BILL DOOLEY, Virginia Tech: "I was proud of the way our football team came back in the second half. We had our chances to win it and just didn't. I do want to say that the officiating certainly left something to be desired. That's just not football--that call that went against us on the goal. I've had that happen to me before down here and it's just not right.

Clemson certainly is a fine team. I congratulate Danny Ford and his players.

We had a poor first half. We didn't give Steve Casey much protection and we dropped some passes and just didn't execute well. But we stuck in there and did a good job in the second half.

Losing Cyrus Lawrence was a blow to our offense. He's a fine tailback. But I thought Johnnie Edmonds came in and did a good job. We had a lot of individuals who really played well.

We never gave a thought to going for a field goal to get a tie. We don't play to tie. We play to win. On our fourth down pass, it appeared that we had a receiver open for a moment. But Clemson made a good ~~defensive~~ defensive play and tipped the ball away.

It was a tough loss for us. We've just have to ~~xxx~~ regroup and come back. I think we are a good football team and will do it.

DANNY FORD, Clemson: We did play some defense today, but we have got to get some killer instinct.

I thought Virginia Tech would die on ~~x~~ us, but great coaching and the will to win kept them coming back and coming back. Virginia Tech did an outstanding job and Coach Dooley is to be commended. I'm sure losing his tailback hurt, but we all have to go through that sometime or another.

We made too many mistakes when ~~we~~ we could have put it out of reach. But our defense staying in there. Looks like we learn new ways every quarter to let people off the hook. If we can get a little of that killer instinct, we'll be a better team. We are not going to beat anybody by a lot of points without that killer instinct.

I'm tickled to death in everyone of our players. We didn't get outside two days this week because of rain and the mother of our offensive line coach (Larry Van Der Heyden) died yesterday.

I think they took advantage of the crowd noise, but a few times maybe it was too loud.

We got too conservative in the fourth quarter, and we made three critical mistakes on that last possession. Believe we made every mistake possible in the third and fourth quarter. I'm saying this without ~~xxxx~~ having seen the film, but I believe every mistake we made in the last half was by a freshman. But I'm not going to fault them. They played for their lives. We'll take every win, no matter how it comes.
