COACH DANNY FORD OF CLEMSON: I'm real proud of our football team. I feel real bad for our team to lose the game like they did. They gave up a couple big passes. Our offensive football team worked very hard against a very fine defensive football team.

Coach Ross and his people have an outstanding program. They have a class program. They have a class football team.

I feel real bad for our football team, for the effort they gave and not coming out any better. We didn't play a complete football game. We didn't play that well in the third quarter, but when they had field position and our defensive kept points off the board. I'm real discouraged at the way the football game came out for them.

For two weeks in a row now we've had two key calls. I don't mind a guy missing a judgment call. But there's no excuse when a clock and all you've got is one responsibility and that's to look at it and blow the whistle. ~~It's not a judgment call~~ If they cannot see a correct call when it's not judgment, and cannot do the job on the football field. If the supervisor of officials cannot get us good officials, then he owes an explanation to our football team. That (calling the clock) is not a judgment call. If I'm going to get beat, I want to get beat by Maryland.

We lost a lot on this football game today.

coach Bobby Ross of Maryland: This was one of the really great wins we have had in the four years I have been here.

Clemson played extremely well and extremely aggressive. With 1:52 left I went for the kick because I felt like we still had three time outs left. I still left if we played good defense and got the ball back we might get the ball around midfield and with three time outs left we would have time. When we got the ball back we were going for the win. When Ferrell (Edmunds) caught the ball in the end zone I turned away to get ready for the pat and did not see the rest of the play.

I think this was one of Stan's (Gelbaugh) better games but feel he has² played well all year. That little Dan Plocki has certainly helped turn our season around. I think he has won a scholarship. That is official. This game ~~is~~ worth a scholarship.

We ~~per~~ceived fir a kit of things Clemson did. They just did a good job. You have to give them credit. I didn't think we tackled well byt Flowers had something to do with that.
