Coach Blackburn: There's no way you can explain away defeat. On that pass that put us 10 down, somebody was helping someone out there. I'm real proud of my kids. We never gave up. I compliment the Clemson football team. They did a real good job.

Field position is football and we couldn't establish it in the third quarter. I didn't pass until late in the third quarter because I didn't want to take the chance of giving them a cheap score. We couldn't get out of the hole, and it eventually cost us. We were trying to get our regulars out in the first half to rest them and I think we did a pretty good job. But the defense went most of the way with the regulars.

If you've never been licked, you've never been in a ~~raz~~ fight.

I can't compare Clemson and V.P.L. because they play to different styles. But Clemson didn't surprise us. They played hard-nosed aggressive football as did our kids.

We don't make excuses when we lose a football game.

They were a better football team today.

Coach Ingram:

We didn't look like much in the ~~first~~ first half, but we got together at halftime and came back ~~real~~ real strong. That group played a heck of a second half. They showed a lot of character.

I'm real proud the way our offense came back on their defense.

I can't say enough for ~~my~~ <sup>our</sup> student body either. They backed that defense in the ~~first~~ first half when they didn't look too good but they really got behind them in the second half.

I'll take the blame for those delay of game penalties. We were trying to get two subs in on almost every play because of the weather conditions and keep some of the boys rested. We were sending in the subs a little late and I'll take complete blame for that.

In the first half we were ~~using~~ using an unbalanced defense and they were hurting us coming out the back door. In the second half we ran from a balanced defense. Also, in the first half, we used ~~about~~ six different defenses and in the last half we only used three.

Best thing that happened today was the second team offense came in several times in the first half and gave the first unit a rest. I believe the Virginia first offense played the entire first half. We don't have that many men to go that ~~deep~~ deep, but we told them to just go in there and not lose field position. That really gave the first team a lift.

Yauger played a heck of a game -- covering punts -- blocking and running.

We had our back to the wall, but we accepted the challenge. It gives you hope that they aren't going to call it quits at anytime.
