest. Once again, Jones proved his outstanding ability. His touchdown run on the pass from Leo was as determined effort you'll see.

CLEMSON COACH HOOTIE INGRAM

This is the first week since the Georgia Tech game that we've shown any improvement. I believe we're together more than we've been all season.

I thought the defense adjusted well for as many things as Duke did. We had a hard time containing their power.

This team has a lot of character. It's a young team and the things we're doing are going to pay off for us and we'll be up there pretty soon.

Gilstrap is a good all round athlete and can play several positions. But we've hesitated putting him at a running back because of our quarterback situation. But now we feel that Don Wiggins is a capable backup quarterback for Kendrick and we hope to use Ricky at a running back from now on out.

I think Yauger is the most courageous player in the United States. The way we had to tape him probably hampered him more running and cutting than his injury.

We had some good drives today -- some didn't result in a score, but I like the improvement I saw.

We have got a good secondary. With two juniors and two sophomores back there, they got stung some during the early part of the season, but we can't falter their play. Kelley is as good an athlete as you will want.

COACHES QUOTES---

DUKE COACH TOM HARP

"We came back in the second half and did the job it took to win the game. When you come to Death Valley you expect the Tigers to be fired up and they were today. Their defense was improved because they didn't give up the big play and we had to work for everything we got. In the second half we decided to run the counter more and this made our running game more effective. They put as much pressure on us throwing as anybody we have faced, but our defense shut them out in the second half. We were very grateful for the win, its our first win for me down here and the second ever for Duke. We moved Chesson around on offense to different positions to hide him, and it worked. We came out throwing in the beginning, trying to ~~loosen~~ loosen Clemson up. Leo did a good job picking the gaps in their zone. Leo does as good a job of any quarterback in the nation. The fumble-lateral was the big play of the game and it changed the tempo of the contest. Once again, Jones proved his outstanding ability. His touchdown run on the pass from Leo was as determined effort you'll see."

CLEMSON COACH HOOTIE INGRAM

This is the first week since the Georgia Tech game that we've shown any improvement. I believe we're together more than we've been all season.

I thought the defense adjusted well for as many things as Duke did. We had a hard time containing their power.

This team has a lot of character. It's a young team and the things we're doing are going to pay off for us and we'll be up there pretty soon.

Gilstrap is a good all round athlete and can play several positions. But we've hesitated putting him at a running back because of our quarterback situation. But now we feel that Don Wiggins is a capable backup quarterback for Kendrick and we hope to use Ricky at a running back from now on out.

I think Yauger is the most courageous player in the United States. The way we had to tape him probably hampered him more running and cutting than his injury.

We had some good drives today -- some didn't result in a score, but I like the improvement I saw.

We have got a good secondary. With two juniors and two sophomores back there, they got stung some during the early part of the season, but we can't falter their play. Kelley is as good an athlete as you will want.
