COACHES' QUOTES

BOBBY ROSS - We took a good old fashioned licking. We got beat. They are a good football team and beat us badly. It may seem funny to say it but two critical plays were (with the score 14-7) two straight dropped passes and one could have been a touchdown. They were two very big plays at that point. On the fumble they got penetration on the men up front and we did not get the handoff.

(in response to a question on ACC title) I think this does tarnish the title to some extent.

The tackling was atrocious. I am very disappointed in that. Defensively, in the last two games we have not played well.

I think some people played very hard. I know Boomer, Pete Koch and Willie Joyner played very hard. I will not know about some others until I look at the film.

We were under a lot of pressure. They had a good pass rush. You have to give them credit for that.

If we were not ready to play it is my fault. It is up to the head coach to get the team ready to ~~play~~ play. When you prepare for an 11 game season you have to be ready to ~~play~~ play for 11 weeks.

I was surprised offensively that they were as good as they are. I expected them to be good defensively.

DANNY FORD--

Coach Ford told the players in the dressing room: I've never been associated with a crowd like you. You've done so much this year, it's almost unbelievable. I don't know if we've every had a bunch like you. You've handled everything so great this year.

TO THE PRESS: It's great that our seniors went out in their last home game on such a positive note. This had to be one of our better games this year, although it got kinda draggy there in the last part of the third quarter and the first part of the fourth.

But even though we were playing so good, it didn't look like we could put them away like we should. Maryland has a much better ball club than they showed today, and Boomer is always dangerous. We gave them new life when we had that roughing the punter penalty and they started turning it around.

Eppley did a great job controlling the offense. If he's not the best quarterback in the conference and the player-of-the-year, then I'd like to know who is. Mack was just great. He's one of the most class people I've ever been associated with.

One thing that worried the first part of the year is that we (the coaches) didn't know if this team could handle things mentally. We knew they could physically if they put their minds to it. But you have to give this bunch a lot of credit. They just went out and did the job. Don't know if they can do any better than they did. We're still not consistent all the time and what we do still isn't pretty.

But we're 8-1-1 and have one more big one to go. We'll just have to wait and see how they do in that one (against South Carolina next Saturday) and then we'll be able to finish up the last chapter.
