QUOTES FROM DUKE COACH MIKE McGEE

"Our hats are off to Clemson. They played extremely well. I don't want to take anything away from their win and talk about our mistakes. When they had to make critical yardage they did, we didn't and you see the results of the game. Our defense held them to three points. I'm not happy about anything, but normally when you hold a team to three points that's enough to win.

(Asked about problems to Duke offensive backs that have been injured)

"Everyone knows our injury problems and we don't need to say anymore. I don't want to take anything away from Clemson's victory. We worked Rich Searl at tailback this week to give us insurance. (Asked about why Duke did not go for the Field goal) Wright sprained his kicking foot ankle this week and that is the reason he did not kick. Under normal circumstances we would have kicked.

QUOTES FROM CLEMSON COACH HOOTIE INGRAM

This is the first time this year that no one has gotten a quick score on us. And I want to say this about Duke right off the bat--Duke is the most courageous team I've ever seen or played against. They've had a lot of boys hurt and have had to pull double duty and they have done it.

We decided the middle of the week that we'd run more of the wishbone and try to control the ball. Duke's four opponents have turned the ball over 19 times in the first four games, and we knew we couldn't do this and expect to keep them from scoring.

Up In the first three games, we only had three plays off the wishbone, but we put that counter in this week off it, and it was awfully good to us.

I thought our defense played a great game, but the offense controlled the football, and that's something we haven't been doing.

I don't want to single out anybody on the defensive team, we'll have to wait for the movies. But somebody in that middle was doing their job.
