COACHES' QUOTES

Coach Hootie Ingram of Clemson: Maryland gave us a good lesson on how the game should be played. Jerry took over up here in a difficult situation, but his team has been improving each week. Jerry did a better job preparing his team than I did and I'm the first ~~me~~ to take the blame.

I don't know if the North Carolina did that much to us. I thought up to last week we had been improving each game, but we went the other ~~axi~~ way today.

My first evaluation of the game is that they wanted to play more than we did. We were very lackadaisical during practice. I was worried during the week, it worried me yesterday and it worried me before the game.

We did a poor job playing the first half. I thought we came back out wanting to play.

On their first touchdown, we had three or four missed tackles. I don't recall us missing tackles like that this year as we did today.

We have two games to play (N. C. State and South Carolina) and the coaching staff is dedicating itself to go all out to win these two. I told the squad members if they didn't want ~~x~~ to do the same that we didn't want them at the meeting Sunday afternoon. We want to ~~let~~ get the ~~ya~~ boys together who are ready to get with it.

As far as putting together a full game, we probably ~~probably~~ had a better effort today than we have had all year.

We knew that they threw a lot of sideline patterns and a lot of curls. Our plan was to put pressure on their passer to take those plays away from them. Pengitore did a good job of throwing the ball and he hurt us on some occasions, but we threw him for enough losses and hurried him often enough to make the difference.

Our defensive line did a great job. Paul Vellano had a heck of a game and he deserved the trophy.

On offense we felt that we had to control the ball to take the pressure off of our defense. I thought we did a good job of controlling the line of scrimmage. Our line must have ~~done~~ done some job because the runners had some tremendous holes.

Seymore and Franklin ran well I thought and Hughes turned in some real big plays in crucial situations. Avellini's two carries were his own calls. No one else knew that he would keep the ball. Their end was really crashing when we ran away from him and we told Bob that when it was there he should take it.

The kicking game was tremendous today. Steve Mike-Mayer did a good job and the returns got us out of some holes and gave us good scoring opportunities. Mike-Mayer got me out of a hole on the extra point. We were going to go for two and I had the referee line the ball up on the hashmark. Steve did a good job of getting the ball through and then made it a second time when we had 12 men on the field.

Our running was more diversified because we went to the three back offense and that allows a lot more counter faking. That was a big part of our rushing effectiveness.
