COACHES" QUOTES

Coach Tom Harper (Wake Forest) -- "I'm disappointed in myself in everything. And I guess there are quite a few other people who are disappointed. I didn't expect us to play that way. I didn't expect what I saw.

"I've never been in a position like this before. We're a young team there's no doubt about that. But I don't want to make any excuses. I get tired of saying the same old stuff, but we've got to put it across the goal line.

"I don't think anyone wants to win anymore than our kids. They've worked too hard ~~in~~ not to be rewarded. It's easy to say that a large porition of them have never played, but again I don't want to make in excuses and hide behind any thing.

We knew Clemson was a big, strong team, but we thought we could play with them. You can't take anything away from Clemson. They came in here and went about their business and t did a good job. They didn't show us anything we didn't expect. They were intelligent enough to take the out route on their passing attack. We are so scared of getting beat deep and they knew to pick on the corners with the out route.

"When we missed getting anything out of the fumble recovery in the first quarter, it really hurt. It was the same way it's been before we've had scoring ~~opportin~~ opportunities and just haven't taken advantage of them."

Coach Hootie Ingram (Clemson): This is the first time this year we have played four full quarters. We came close last week against Virginia, but they pushed over ~~twixra~~ two quick third period scores, but today our defensive team did a great job.

I am well pleased with the way the entire team played. Wake is extremely tough inside and that was the thing that concerned us the most this week.

We didn't do anything different in our passing this week. It just seemed to click today. The offensive team was a little leary at first about the wide plays, because of the weather, but we had to go outside some because of those big boys Wake has in the middle. We had played some poor goal line defnese this year, but our goal line stands today should give the defensive team encouragement.

We played a lot of people today. In fact, we played everybody except the boys we're redshirting. Hughes had a good day, but he has been our most consistent football player all year. Not only is he a good runner, but he also blocks well and is a good pass receiver. I was glad to see Washington break one to the outside. He has been hurt and is just now rounding back into shape. But his speed is something we need. I just can't have enough praise for our offensive team the last two games. They have done an outstanding job moving the football.

COACHES' QUOTES

Coach Tom Harper (Wake Forest) -- "I'm disappointed in myself in everything. And I guess there are quite a few other people who are disappointed. I didn't expect us to play that way. I didn't expect what I saw.

"I've never been in a position like this before. We're a young team there's no doubt about that. But I don't want to make any excuses. I get tired of saying the same old stuff, but we've got to put it across the goal line.

"I don't think anyone wants to win anymore than our kids. They've worked too hard ~~in~~ not to be rewarded. It's easy to say that a large porition of them have never played, but again I don't want to make in excuses and hide behind any thing.

We knew Clemson was a big, strong team, but we thought we could play with them. You can't take anything away from Clemson. They came in here and went about their business and ^t did a good job. They didn't show us anything we didn't expect. They were intelligent enough to take the out route on their passing attack. We are so scared of getting beat deep and they knew to pick on the corners with the out route.

"When we missed getting anything out of the fumble recovery in the first quarter, it really hurt. It was the same way it's been before we've had scoring ~~opportunities~~ opportunities and just haven't taken advantage of them."

Coach Hootie Ingram (Clemson): This is the first time this year we have played four full quarters. We came close last week against Virginia, but they pushed over ~~two~~ two quick third period scores, but today our defensive team did a great job.

I am well pleased with the way the entire team played. Wake is extremely tough inside and that was the thing that concerned us the most this week.

We didn't do anything different in our passing this week. It just seemed to click today. The offensive team was a little leary at first about the wide plays, because of the weather, but we had to go outside some because of those big boys Wake has in the middle. We had played some poor goal line defnese this year, but our goal line stands today should give the defensive team encouragement.

We played a lot of people today. In fact, we played everybody except the boys we're redshirting. Hughes had a good day, but he has been our most consistent football player all year. Not only is he a good runner, but he also blocks well and it a good pass receiver. ~~■~~ I was glad to see Washington break one to the outside. He has been hurt and is just now rounding back into shape. But his speed is something we need. I just can't have enough praise for our offensive team the last two games. They have done an outstanding job moving the ~~■~~ football.
