COACHES' QUOTES

COACH DANNY FORD: A win is a win, is a win, is a win. You have to give Appalachian State a big A plus. If they had had some heat like we've had during fall practice and a little more depth, things might have been different. We got some key turnovers, but I don't think I've ever seen us miss as many tackles.

That 23 (John Settle) is a good runner. I'd hate to give them the ball at the 50 every time and have to stop him. I hope he's not hurt bad, because he's going to run over a lot of people this fall.

I really think we went into this game with the wrong mental approach. If that's a Top 10 football team you all saw out there today, then you all haven't seen much football. I don't think we had our minds on the game. We didn't appear to have a good game plan offensively or a good game plan defensively. If our mental attitude doesn't change before the next game, we'll be in a heap of trouble. If we don't get pumped up to play, we're just an average team,

On the plus side, I thought our kicking game was outstanding. Hatcher has got to be the best punter in the nation. With his hang time, he can keep any team backed up and not have many returned.

NOTE: Prior to coming into the interview room, Coach Ford presented the parents of Marvin Montgomery a game ball, a helmet and a jersey with the number he would have worn. Each Clemson helmet this year has a small tiger paw on the back with a "M" inside the paw. Montgomery, a freshman wide receiver, died from car injuries he received two weeks ago tonight. He was buried a week ago today and the funeral in Sumter was attended by the entire Clemson football team).

APPALACHIAN STATE HEAD COACH SPARKY WOODS

"I was disappointed in some of the mistakes we made...I thought we tried real hard...I thought our effort was good and I was impressed that they tried real hard because there were a couple times through the game that I was scared that they might see the writing on the wall, but I really don't feel that way...we talked about trying to gain respect coming into this game and were concerned with the effort of our players and I hoped that's what we accomplished today...my biggest disappointment is that we made some errors, both as players and coaches, but overall, I think we gave good effort ...I think Clemson is a great football team that did a good job and won the game decisively...but, at the same time they were very kind to us and I appreciate the way Coach Ford welcomed us here... I hope before next week we can iron out our mistakes...we did come to try to win the football game...had we come out to sit on the ball and keep the score down, we might have made the margin closer, but we came to try to win the game, trying to throw the ball, we wanted to score and then keep them from scoring and then we had some big gains against us because of some blitzing and some gambles we took defensively...overall, we had a pretty good kicking game and I was pleased with that...one of our concerns coming into the game was not losing players to injuries, and with a minor injury to Dave Skenandore (knee) and John Edmond (ankle), I think we came out pretty healthy, but I'll know more about that tomorrow...I think William Perry is a great player...he played guard and then they played him some at tackle...I wish they had played him at free safety, so we might have had some more success time-wise passing the ball...we didn't try to impress anybody by going to the shotgun, we did it to get away from Perry..."
