STATEMENT BY COACH FRANK HOWARD:

Looks like we are a second half ball club. I don't think our club played anywhere near ~~their~~ its potential in the first two quarters, and at the beginning of the third quarter, it looked like we were going to be snake bit for the entire ball game. However, that long pass that White hit Jordan on kinda set 'em afire and we looked like a ball club the rest of the way. Despite the fact that the extra point was missed after that first score we really racked those final 17 or 18 minutes. Missing that extra point might have been a good thing because it ~~looked~~ appeared to make the comeback even stronger.

Our entire team looked like they didn't want to play ball in the first half, but the way the second half went, I can just about forget those first 30 minutes. We lost five fumbles I believe which is something unusual for this club. We had only lost four the first six games until today.

We are really looking forward to a rough game next week with Duke. After those two ties and a loss in a row, they should be about ready to bounce back.
