END OF THE GAME: Clemson 13, The Citadel 0

Statement by Coach Hootie Ingram of Clemson

I though we moved the ball better offensively and had a more variety than at any other time since I've been here.

There was no way before the game that I thought we'd shut them out. I thought we did a goo job putting pressure on Lynch when it counted. But when we didn't, he showed what he could do.

This is the best fir^st game tackling we've had, not only here, but several other places I've been. We also covered punts well. I think the two best tackles we had all day long ~~were~~ were on punts.

I don't think we looked as bad offensively in the second half as some people might think. We didn't do a lot of things in the second half we had planned to do because the defense was holding up good.

We didn't get a lot of foolish penalties; we tackled well and it was the little biddy things that stopped us offensively. It'll be more pleasant preparing for that second game with a win than it was last year (when Clemson lost the opener to Kentucky).

Citadel's defensive ends did a good job and that defensive tackle (Seabrooks) has had his two best games against us. I say that without grading the film, and I believe he had a better game today than two years ~~ago~~ ago. In fact, I know he did.

I thought Jay Washington did a super job running. He can go wide and he can also go up the middle. He's not always looking for that outside run. He also made one of those tackles I mentioned on punts. Goss made the other.

Coach Red Parker of The Citadel

Our receivers were probably the difference in the game. We played with some first year men and they just have to learn as we go along.

I thought Harry Lynch threw the football as well as he ever has.

Our offense will get better as the receivers gain experience.

Defense was a concern going into the game. However, I was pleased with their^e play. They made some mistakes, but showed promise.

Clemson is a much better team than the one we played two years ago.

Statement by Coach Hootie Ingram of Clemson

I though we moved the ball better offensively and had a more variety than at any other time since I've been here.

There was no way before the game that I thought we'd shut them out. I thought we did a goo job putting pressure on Lynch when it counted. But when we didn't, he showed what he could do.

This is the best fir^s game tackling we've had, not only here, but several other places I've been. We also covered punts well. I think the two best tackles we had all day long ~~were~~ were on punts.

I don't think we looked as bad offensively in the second half as some people might think. We didn't do a lot of things in the second half we had planned to do because the defense was holding up good.

We didn't get a lot of foolish penalties; we tackled well and it was the little biddy things that stopped us offensively. It'll be more pleasant preparing for that second game with a win than it was last year (when Clemson lost the opener to Kentucky).

Citadel's defensive ends did a good job and that defensive tackle (Seabrooks) has had his two best games against us. I say that without grading the film, and I believe he had a better game today than two years ~~ago~~ ago. In fact, I know he did.

I thought Jay Washington did a super job running. He can go wide and he can also go up the middle. He's not always looking for that outside run. He also made one of those tackles I mentioned on punts. Goss made the other.

Coach Red Parker of The Citadel

Our receivers were probably the difference in the game. We played with some first year men and they just have to learn as we go along.

I thought Harry Lynch threw the football as well as he ever has.

Our offense will get better as the receivers gain experience.

Defense was a concern going into the game. However, I was pleased with th^eir play. They made some mistakes, but showed promise.

Clemson is a much better team than the one we played two years ago.
