## COACHES QUOTES

Coach Hootie Ingram: We play a fine football team today. <sup>h</sup>They were well prepared and possibly I did a bad job preparing our team for the game. We didn't contain their quarterback and we knew we had to do that to win the game. Miller had has good quickness, and ~~is~~ I can't fault any of my players on what happened today.

The ACC championship really wasn't on my mind before the game. We're trying to get ready from week to week and to us, it's a championship every week. What I want more is a winning team where we can be called true champions.

I thought our defense did a good job keeping the score to 13-0 at halftime. But they played tougher than we did.

We thought we could throw a few things on them, but their pass defense is not as bad as you might think.

I am proud of my team for the way they came back in the second half. Things might have been different had it not been for that blocked punt. I can't say if it was a low snap or a fumbled snap. But we had a good second half and I think Ken Pengitore showed the best judgement he has used this year.

Coach Bill Doobey: For several weeks, we haven't been able to put it together offensively and defensively. But today we did. I thought we played a fine overall game against a good team.

I can't say enough about Lewis Jolley. We decided to move him to tailback because he gives us more speed outside at that position. He came through with over 100 yards rushing. He is a complete player, one of the best in our conference.

Hamlin ran well and of course Miller was great as usual. He doesn't look so good doing some things. But he's a winner. He's the best quarterback in the ACC.

It's unusual that Brafford should score a touchdown against Clemson for the second straight year. Bill led our defense today along with Ricky Packard. That Packard is really something. Gosh, he came up with some big plays.

Clemson has shown improvement every week. They are tough defensively and very well-coached. We're happy to win this important conference game.

The kicking game was a big factor in the outcome. Craven had a big day with the four field goals. That breaks the Carolina record for a single game. And Vidnovic kept Clemson backed up with his punting. In the first half especially, Clemson had a long way to go every time they got the ball.

We cost ourselves a possible two touchdowns with delay penalties and one time it was my fault. I take the blame for that. I don't think we have every had so many problems with substitutions. That is something we've got to straighten out. We might have held Clemson on their first drive if we hadn't make the mistake of having too many men on the field.
