QUOTES FROM DUKE COACH RED WILSON

" This is a great win for us that has been a long time coming. I feel very strongly that this is a beginning for us. Ben Bennett for a freshman has certainly come a long way. He is still only a freshman but he's already pretty good.

(On the passing game) Clemson is mighty good against the run. So why do what they do best. We try to do what we do best. We'll enjoy the victory tonight, but then we will have to get ready for a mighty fine Maryland team.

I think we have the best corps of receivers as a whole in the ACC. That's why we went to a one back offense for part of the game and inserted an extra wide receiver at slot back."

BEN BENNETT QUOTES

" The offensive line was a big key today. Any superlatives that you can use to describe them would be appropriate today. Clemson doesn't have a bad secondary. We were not trying to pick on any particular area I just threw to the open receivers. We didn't spend any extra time working on the passing game this week. What we worked on was winning. The desire is what won this game."

DENNIS TABRON QUOTES

(on the pass interception he returned for touchdown) " I was trying to read a short belt high pass, in the flat but it turned out as a high pass and the receiver was falling I just reached in and grabbed the ball and I had the sidelines clear"

COACH DANNY FORD OF CLEMSON

Duke did an outstanding job. Looks like they were a little hungrier than we were. We didn't do some things well, and it cost us. I don't think it was any one thing. One thing usually doesn't beat you.

Somebody asked Ford if Clemson was looking past Duke and he said "We aren't good enough to look past anybody. Guess we've been living on borrowed time. We probably tried to do too much, and that is my fault. I was hoping we were going to put everything together today because we had a good practice this week. After that first drive, I thought we had put it together, but then we started doing a lot of little things that keep you from winning.

Their quarterback did a great job. He made us look like we didn't know what we were doing at times. He was extremely good. Their offensive line must have done a good job for him.

You usually learn something from a loss and I hope we did today. I hope we can go from this point and be a football team.
