END OF GAME: CLEMSON 32, VIRGINIA 27

Coach Don Lawrence---Virginia

We beat ourselves.

We just didn't move the football in the second half. If we move it, we win. It's as simple as that.

It's a tough loss. You hate to beat yourself.

I think the turning point of the game for us was the interference call on Sroba. From where I sat I thought the ball was past the receiver when contact was initiated.

Mr We have to be disappointed when we played so hard.

Coach Red Parker --Clemson

I thought our defense played so good in the second half, and then to have that touch-down scored on that fumbled punt which went into the end zone, ~~in~~ which made it twice as tough on our offense to have to come back and score twice.

Unless somebody thinks I'm crazy, Tynar was supposed to take a safety on that last play. I called time out and personally told him myself. When he got the ball and started running in there, I thought he was doing ~~me~~ a beautiful job. And all of a sudden, bang, he's out of the end zone. I liked to have had a heart attack. Both of us are still in shock.

I thought Virginia did a ~~super~~ super job moving the ball on us in the first half, and I don't think ~~our~~ our defense thought they could move the ball on us like that. But they are a well drilled team and have some mighty fine athletes. They have a great offense.

We had hoped to keep Merritt from ~~me~~ breaking a long one on us, but you can't hold those good ones down.

¶ We thought we made some real good defensive adjustments at halftime and they didn't score on our defense in the second half.

Fengitore had a super great game. I'm real happy for him because he's had a lot of criticism since he's been here.

This is a win our team needed real bad. We haven't had anything good happen to us this year yet.
