STATEMENT BY COACH HOOTIE INGRAM

This is a different crowd this year. We have some boys who want to play. We are going to have a football team sooner or later this season. We're not going to bury our heads, and we're going to take full advantage of this open date.

These kids know what sacrifice is. I'm proud the way they played. They made some mistakes and the coaches made some mistakes.

But we're going to grade the film real close and there's going to be some moving. I just hope that the boys who move down will show us what they're made of and move back up. It'll be up to the ones who are moved up to show that they can hold their position.

We got some real critical penalties and I thought the one that hurt the most was when we punted, caused a fumble and recovered it, only to have an official come up and say there was holding back up field after the referee had already signaled a first down for us.

(Wayne) Baker played a great game -- no doubt the best of his career. Hafner also played good, and I don't think enough credit can be given to Ben Anderson.

tickled to death  
What I'm really ~~tickled to death~~ about is that our defense didn't give up a touchdown.

We were struggling for something good to happen to us. I thought the offense (1st team) looked sluggish in the first half. They weren't getting ~~up~~ up after the play was over and just didn't move like we thought they would.

But we have 10 more games to go. I'm happy we have this open date. ~~It~~ I think it will benefit us greatly.

STATEMENT BY COACH HOOTIE INGRAM

This is a different crowd this year. We have some boys who want to play. We are going to have a football team sooner or later this season. We're not going to bury our heads, and we're going to take full advantage of this open date.

These kids know what sacrifice is. I'm proud the way they played. They made some mistakes and the coaches made some mistakes.

But we're going to grade the film real close and there's going to be some moving. I just hope that the boys who move down will show us what they're made of and move back up. It'll be up to the ones who are moved up to show that they can hold their position.

We got some real critical penalties and I thought the one that hurt the most was when we punted, caused a fumble and recovered it, only to have an official come up and say there was holding back up field after the referee had already signaled a first down for us.

(Wayne) Baker played a great game -- no doubt the best of his career. Hafner also played good, and I don't think enough credit can be given to Ben Anderson.

What I'm really ~~tickled to death~~ <sup>tickled to death</sup> about is that our defense didn't give up a touchdown.

We were struggling for something good to happen to us. I thought the offense (1st team) looked sluggish in the first half. They weren't getting up after the play was over and just didn't move like we thought they would.

But we have 10 more games to go. I'm happy we have this open date. ~~It's~~ I think it will benefit us greatly.
